Statement from Acting OMB Director Russ Vought:

**Budgetary Impact Analysis for Executive Order Entitled
“National Roadmap to Empower Veterans and End Suicide”**

This executive order, among other things, establishes a Veteran Wellness, Empowerment, and Suicide Prevention Task Force charged with the development of a roadmap to empower veterans and end a national tragedy of suicide. Implementing this executive order would have a *de minimis* impact on costs and revenues to the Federal Government. The benefits of this executive order include improving the quality of life of our Nation's veterans—many of whom have risked their lives to protect our freedom while deployed, often multiple times, to areas of prolonged conflict. Implementing this executive order would have a *de minimis* impact on mandatory and discretionary obligations and outlays, as well as on revenues to the Federal Government, in the 5-fiscal year period beginning in fiscal year 2019. The agencies anticipated to be impacted by this executive order include the Departments of Defense, Labor, Health and Human Services, Housing and Urban Development, Energy, Education, Veteran Affairs, and Homeland Security, and the Executive Office of the President.
