This appropriation is responsible for coordinating, facilitating, reviewing and ensuring the non-duplication of the Department of Transportation's (DOT) research, development, and technology portfolio, as well as enhancing the data collection and statistical analysis programs to support data-driven decision-making and evidence building. The Office of the Assistant Secretary for Research and Technology is also responsible for civil Positioning, Navigation, and Timing (PNT) and DOT Spectrum Management, the Highly Automated Systems Safety Center of Excellence, and the Climate Change Center.

This appropriation oversees and provides direction to the following programs and activities:

The Bureau of Transportation Statistics (BTS) manages and shares statistical knowledge and information on the Nation's transportation systems, including statistics on freight movement, geospatial transportation information, and transportation economics. BTS is funded by an allocation from the Federal Highway Administration's Federal-Aid Highways account.

The University Transportation Centers (UTC) advance U.S. technology and expertise in many transportation-related disciplines through grants for transportation education, research, and technology transfer at university-based centers of excellence. The UTC Program funding is provided to the Office of the Assistant Secretary for Research and Technology through an allocation from the Federal Highway Administration.

The John A. Volpe National Transportation Systems Center (Cambridge, MA) provides technical expertise in research, analysis, engineering, technology deployment, and other technical knowledge to DOT and non-DOT customers on specific transportation system projects or issues on a fee-for-service basis.

The Transportation Safety Institute (Oklahoma City, OK) develops and delivers safety, security, and environmental training, products, and services for both the public and private sector on a fee-for-service and tuition basis.

This appropriation supports the administrative expenses of the National Surface Transportation and Innovative Finance Bureau (known as the Build America Bureau). The Bureau fulfills a number of responsibilities, including providing assistance and communicating best practices and financing and funding opportunities to entities eligible under DOT infrastructure finance programs; administering the application process for DOT infrastructure finance programs, private activity bonds under 26 U.S.C. 142(m), and the Rural and Tribal Assistance Pilot Program; reducing uncertainty and delays related to environmental reviews and permitting, as well as project delivery and procurement risks, and costs for projects financed by the DOT infrastructure finance programs; increasing transparency and the public availability of information regarding projects financed by DOT infrastructure finance programs; and promoting best practices in procurement. The fees in this account cover the costs of services of expert firms in the field of municipal and project finance to assist in the underwriting and servicing of Federal credit instruments.

This appropriation supports the Administration's goal of transitioning to a fully Zero Emission Vehicle (ZEV) Federal fleet. These funds will be used for the acquisition and deployment of vehicles which are battery electric, plug-in electric hybrid, and hydrogen fuel cell vehicles. Funding will also be used to acquire the necessary vehicle charging and refueling infrastructure. These acquisitions are a significant step towards eliminating tailpipe emissions of greenhouse gases (GHG) from the Department's fleet and aligning the Department's fleet operations with the goal of achieving a fully ZEV federal fleet.

The Office of the Secretary of Transportation (OST) received appropriations totaling \$1,127 million for the Transportation Investment Generating Economic Recovery (TIGER) discretionary grants as part of the 2010 and 2011 Department of Transportation (DOT) appropriations acts. The appropriations authorized DOT to pay subsidy and administrative costs, not to exceed \$300 million, of projects eligible for Federal credit assistance under Chapter 6 of Title 23 United States Code. In 2012, \$45 million was provided for TIGER discretionary grants as part of the 2012 DOT appropriation act to pay subsidy and administrative costs under the Transportation Infrastructure Finance and Innovation Act program.

The Aviation Manufacturing Jobs Protection (AMJP) Program is a program created in March 2021, under the American Rescue Plan Act. The AMJP Program provides funding to eligible businesses, to pay up to half of their compensation costs for certain categories of employees, for up to six months. In return, businesses have to make several legal commitments, including a commitment not to conduct involuntarily layoffs, furloughs, or reductions in pay or benefits for the covered employees. The statute established a six-month timeframe for the Department to make awards. No funds are requested for this account in 2023.

This appropriation funds research and initiatives concerned with planning, analysis, and information development needed to support the Secretary's responsibilities in the formulation of National transportation policies and the coordination of National-level transportation planning. Funding also supports Departmental leadership in areas such as safety, climate, equity, economic impacts, aviation policy, and international transportation issues. The program activities include contracts with other Federal agencies, educational institutions, non-profit research organizations, and private firms. This appropriation also funds the Interagency Infrastructure Permitting Improvement Center, including an online database Permitting Dashboard, to support permitting/environmental review reforms to improve interagency coordination, and make the process for Federal approval for major infrastructure projects more efficient.

The Federal Aviation Reauthorization Act of 1996 (P.L. 104-264) authorized the collection of user fees for services provided by the Federal Aviation Administration (FAA) to aircraft that neither take off nor land in the United States, commonly known as overflight fees. The Act permanently appropriated the first \$50 million of such fees for the Essential Air Service (EAS) program and rural airport improvements. In addition, the FAA Modernization and Reauthorization Act (P.L. 112-95) requires that, in any fiscal year, overflight fees collected in excess of \$50 million will be available to carry out the EAS program.

The Working Capital Fund finances common administrative services and other services that are centrally performed in the interest of economy and efficiency. The fund is financed through agreements with the Department of Transportation Operating Administrations (OAs) and other customers. In 2023, the Working Capital Fund will obligate millions across the Department, to include the Department's implementation of a shared services environment for commodity information technology (IT) investments. The IT shared services initiative will modernize IT across the Department and improve mission delivery by consolidating separate, overlapping, and duplicative processes and functions. In 2023, the Department will continue consolidating commodity IT services across OAs. As a key part of this effort, the Office of the Chief Information Officer will focus on investment-level commodity IT as well as IT Security and Compliance activities. Utilizing shared services will enable the Department to improve cybersecurity, increase efficiencies, and improve transparency in IT spending.

