MEMORANDUM FOR AGENCY GENERAL COUNSELS

FROM: Mark R. Paoletta *MRP*
General Counsel

SUBJECT: Compliance with Government-Wide General Provisions

In consideration of language contained in Senate Report 115-281, the Office of Management and Budget is contacting you to ensure that your agency is aware of the government-wide general provisions included in the Consolidated Appropriations Act, 2019, Pub. L. No. 116-6. Agencies must have the necessary policies and procedures in place to comply with and enforce these requirements, which include, but are not limited to, workplace policies on illegal drug use, limitations on the use of funds for office renovations or the purchase of passenger motor vehicles, improper Internet use, and limitations on funding for conferences. Below is a link to the enrolled version of the Consolidated Appropriations Act, 2019, within which at Division D, title VII, you will find the government-wide general provisions with which your agency must comply. Your compliance with and enforcement of these statutory requirements is appreciated.
