Part II

Office of Management and Budget

Grants Policy Streamlining Overview and Guidance on Nonprocurement Debarment and Suspension and Cost Principles Guidance; Cost Principles for Educational Institutions (OMB Circular A–21), State, Local, and Indian Tribal Governments (OMB Circular A–87) and Non-Profit Organizations (OMB Circular A–122); Final Rules
with two subtitles [69 FR 26276]. Subtitle A, “Government-wide Grants and Agreements,” contains OMB policy guidance to Federal agencies on grants and agreements. Subtitle B, “Federal Agency Regulations for Grants and Agreements,” will contain Federal agencies’ regulatory implementation of the OMB guidance, as it applies to grants and other financial assistance agreements and nonprocurement transactions (for portions of the guidance applicable to procurement contracts, implementation for procurement will continue to be in the Federal Acquisition Regulation in title 48 CFR).

As stated in the Federal Register notice establishing title 2 CFR, OMB plans to publish its guidance in subtitle A of that title in two phases. In the first phase, OMB is relocating the circulars in their current form into chapter II of subtitle A. In the second phase, OMB will publish guidance in chapter I of subtitle A after: (1) Proposing for public comment any changes to streamline and simplify the guidance based on recommendations from the interagency working groups implementing Public Law 106–107; and (2) resolving the comments and finalizing the guidance with the help of the working groups.

The four Federal Register documents following this one publish four OMB guidance documents in subtitle A. The first, which is the document immediately following this one, publishes the OMB guidance on nonprocurement debarment and suspension in subtitle A, chapter I, part 180. OMB is publishing this guidance in chapter I because the substance is up to date, and we therefore do not expect the interagency working groups implementing Public Law 106–107 to propose any changes to it in the near future. The guidance is up to date because it is substantively the same as the common rule that 33 Federal agencies recently updated [68 FR 66534, November 26, 2003] after resolving public comments.

The other three Federal Register documents published today relocate OMB Circulars A–21, A–87, and A–122, the OMB circulars with cost principles, in their current form, into chapter II of subtitle A. An interagency working group under Public Law 106–107 is still considering proposals for streamlining these circulars. We will move the circulars to chapter I after any streamlining is completed (any proposals for substantive change will be published first, with an opportunity for public comment).

Conforming changes to 2 CFR part 1. The publication of the OMB guidance on nonprocurement debarment and suspension and OMB Circulars A–21, A–87 and A–122 as parts 180, 220, 225, and 230 in 2 CFR warrants conforming changes in §§ 1.205 and 1.215 of 2 CFR part 1. The amendment to § 1.205 adds references to the four new parts to the table in that section, to explain the relationship of the parts to their previous issuances as OMB circulars.

The amendments to § 1.205 clarify the statement in that section that the types of instruments subject to the guidance in subtitle A of 2 CFR vary from one part of the guidance to another. With the relocation of the cost principles in subtitle A, we are adding a statement to clarify that all portions of the guidance in subtitle A of 2 CFR apply to grants and cooperative agreements, some portions apply to other types of financial assistance or nonprocurement instruments, and some portions indirectly apply to procurement contracts. We are adding new paragraphs § 1.205(b) and (c) that give:

- The guidelines on debarment and suspension as an example of guidance that applies to nonprocurement instruments in general, and not just financial assistance; and
- The cost principles in 2 CFR parts 220, 225, and 230 as specific examples of guidance that applies to procurement, as well as financial assistance. Circulars A–21, A–87, and A–122 always have provided guidance to Federal agencies on costs that are allowable for reimbursement under procurement contracts to educational, governmental, and other nonprofit organizations, respectively. It should be noted, however, that the regulation formally imposing that requirement on Federal agencies’ contracts is not in 2 CFR but in subparts 31.3, 31.6, and 31.7 of 48 CFR part 31 in the Federal Acquisition Regulation (FAR).

Second, we are publishing the guidance in the recently established Title 2 of the Code of Federal Regulations (2 CFR). Locating it in 2 CFR will make it easier to find. Also, the OMB guidance will be co-located in the same title of the CFR as Federal agencies’ implementing regulations that adopt the guidance. That is, consistent with the framework put in place when OMB established Title 2, each Federal agency will issue its implementing regulation in its chapter in Subtitle B of 2 CFR. This notice also makes minor changes to the previously issued 2 CFR part 215, to conform that part with the guidance published today.

DATES: The effective date for this interim final guidance is September 30, 2005. To be considered in preparation of the final guidance, comments on the interim final guidance must be received by October 31, 2005.

SUPPLEMENTARY INFORMATION:

Background. The guidance updated by this notice originated with Executive Order (E.O.) 12549, “Debarment and Suspension.” That Executive order, issued in 1986, gave government-wide effect to each agency’s nonprocurement debarment and suspension actions. Section 6 of the Executive order authorized OMB to issue guidance on nonprocurement debarment and suspension. Section 3 directed agencies to issue implementing regulations consistent with the guidance.

The guidance has been revised twice since OMB first issued it in 1987 (52 FR 20360). In 1988, when the agencies finalized a common rule to implement OMB’s 1987 guidance, OMB revised its