Through 1997, the Essential Air Service (EAS) program was funded from the Airport and Airway Trust Fund. Starting in 1998, the Federal Aviation Administration reauthorization funded it as a mandatory program supported by overflight fees under the EAS and Rural Airport Improvement Fund. In addition to mandatory funding supported by overflight fees, direct appropriations from the Airport and Airway Trust Fund to Payments to Air Carriers have been enacted every year beginning in 2002 to meet the needs of the Essential Air Service program.

ADMINISTRATIVE PROVISIONS

SEC. 101. None of the funds made available by this Act to the Department of Transportation may be obligated for the Office of the Secretary of Transportation to approve assessments or reimbursable agreements pertaining to funds appropriated to the operating administrations in this Act, except for activities underway on the date of enactment of this Act, unless such assessments or agreements have completed the normal reprogramming process for congressional notification.

SEC. 102. The Secretary shall post on the web site of the Department of Transportation a schedule of all meetings of the Council on Credit and Finance, including the agenda for each meeting, and require the Council on Credit and Finance to record the decisions and actions of each meeting.

SEC. 103. In addition to authority provided by section 327 of title 49, United States Code, the Department's Working Capital Fund is authorized to provide partial or full payments in advance and accept subsequent reimbursements from all Federal agencies from available funds for transit benefit distribution services that are necessary to carry out the Federal transit pass transportation fringe benefit program under Executive Order No. 13150 and section 3049 of SAFETEA-LU (5 U.S.C. 7905 note): Provided, That the Department shall maintain a reasonable operating reserve in the Working Capital Fund, to be expended in advance to provide uninterrupted transit benefits to Government employees: Provided further, That such reserve shall not exceed 1 month of benefits payable and may be used only for the purpose of providing for the continuation of transit benefits: Provided further, That the Working Capital Fund shall be fully reimbursed by each customer agency from available funds for the actual cost of the transit benefit.

SEC. 104. Receipts collected in the Department's Working Capital Fund, as authorized by section 327 of title 49, United States Code, for unused transit and van pool benefits, in an amount not to exceed 10 percent of fiscal year 2022 collections, shall be available until expended in the Department's Working Capital Fund to provide contractual services in support of section 199A of this Act: Provided, That obligations in fiscal year 2023 of such collections shall not exceed \$1,000,000.

SEC. 105. None of the funds in this Act may be obligated or expended for retention or senior executive bonuses for an employee of the Department of Transportation without the prior written approval of the Assistant Secretary for Administration.

SEC. 106. In addition to authority provided by section 327 of title 49, United States Code, the Department's Administrative Working Capital Fund is hereby authorized to transfer information technology equipment, software, and systems from Departmental sources or other entities and collect and maintain a reserve at rates which will return full cost of transferred assets.

SEC. 107. None of the funds provided in this Act to the Department of Transportation may be used to provide credit assistance unless not less than 3 days before any application approval to provide credit assistance under sections 603 and 604 of title 23, United States Code, the Secretary provides notification in writing to the following committees: the House and Senate Committees on Appropriations; the Committee on Environment and Public Works and the Committee on Banking, Housing and Urban Affairs of the Senate; and the Committee on Transportation and Infrastructure of the House of Representatives: Provided, That such notification shall include, but not be limited to, the name of the project sponsor; a description of the project; whether credit assistance will be provided as a direct loan, loan guarantee, or line of credit; and the amount of credit assistance.

SEC. 108. Section 312 of title 49, United States Code, is repealed.

SEC. 109. (a) Amounts made available to the Secretary of Transportation or the Department of Transportation's Operating Administrations in this Act for the costs of award, administration, or oversight of financial assistance under the programs identified in subsection (c) may be transferred to the account identified in section 801 of division J of Public Law 117-58, to remain available until expended, for necessary expenses of award, administration, or oversight of any financial assistance programs in the Department of Transportation.

(b) Amounts transferred under the authority in this section are available in addition to amounts otherwise available for such purposes.

(c) The programs from which funds made available under this Act may be transferred under subsection (a) are:

- (1) the national infrastructure project assistance program under section 6701 of title 49, United States Code;
- (2) the local and regional project assistance program under section 6702 of title 49, United States Code; and
- (3) any other financial assistance program that is funded under this Act and administered from the Office of the Secretary.

SEC. 110. Sec. 801 of division J of Public Law 117-58 is amended to read as follows: "Sec. 801. (a) Amounts made available to the Secretary of Transportation or the Department of Transportation's Operating Administrations in this title in this Act and in section 117 of title 23, United States Code, for fiscal years 2022 through 2026 for the costs of award, administration, or oversight of financial assistance under the programs administered by the Office of the Secretary may be transferred to an Operational Support account, to remain available until expended, for necessary expenses of (1) coordinating the implementation of any division of this Act, or (2) the award, administration, or oversight of any financial assistance programs funded under this title in this Act or divisions A, B, C, or G of this Act: Provided, That amounts transferred pursuant to this subsection are available in addition to amounts otherwise available for such purposes: Provided further, That one-half of one percent of the amounts transferred pursuant to this subsection in each of fiscal years 2022 through 2026 shall be transferred to the Office of Inspector General of the Department of Transportation for oversight of funding provided to the Department of Transportation in this title in this Act: Provided further, That the amount provided by this section is designated by the Congress as being for an emergency requirement pursuant to section 4112(a) of H. Con. Res. 71 (115th Congress), the concurrent resolution on the budget for fiscal year 2018, and to section 251(b) of the Balanced Budget and Emergency Deficit Control Act of 1985. (b) In addition to programs identified in section 118(d) of title 49, United States Code, the Office of the Secretary shall administer, with support from the Department's Operating Administrations, the following financial assistance programs—(1) the national infrastructure projects program under section 6701 of title 49, United States Code; (2) the local and regional projects program under section 6702 of title 49, United States Code; (3) the strengthening mobility and revolutionizing transportation grant program under section 25005 of division B of this Act; (4) the nationally significant freight and highways projects under section 117 of title 23, United States Code; (5) the national culvert removal, replacement, and restoration grant program under section 6703 of title 49, United States Code; and (6) other discretionary financial assistance programs that the Secretary determines should be administered by the Office of the Secretary, subject to prior notification of the House and Senate Committees on Appropriations."

