WASHINGTON, D.C. 20503

Statement from Acting OMB Director Russ Vought:

**Budgetary Impact Analysis for Executive Order Entitled
“Exemption From Executive Order 13658 for Recreational Services on Federal Lands”**

This executive order, among other things, amends Section 7(f) of Executive Order 13658 to clarify that the order does not apply to contracts or contract-like instruments entered into with the Federal Government in connection with seasonal recreational services or seasonal recreational equipment rental for the general public on Federal lands. Implementing this executive order would have a *de minimis* impact on costs and revenues to the Federal Government. The benefits of this executive order include ensuring that the Federal Government can economically and efficiently provide the services that allow visitors of all means to enjoy the natural beauty of Federal parks and other Federal lands. Implementing this executive order would have a *de minimis* impact on mandatory and discretionary obligations and outlays, as well as on revenues to the Federal Government, in the 5-fiscal year period beginning in fiscal year 2018. The agencies anticipated to be impacted by this executive order include all executive agencies.
