INSTRUCTIONS FOR ACCOUNTING AND BUDGET OFFICES
RELATED TO EXECUTING AND REPORTING
THE SECTION 3801 REDUCTION OF H.R. 2863

OMB, working with the Treasury Financial Management Service, has prepared the following instructions related to executing and reporting the section 3801 reduction of H.R. 2863.

What accounting event happened that must be acted on?

How much flexibility do I have in allocating the reduction?

The language says: "Any rescission made by subsection (a) shall be applied proportionately--

"(1) to each discretionary account and each item of budget authority described in such subsection; and

"(2) within each such account and item, to each program, project, and activity (with programs, projects, and activities as delineated in the appropriation Act or accompanying reports for the relevant fiscal year covering such account or item, or for accounts and items not included in appropriation Acts, as delineated in the most recently submitted President’s budget)."

What general rules do I apply in calculating the reduction?

Section 3801 (b) includes instructions on applying the reduction, which interact in various ways with the base appropriation language in the FY 2006 appropriation bills. Therefore, you should apply the following basic rules:

1. Scope of the Reduction. The reduction applies to all discretionary spending authority provided in the bill or in previous appropriations acts for fiscal year (FY) 2006:
   a. Discretionary authority. The across-the-board reduction only applies to discretionary amounts. It does not apply to mandatory amounts.
   b. Spending authority. The reduction applies to spending authority (i.e., budget authority, obligation limitations, and contract authority).
   c. Advance appropriations. The reduction applies to any advance appropriation for FY 2006 provided in any prior appropriations act, i.e., FY 2005 or prior appropriations acts. Advance appropriations for FY 2007 or future years provided in any FY 2006 appropriation act are not subject to the reduction.
2. **Offsetting Collections from Federal sources and the Public.** In general, the reduction applies to net positive spending authority. Therefore the reduction is not applied to spending authority from offsetting collections from Federal sources and the public provided by the bill. If the agency may spend certain offsetting collections without appropriations action, then those offsetting collections are not reduced.

3. **Unobligated balances.** The reduction does not apply against unobligated balances brought forward on October 1, 2005.

4. **Multiple Reductions.** If your account has more than one reduction on the amount newly appropriated, apply the reductions in the following sequence: (1) account-specific rescission, (2) agency-wide reduction, (3) appropriation act-wide reduction, and (4) government-wide reduction. For example, if an account has an account-specific rescission of $5M against new budget authority of $400M, subtract the $5M from the budget authority of $400M and then apply the next reduction to BA of $395M.

5. **Proportionate application.** The Act requires that the reductions be applied equally to each account and separately to each item. Then, within each account and each item, apply the rescission to each program, project, and activity subject to the rescission.

6. **Program, project, and activity (PPA).** PPAs have been interpreted as that level of appropriations detail specified:
   a. In the appropriation act or accompanying report, including earmarks and directives; or
   b. If the detail in (a) does not exist, in the program and financing schedule of the President’s Budget.

7. **Credit programs.** The reduction percentage is applied separately to the administrative expenses, the direct loan subsidy, and the guaranteed loan subsidy.

8. **Nonexpenditure transfers.** The across-the-board reduction is applied to the parent account that receives the appropriation and makes the transfer, not to the account that receives the transfer. This is a "pre-transfer" basis.

9. **Discretionary expenditure transfers from trust funds.** Where appropriate, the across-the-board reduction is applied against the trust fund making the payment, which then transfers the lower amount to the performing account(s).

10. **Permanent or temporary reductions.**
    a. For appropriations from the General Fund of the Treasury, the amounts rescinded by section 3801 (a) are permanent and returned to miscellaneous receipts in the Treasury.
    b. However, for special, trust, and revolving funds, the amounts are temporarily not available during this fiscal year. For special or trust fund expenditure accounts
associated with unavailable receipt accounts, the amounts rescinded are returned to the corresponding unavailable receipt accounts from which they can be subsequently appropriated. For special or trust fund expenditure accounts associated with available receipt accounts and revolving funds, the amounts rescinded stay in the fund but are not available for obligation in FY 2006.

11. **Rounding rules.** The reduction will be *taken in dollars*. However, for reporting purposes, the reductions may be rounded to thousands or millions, as appropriate. For example, the reductions will be *reported in whole dollars* on the Treasury warrants, which are issued in dollars. The reductions will be *rounded to millions* in the Program and Financing schedule, as required by OMB Circular No. A-11.

**In general, what must I do?**

When executing the reduction, ensure that you consistently report the reduction on the SF 132, SF 133, and the actual column of the FY 2006 Budget Program and Financing (P&F) schedule.

**Specifically, what must I do?**

1. **OMB Bulletin.** Respond to the OMB Bulletin. A copy of the enacted appropriations language and instructions for responding are contained in an attachment to the Bulletin.

2. **FMS 6200 Warrant.** Contact the Department of the Treasury's Financial Management Service (FMS) Budget Reports Division to request a negative FMS 6200 Warrant for affected accounts appropriated from the General Fund of the Treasury or associated with unavailable receipt accounts. You will need to know the amount and the TAFS (which includes the period of availability) to request a warrant. You can fax reduction requests to Treasury at 202-874-9944.

OMB will provide FMS with a list of accounts and reduction amounts that agencies provided to OMB. FMS will cross check warrant requests received from the agencies against this list, send any request that does not agree with this list to OMB, and not process the request until OMB approves the change. This process is consistent with last year.

3. **SF 132 Apportionment.** Prepare an SF 132 Apportionment with reduction amounts on the appropriate line number. For general funds or TAFS with contract authority, use line 6B "Enacted reductions (-)." For special trust, and revolving funds, use line 5 "Temporarily not available pursuant to Public Law 109-148". Refer to the Treasury Financial Manual, USSGL Supplement or consult your agency's USSGL representative to identify the specific U.S. Government Standard General Ledger account codes that provide the mechanism to either make the funds temporarily or permanently not available. See OMB Circular No. A-11, Appendix F for further guidance.

4. **U.S. Government Standard General Ledger (USSGL)/FACTS II.** Record the reduction using the appropriate USSGL account codes in your accounting system so that the proper amounts will be reported via FACTS II. FACTS II will then create the SF 133 and initial set of data for the P&F schedule. When reporting the reduction via FACTS II, use 109-148 for the Public Law number. For general funds appropriated from the General Fund of the Treasury or contract authority, use USSGL account 4392. For special or trust fund expenditure accounts related to
available receipt accounts and revolving funds, use USSGL account 4382. For special or trust fund expenditure accounts related to unavailable receipt accounts, use USSGL account 4387. See Treasury Financial Manual, USSGL Supplement or consult your agency's USSGL representative for further guidance.

5. **SF 133 Report on Budget Execution and Budgetary Resources.** By using FACTS II appropriately, the amounts will crosswalk to SF 133 line 5 "Temporarily not available pursuant to Public Law 109-148" or line 6B "Enacted reductions (-)". See OMB Circular No. A-11, Appendix F for further guidance.

6. **Budget Program and Financing (P&F) schedule.** As a result of correctly reporting the amounts via FACTS II for the fourth quarter of FY 2006, they will be automatically crosswalked to the appropriate P&F line number. The accounting and the budget offices must work together to ensure that the actual column of the FY 2008 Budget P&F schedule accurately reflects this reduction. See OMB Circular No. A-11, section 82 for further guidance.