ADMINISTRATIVE PROVISIONS—OFFICE OF THE SECRETARY OF TRANSPORTATION
(INCLUDING TRANSFER OF FUNDS)

[SEC. 801. (a) Amounts made available to the Secretary of Transportation or the Department of Transportation's Operating Administrations in this title in this Act and in section 117 of title 23, United States Code, for fiscal years 2022 through 2026 for the costs of award, administration, or oversight of financial assistance under the programs administered by the Office of Multimodal Infrastructure and Freight may be transferred to an "Office of Multimodal Infrastructure and Freight" account, to remain available until expended, for the necessary expenses of award, administration, or oversight of any discretionary financial assistance programs funded under this title in this Act or division A of this Act: *Provided*, That one-half of one percent of the amounts transferred pursuant to the authority in this section in each of fiscal years 2022 through 2026 shall be transferred to the Office of Inspector General of the Department of Transportation for oversight of funding provided to the Department of Transportation in this title in this Act: *Provided further*, That the amount provided by this section is designated by the Congress as being for an emergency requirement pursuant to section 4112(a) of H. Con. Res. 71 (115th Congress), the concurrent resolution on the budget for fiscal year 2018, and to section 251(b) of the Balanced Budget and Emergency Deficit Control Act of 1985.

(b) In addition to programs identified in section 118(d) of title 49, United States Code, the Office of Multimodal Infrastructure and Freight shall administer, with support from the Department's Operating Administrations, the following financial assistance programs—

- (1) the national infrastructure projects program under section 6701 of title 49, United States Code;
- (2) the local and regional projects program under section 6702 of title 49, United States Code;

The 2023 Budget requests \$11.934 billion for Federal Aviation Administration (FAA) operations. These funds will be used to continue to promote aviation safety and efficiency. The Budget provides funding for the Air Traffic Organization (ATO) which is responsible for managing the air traffic control system. As a performance-based organization, the ATO is designed to provide cost-effective, efficient, and, above all, safe air traffic services. The Budget also funds the Aviation Safety Organization which ensures the safe operation of the airlines and certifies new aviation products. In addition, the request also funds regulation of the commercial space transportation industry, as well as FAA policy oversight and overall management functions.

The regular appropriations acts for 2020 and 2021 each provided \$400 million of supplemental funding for Grants-in-Aid for Airports. Funds are appropriated from the General Fund of the U.S. Treasury. Discretionary grants are being awarded to qualified airports, with up to 0.5 percent of the funds provided applied to the administrative costs of awarding grants under the program. In addition, the CARES Act provided \$10 billion in 2020 and the Coronavirus Response and Relief Supplemental Appropriations Act of 2021 provided \$2 billion, both from the General Fund of the U.S. Treasury, to help airports prevent, prepare for, and respond to coronavirus.

The fund provides direct support for the aviation insurance program (chapter 443 of title 49, U.S. Code). In December 2014, the Congress sunset part of the aviation insurance program. Specifically, the Congress returned U.S. air carriers to the commercial aviation market for all of their war risk insurance coverage by ending the FAA's authority to provide war risk insurance for a premium. Pursuant to 49 U.S.C. 44305, the FAA may provide insurance without premium at the request of the Secretary of Defense, or the head of a department, agency, or instrumentality designated by the President, when the Secretary of Defense, or the designated head, agrees to indemnify the Secretary of Transportation against all losses covered by the insurance. The "non-premium" aviation insurance program was authorized through September 30, 2023 in the National Defense Authorization Act for 2020.

In 1997, the Federal Aviation Administration (FAA) established a franchise fund to finance operations where the costs for goods and services provided are charged to the users on a fee-for-service basis. The fund improves organizational efficiency and provides better support to FAA's internal and external customers. The activities included in this franchise fund are: training, accounting, travel, duplicating services, multi-media services, information technology, material management (logistics), and aircraft maintenance.

Funding in this account provides for the deployment of communications, navigation, surveillance, and related capabilities within the National Airspace System (NAS). This includes funding for several activities of the Next Generation Air Transportation System, a joint effort between the Department of Transportation, the National Aeronautics and Space Administration, and the Departments of Defense, Homeland Security, and Commerce to improve the safety, capacity, security, and environmental performance of the NAS. The funding request supports the Federal Aviation Administration's comprehensive plan for modernizing, maintaining, and improving air traffic control and airway facilities services.

The 2023 Budget proposes \$11.934 billion for Federal Aviation Administration Operations, of which \$9.934 billion would be provided from the Airport and Airway Trust Fund.

