

EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF MANAGEMENT AND BUDGET
WASHINGTON, D.C. 20503

Statement from Acting OMB Director Russ Vought:

**Budgetary Impact Analysis for Executive Order Entitled
“Maintaining American Leadership in Artificial Intelligence”**

This executive order directs the heads of Federal departments and agencies to prioritize the research and development of America’s artificial intelligence (AI) capabilities, among other things. Implementing this executive order would have no impact on costs and revenues to the Federal Government. The benefits of this executive order include developing AI technology and ensuring that the next great AI inventions are made in the United States. Implementing this executive order would have no impact on mandatory and discretionary obligations and outlays, as well as on revenues to the Federal Government, in the 5-fiscal year period beginning in fiscal year 2019. The agencies anticipated to be impacted by this executive order include those agencies determined to be implementing agencies by the National Science and Technology Council Select Committee on Artificial Intelligence.
