Statement from Acting OMB Director Robert Fairweather

**Budgetary Impact Analysis for Executive Order Entitled
“Revocation of Executive Order 13801”**

This executive order revokes Executive Order 13801 of June 15, 2017 (Expanding Apprenticeships in America) and directs all agencies to take immediate steps, consistent with statutes, to rescind or abolish agency documents and policies, personnel positions, and task forces or other entities based on the rescinded executive order. Implementing this executive order would have no impact on costs and revenues to the Federal Government. The benefits of this executive order include ensuring that agency actions reflect current government policies and priorities with regard to apprenticeships. Implementing this executive order would have no impact on mandatory and discretionary obligations and outlays, as well as on revenues to the Federal Government, in the 5-year fiscal period beginning in fiscal year 2021. The agencies anticipated to be impacted by this executive order include all executive branch departments and agencies.