ADMINISTRATIVE PROVISIONS—FEDERAL AVIATION ADMINISTRATION

SEC. 110. The Administrator of the Federal Aviation Administration may reimburse amounts made available to satisfy section 41742(a)(1) of title 49, United States Code, from fees credited under section 45303 of title 49, United States Code, and any amount remaining in such account at the close of any fiscal year may be made available to satisfy section 41742(a)(1) of title 49, United States Code, for the subsequent fiscal year.

SEC. 111. Amounts collected under section 40113(e) of title 49, United States Code, shall be credited to the appropriation current at the time of collection, to be merged with and available for the same purposes as such appropriation.

SEC. 112. None of the funds made available by this Act shall be available for paying premium pay under subsection 5546(a) of title 5, United States Code, to any Federal Aviation Administration employee unless such employee actually performed work during the time corresponding to such premium pay.

SEC. 113. None of the funds made available by this Act may be obligated or expended for an employee of the Federal Aviation Administration to purchase a store gift card or gift certificate through use of a Government-issued credit card.

SEC. 114. Notwithstanding any other transfer restriction under this Act, not to exceed 10 percent of any appropriation made available for the current fiscal year for the Federal Aviation Administration by this Act or provided by previous appropriations Acts may be transferred between such appropriations for the Federal Aviation Administration, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by any such transfer: Provided, That funds transferred under this section shall be treated as a reprogramming of funds under section 404 of this Act and shall not be available for obligation unless the Committees on Appropriations of the Senate and House of Representatives are notified 15 days in advance of such transfer: Provided further, That any transfer from an amount made available for obligation as discretionary grants-in-aid for airports pursuant to section 47117(f) of title 49, United States Code shall be deemed as obligated for grants-in-aid for airports under part B of subtitle VII of title 49, United States Code, for the purposes of complying with the limitation on incurring obligations in this appropriations Act or any other appropriations Act under the heading "Grants-in-Aid for Airports".

SEC. 115. The Federal Aviation Administration Administrative Services Franchise Fund may be reimbursed after performance or paid in advance from funds available to the Federal Aviation Administration and other Federal agencies for which the Fund performs services.

FEDERAL HIGHWAY ADMINISTRATION

The 2023 Budget requests \$58.8 billion in obligation limitation for the Federal Highway Administration's (FHWA) Federal-aid Highways program. This funding, when combined with supplemental appropriations provided by the Infrastructure Investment and Jobs Act, will provide the needed funding to: significantly improve the condition and performance of our national highway infrastructure; make roads and bridges safe for all users; provide equitable travel for all people; address the climate change challenge; and spur innovation.

This account includes General Fund discretionary resources appropriated as needed for FHWA's Emergency Relief program, as authorized under 23 U.S.C. 125. In 2012, \$1.7 billion was enacted to remain available until expended; in 2013, \$2.0 billion was enacted to remain available until expended; in 2017, \$1.5 billion was enacted to remain available until expended; in 2018, \$1.4 billion was enacted to remain available until expended; in 2019, \$1.7 billion was enacted to remain available until expended; and

in 2023, \$2.6 billion was enacted to remain available until expended, all for necessary expenses for repairing or reconstructing highways seriously damaged as a result of major disasters declared pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.). These appropriations have been provided to supplement the \$100 million authorized annually out of the Highway Trust Fund under 23 U.S.C. 125 for the Emergency Relief program and included in the Federal-Aid Highways account.

No further appropriations are requested for this account in 2023.

Funding for this program is used for constructing and improving corridors of the Appalachian Development Highway System. The Infrastructure Investment Jobs Act provides supplemental appropriations for the Appalachian Development Highway System in each year from 2022 through 2026 through the Highway Infrastructure Programs.

No funding is requested for 2023 in this account.

In 1997, FHWA received an appropriation from the General Fund for the State Infrastructure Banks (SIBs) program.

All of the funds have been provided to the States to capitalize the infrastructure banks. Because the funding was provided as grants, and not loans,

FHWA will not receive reimbursements of amounts expended for the SIBs program. No new budgetary resources are requested in 2023.

HIGHWAY INFRASTRUCTURE PROGRAMS

Note.—A full-year 2022 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2022 (Division A of Public Law 117-43, as amended). The amounts included for 2022 reflect the annualized level provided by the continuing resolution.

HIGHWAY INFRASTRUCTURE PROGRAM

[(INCLUDING TRANSFER OF FUNDS)]

For an additional amount for "Highway Infrastructure Programs", \$47,272,000,000, to remain available until expended except as otherwise provided under this heading: *Provided*, That of the amount provided under this heading in this Act, \$9,454,400,000, to remain available until September 30, 2025, shall be made available for fiscal year 2022, \$9,454,400,000, to remain available until September 30, 2026, shall be made available for fiscal year 2023, \$9,454,400,000, to remain available until September 30, 2027, shall be made available for fiscal year 2024, \$9,454,400,000, to remain available until September 30, 2028, shall be made available for fiscal year 2025, and \$9,454,400,000, to remain available until September 30, 2029, shall be made available for fiscal year 2026: *Provided further*, That the funds made available under this heading in this Act shall be derived from the general fund of the Treasury, shall be in addition to any other amounts made available for such purpose, and shall not affect the distribution or amount of funds provided in any Act making annual appropriations: *Provided further*, That, except for funds provided in paragraph (1) under this heading in this Act, up to 1.5 percent of the amounts made available under this heading in this Act in each of fiscal years 2022 through 2026 shall be for operations and administrations of the Federal Highway Administration, of which \$1,000,000 in each fiscal year shall be transferred to the Office of the Inspector General of the Department of Transportation for oversight of funding provided to the Department of Transportation in this title in this Act: *Provided further*, That the amounts made available in the preceding proviso may be combined with the funds made available in paragraph (1) under this heading in this Act for the same purposes in the same account: *Provided further*, That the funds made available under this heading in this Act shall not be subject to any limitation on obligations for Federal-aid highways or highway safety construction programs set forth in any Act making annual appropriations: *Provided further*, That, of the amount provided under this heading in this Act, the following amounts shall be for the following purposes in equal amounts for each of fiscal years 2022 through 2026—

[(1) \$27,500,000,000 shall be for a bridge replacement, rehabilitation, preservation, protection, and construction program: *Provided further*, That, except as oth-

erwise provided under this paragraph in this Act, the funds made available under this paragraph in this Act shall be administered as if apportioned under chapter 1 of title 23, United States Code: *Provided further*, That a project funded with funds made available under this paragraph in this Act shall be treated as a project on a Federal-aid highway: *Provided further*, That, of the funds made available under this paragraph in this Act for a fiscal year, 3 percent shall be set aside to carry out section 202(d) of title 23, United States Code: *Provided further*, That funds set aside under the preceding proviso to carry out section 202(d) of such title shall be in addition to funds otherwise made available to carry out such section and shall be administered as if made available under such section: *Provided further*, That for funds set aside under the third proviso of this paragraph in this Act to carry out section 202(d) of title 23, United States Code, the Federal share of the costs shall be 100 percent: *Provided further*, That, for the purposes of funds made available under this paragraph in this Act: (1) the term State has the meaning given such term in section 101 of title 23, United States Code; (2) the term off-system bridge means a highway bridge located on a public road, other than a bridge on a Federal-aid highway; and (3) the term Federal-aid highway means a public highway eligible for assistance under chapter 1 of title 23, United States Code, other than a highway functionally classified as a local road or rural minor collector: *Provided further*, That up to one-half of one percent of the amounts made available under this paragraph in this Act in each fiscal year shall be for the administration and operations of the Federal Highway Administration: *Provided further*, That, after setting aside funds under the third proviso of this paragraph in this Act the Secretary shall distribute the remaining funds made available under this paragraph in this Act among States as follows—】

【(A) 75 percent by the proportion that the total cost of replacing all bridges classified in poor condition in such State bears to the sum of the total cost to replace all bridges classified in poor condition in all States; and】

【(B) 25 percent by the proportion that the total cost of rehabilitating all bridges classified in fair condition in such State bears to the sum of the total cost to rehabilitate all bridges classified in fair condition in all States:】

【*Provided further*, That the amounts calculated under the preceding proviso shall be adjusted such that each State receives, for each of fiscal years 2022 through 2026, no less than \$45,000,000 under such proviso: *Provided further*, That for purposes of the preceding 2 provisos, the Secretary shall determine replacement and rehabilitation costs based on the average unit costs of bridges from 2016 through 2020, as submitted by States to the Federal Highway Administration, as required by section 144(b)(5) of title 23, United States Code: *Provided further*, That for purposes of determining the distribution of funds to States under this paragraph in this Act, the Secretary shall calculate the total deck area of bridges classified as in poor or fair condition based on the National Bridge Inventory as of December 31, 2020: *Provided further*, That, subject to the following proviso, funds made available under this paragraph in this Act that are distributed to States shall be used for highway bridge replacement, rehabilitation, preservation, protection, or construction projects on public roads: *Provided further*, That of the funds made available under this paragraph in this Act that are distributed to a State, 15 percent shall be set aside for use on off-system bridges for the same purposes as described in the preceding proviso: *Provided further*, That, except as provided in the following proviso, for funds made available under this paragraph in this Act that are distributed to States, the Federal share shall be determined in accordance with section 120 of title 23, United States Code: *Provided further*, That for funds made available under this paragraph in this Act that are distributed to States and used on an off-system bridge that is owned by a county, town, township, city, municipality or other local agency, or federally-recognized Tribe the Federal share shall be 100 percent;】

【(2) \$5,000,000,000, to remain available until expended for amounts made available for each of fiscal years 2022 through 2026, shall be to carry out a National Electric Vehicle Formula Program (referred to in this paragraph in this Act as the "Program") to provide funding to States to strategically deploy electric vehicle charging infrastructure and to establish an interconnected network to facilitate data collection, access, and reliability: *Provided*, That funds made available under this paragraph in this Act shall be used for: (1) the acquisition and installation of electric vehicle charging infrastructure to serve as a catalyst for the deployment of such infrastructure and to connect it to a network to facilitate data collection, access, and reliability; (2) proper operation and maintenance of electric vehicle charging infrastructure; and (3) data sharing about electric vehicle charging infrastructure to ensure the long-term success of investments made under this paragraph in this Act: *Provided further*, That for each of fiscal years 2022 through 2026, the Secretary shall distribute among the States the funds made available under this paragraph in this Act so that each State receives an amount equal to the proportion that the total base apportionment or allocation determined for the State under subsection (c) of section 104 or under section 165 of title 23, United States Code,

bears to the total base apportionments or allocations for all States under subsection (c) of section 104 and section 165 of title 23, United States Code: *Provided further*, That the Federal share payable for the cost of a project funded under this paragraph in this Act shall be 80 percent: *Provided further*, That the Secretary shall establish a deadline by which a State shall provide a plan to the Secretary, in such form and such manner that the Secretary requires (to be made available on the Department's website), describing how such State intends to use funds distributed to the State under this paragraph in this Act to carry out the Program for each fiscal year in which funds are made available: *Provided further*, That, not later than 120 days after the deadline established in the preceding proviso, the Secretary shall make publicly available on the Department's website and submit to the House Committee on Transportation and Infrastructure, the Senate Committee on Environment and Public Works, and the House and Senate Committees on Appropriations, a report summarizing each plan submitted by a State to the Department of Transportation and an assessment of how such plans make progress towards the establishment of a national network of electric vehicle charging infrastructure: *Provided further*, That if a State fails to submit the plan required under the fourth proviso of this paragraph in this Act to the Secretary by the date specified in such proviso, or if the Secretary determines a State has not taken action to carry out its plan, the Secretary may withhold or withdraw, as applicable, funds made available under this paragraph in this Act for the fiscal year from the State and award such funds on a competitive basis to local jurisdictions within the State for use on projects that meet the eligibility requirements under this paragraph in this Act: *Provided further*, That, prior to the Secretary making a determination that a State has not taken actions to carry out its plan, the Secretary shall notify the State, consult with the State, and identify actions that can be taken to rectify concerns, and provide at least 90 days for the State to rectify concerns and take action to carry out its plan: *Provided further*, That the Secretary shall provide notice to a State on the intent to withhold or withdraw funds not less than 60 days before withholding or withdrawing any funds, during which time the States shall have an opportunity to appeal a decision to withhold or withdraw funds directly to the Secretary: *Provided further*, That if the Secretary determines that any funds withheld or withdrawn from a State under the preceding proviso cannot be fully awarded to local jurisdictions within the State under the preceding proviso in a manner consistent with the purpose of this paragraph in this Act, any such funds remaining shall be distributed among other States (except States for which funds for that fiscal year have been withheld or withdrawn under the preceding proviso) in the same manner as funds distributed for that fiscal year under the second proviso under this paragraph in this Act, except that the ratio shall be adjusted to exclude States for which funds for that fiscal year have been withheld or withdrawn under the preceding proviso: *Provided further*, That funds distributed under the preceding proviso shall only be available to carry out this paragraph in this Act: *Provided further*, That funds made available under this paragraph in this Act may be used to contract with a private entity for acquisition and installation of publicly accessible electric vehicle charging infrastructure and the private entity may pay the non-Federal share of the cost of a project funded under this paragraph: *Provided further*, That funds made available under this paragraph in this Act shall be for projects directly related to the charging of a vehicle and only for electric vehicle charging infrastructure that is open to the general public or to authorized commercial motor vehicle operators from more than one company: *Provided further*, That any electric vehicle charging infrastructure acquired or installed with funds made available under this paragraph in this Act shall be located along a designated alternative fuel corridor: *Provided further*, That no later than 90 days after the date of enactment of this Act, the Secretary of Transportation, in coordination with the Secretary of Energy, shall develop guidance for States and localities to strategically deploy electric vehicle charging infrastructure, consistent with this paragraph in this Act: *Provided further*, That the Secretary of Transportation, in coordination with the Secretary of Energy, shall consider the following in developing the guidance described in the preceding proviso: (1) the distance between publicly available electric vehicle charging infrastructure; (2) connections to the electric grid, including electric distribution upgrades; vehicle-to-grid integration, including smart charge management or other protocols that can minimize impacts to the grid; alignment with electric distribution interconnection processes, and plans for the use of renewable energy sources to power charging and energy storage; (3) the proximity of existing off-highway travel centers, fuel retailers, and small businesses to electric vehicle charging infrastructure acquired or funded under this paragraph in this Act; (4) the need for publicly available electric vehicle charging infrastructure in rural corridors and underserved or disadvantaged communities; (5) the long-term operation and maintenance of publicly available electric vehicle charging infrastructure to avoid stranded assets and protect the investment of public funds in that infrastructure; (6) existing private, national, State, local, Tribal, and territorial government electric vehicle charging infrastructure programs and incentives; (7) fostering

enhanced, coordinated, public-private or private investment in electric vehicle charging infrastructure; (8) meeting current and anticipated market demands for electric vehicle charging infrastructure, including with regard to power levels and charging speed, and minimizing the time to charge current and anticipated vehicles; and (9) any other factors, as determined by the Secretary: *Provided further*, That if a State determines, and the Secretary certifies, that the designated alternative fuel corridors in the States are fully built out, then the State may use funds provided under this paragraph for electric vehicle charging infrastructure on any public road or in other publically accessible locations, such as parking facilities at public buildings, public schools, and public parks, or in publically accessible parking facilities owned or managed by a private entity: *Provided further*, That subject to the minimum standards and requirements established under the following proviso, funds made available under this paragraph in this Act may be used for: (1) the acquisition or installation of electric vehicle charging infrastructure; (2) operating assistance for costs allocable to operating and maintaining electric vehicle charging infrastructure acquired or installed under this paragraph in this Act, for a period not to exceed five years; (3) the acquisition or installation of traffic control devices located in the right-of-way to provide directional information to electric vehicle charging infrastructure acquired, installed, or operated under this paragraph in this Act; (4) on-premises signs to provide information about electric vehicle charging infrastructure acquired, installed, or operated under this paragraph in this Act; (5) development phase activities relating to the acquisition or installation of electric vehicle charging infrastructure, as determined by the Secretary; or (6) mapping and analysis activities to evaluate, in an area in the United States designated by the eligible entity, the locations of current and future electric vehicle owners, to forecast commuting and travel patterns of electric vehicles and the quantity of electricity required to serve electric vehicle charging stations, to estimate the concentrations of electric vehicle charging stations to meet the needs of current and future electric vehicle drivers, to estimate future needs for electric vehicle charging stations to support the adoption and use of electric vehicles in shared mobility solutions, such as micro-transit and transportation network companies, and to develop an analytical model to allow a city, county, or other political subdivision of a State or a local agency to compare and evaluate different adoption and use scenarios for electric vehicles and electric vehicle charging stations: *Provided further*, That not later than 180 days after the date of enactment of this Act, the Secretary of Transportation, in coordination with the Secretary of Energy and in consultation with relevant stakeholders, shall, as appropriate, develop minimum standards and requirements related to: (1) the installation, operation, or maintenance by qualified technicians of electric vehicle charging infrastructure under this paragraph in this Act; (2) the interoperability of electric vehicle charging infrastructure under this paragraph in this Act; (3) any traffic control device or on-premises sign acquired, installed, or operated under this paragraph in this Act; (4) any data requested by the Secretary related to a project funded under this paragraph in this Act, including the format and schedule for the submission of such data; (5) network connectivity of electric vehicle charging infrastructure; and (6) information on publicly available electric vehicle charging infrastructure locations, pricing, real-time availability, and accessibility through mapping applications: *Provided further*, That not later than 1 year after the date of enactment of this Act, the Secretary shall designate national electric vehicle charging corridors that identify the near- and long-term need for, and the location of, electric vehicle charging infrastructure to support freight and goods movement at strategic locations along major national highways, the National Highway Freight Network established under section 167 of title 23, United States Code, and goods movement locations including ports, intermodal centers, and warehousing locations: *Provided further*, That the report issued under section 151(e) of title 23, United States Code, shall include a description of efforts to achieve strategic deployment of electric vehicle charging infrastructure in electric vehicle charging corridors, including progress on the implementation of the Program under this paragraph in this Act: *Provided further*, That, for fiscal year 2022, before distributing funds made available under this paragraph in this Act to States, the Secretary shall set aside from funds made available under this paragraph in this Act to carry out this paragraph in this Act not more than \$300,000,000, which may be transferred to the Joint Office described in the twenty-fourth proviso of this paragraph in this Act, to establish such Joint Office and carry out its duties under this paragraph in this Act: *Provided further*, That, for each of fiscal years 2022 through 2026, after setting aside funds under the preceding proviso, and before distributing funds made available under this paragraph in this Act to States, the Secretary shall set aside from funds made available under this paragraph in this Act for such fiscal year to carry out this paragraph in this Act 10 percent for grants to States or localities that require additional assistance to strategically deploy electric vehicle charging infrastructure: *Provided further*, That not later than 1 year after the date of enactment of this Act, the Secretary shall establish a grant program to administer to States or localities

the amounts set aside under the preceding proviso: *Provided further*, That, except as otherwise specified under this paragraph in this Act, funds made available under this paragraph in this Act, other than funds transferred under the nineteenth proviso of this paragraph in this Act to the Joint Office, shall be administered as if apportioned under chapter 1 of title 23, United States Code: *Provided further*, That funds made available under this paragraph in this Act shall not be transferable under section 126 of title 23, United States Code: *Provided further*, That there is established a Joint Office of Energy and Transportation (referred to in this paragraph in this Act as the "Joint Office") in the Department of Transportation and the Department of Energy to study, plan, coordinate, and implement issues of joint concern between the two agencies, which shall include: (1) technical assistance related to the deployment, operation, and maintenance of zero emission vehicle charging and refueling infrastructure, renewable energy generation, vehicle-to-grid integration, including microgrids, and related programs and policies; (2) data sharing of installation, maintenance, and utilization in order to continue to inform the network build out of zero emission vehicle charging and refueling infrastructure; (3) performance of a national and regionalized study of zero emission vehicle charging and refueling infrastructure needs and deployment factors, to support grants for community resilience and electric vehicle integration; (4) development and deployment of training and certification programs; (5) establishment and implementation of a program to promote renewable energy generation, storage, and grid integration, including microgrids, in transportation rights-of-way; (6) studying, planning, and funding for high-voltage distributed current infrastructure in the rights-of-way of the Interstate System and for constructing high-voltage and/or medium-voltage transmission pilots in the rights-of-way of the Interstate System; (7) research, strategies, and actions under the Departments' statutory authorities to reduce transportation-related emissions and mitigate the effects of climate change; (8) development of a streamlined utility accommodations policy for high-voltage and medium-voltage transmission in the transportation right-of-way; and (9) any other issues that the Secretary of Transportation and the Secretary of Energy identify as issues of joint interest: *Provided further*, That the Joint Office of Energy and Transportation shall establish and maintain a public database, accessible on both Department of Transportation and Department of Energy websites, that includes: (1) information maintained on the Alternative Fuel Data Center by the Office of Energy Efficiency and Renewable Energy of the Department of Energy with respect to the locations of electric vehicle charging stations; (2) potential locations for electric vehicle charging stations identified by eligible entities through the program; and (3) the ability to sort generated results by various characteristics with respect to electric vehicle charging stations, including location, in terms of the State, city, or county; status (operational, under construction, or planned); and charging type, in terms of Level 2 charging equipment or Direct Current Fast Charging Equipment: *Provided further*, That the Secretary of Transportation and the Secretary of Energy shall cooperatively administer the Joint Office consistent with this paragraph in this Act: *Provided further*, That the Secretary of Transportation and the Secretary of Energy may transfer funds between the Department of Transportation and the Department of Energy from funds provided under this paragraph in this Act to establish the Joint Office and to carry out its duties under this paragraph in this Act and any such funds or portions thereof transferred to the Joint Office may be transferred back to and merged with this account: *Provided further*, That the Secretary of Transportation and the Secretary of Energy shall notify the House and Senate Committees on Appropriations not less than 15 days prior to transferring any funds under the previous proviso: *Provided further*, That for the purposes of funds made available under this paragraph in this Act: (1) the term State has the meaning given such term in section 101 of title 23, United States Code; and (2) the term Federal-aid highway means a public highway eligible for assistance under chapter 1 of title 23, United States Code, other than a highway functionally classified as a local road or rural minor collector: *Provided further*, That, of the funds made available in this division or division A of this Act for the Federal lands transportation program under section 203 of title 23, United States Code, not less than \$7,000,000 shall be made available for each Federal agency otherwise eligible to compete for amounts made available under that section for each of fiscal years 2022 through 2026;]

[(3) \$3,200,000,000 shall be to carry out the Nationally Significant Freight and Highway Projects program under section 117 of title 23, United States Code;]

[(4) \$9,235,000,000 shall be to carry out the Bridge Investment Program under section 124 of title 23, United States Code: *Provided*, That, of the funds made available under this paragraph in this Act for a fiscal year, \$20,000,000 shall be set aside to carry out section 202(d) of title 23, United States Code: *Provided further*, That, of the funds made available under this paragraph in this Act for a fiscal year, \$20,000,000 shall be set aside to provide grants for planning, feasibility analysis, and revenue forecasting associated with the development of a project that would subsequently be eligible to apply for assistance under this paragraph:

HIGHWAY INFRASTRUCTURE PROGRAMS—Continued

Provided further, That funds set aside under the first proviso of this paragraph in this Act to carry out section 202(d) of such title shall be in addition to funds otherwise made available to carry out such section and shall be administered as if made available under such section: *Provided further*, That for funds set aside under the first proviso of this paragraph in this Act to carry out section 202(d) of title 23, United States Code, the Federal share of the costs shall be 100 percent;】

【(5) \$150,000,000 shall be to carry out the Reduction of Truck Emissions at Port Facilities Program under section 11402 of division A of this Act: *Provided*, That, except as otherwise provided in section 11402 of division A of this Act, the funds made available under this paragraph in this Act shall be administered as if apportioned under chapter 1 of title 23, United States Code;】

【(6) \$95,000,000, to remain available until expended for amounts made available for each of fiscal years 2022 through 2026, shall be to carry out the University Transportation Centers Program under section 5505 of title 49, United States Code;】

In 2010, the Congress appropriated \$650 million for the restoration, repair, and construction of highway infrastructure, and other activities eligible under paragraph (b) of section 133 of title 23, United States Code. The Congress has appropriated additional General Fund amounts in recent years including: \$2.5 billion in 2018; \$3.3 billion in 2019; \$2.2 billion in 2020; and \$12 billion in 2021 which includes \$10 billion through the Coronavirus Response and Relief Supplemental Appropriations Act, 2021. No appropriations are requested for this account in 2023.

The Infrastructure Investment Jobs Act provided supplemental appropriations from the General Fund for the Highway Infrastructure Programs in the amount of \$9.5 billion annually for 2022 through 2026 for the following programs:

The Bridge Replacement, Rehabilitation, Preservation, Protection, and Construction Program (\$5.5 billion) will provide formula funds to States for bridge replacement, rehabilitation, preservation, protection, or construction projects on public roads.

The National Electric Vehicle Formula Program (\$1.0 billion) will provide funding to States to strategically deploy electric vehicle charging infrastructure and to establish an interconnected network to facilitate data collection, access, and reliability.

The Nationally Significant Freight and Highway Projects (known as the Infrastructure for Rebuilding America Program) (\$640 million) will advance nationally significant freight and highway projects to improve the safety, efficiency and reliability of the movement of freight and people. This program receives additional funds through the Highway Trust Fund as part of the Federal-aid Highways Program.

The Bridge Investment Program (\$1.8 billion) will assist eligible entities in rehabilitating or replacing bridges, including culverts, with the goal of improving the safety efficiency, and reliability of the movement of people and freight over bridges. This program receives additional funds through the Highway Trust Fund as part of the Federal-aid Highways Program.

The Reduction of Truck Emissions at Port Facilities Program (\$30 million) will fund competitive grants for eligible projects that reduce port-related emissions from idling trucks, including through the advancement of port electrification, improvements in efficiency, and other emerging technologies and strategies. This program receives additional funds through the Highway Trust Fund as part of the Federal-aid Highways Program.

The University Transportation Centers Program (\$19 million) is administered by the Department of Transportation's Office of the Assistant Secretary for Research and Technology. This program receives additional funds through the Highway Trust Fund as part of the Federal-aid Highways Program.

The Reconnecting Communities Pilot Program (\$100 million) will award planning and capital construction grants to assess the feasibility and impacts of removing, or retrofitting existing transportation facilities that create barriers to mobility, or to carry out projects that remove, retrofit, or replace an eligible facility. This program receives additional funds through the Highway Trust Fund as part of the Federal-aid Highways Program.

The Construction of Ferry Boats and Ferry Terminal Facilities Program (\$68 million) will address mobility and access in urban and rural areas by providing valuable assistance to help States and other entities replace or acquire new ferry boats; replace propulsion systems with newer cleaner and more energy-efficient power plants; update navigational control systems; construct new terminals; improve access for the disabled; and replace and construct new docking facilities. This program receives additional funds through the Highway Trust Fund as part of the Federal-aid Highways Program.

The Appalachian Development Highway System Program (\$250 million) will distribute funds by formula to States with one or more counties in the Appalachian Region for construction of the Appalachian Development Highway System.

The Federal-Aid Highway Act of 1968 authorized the establishment of a right-of-way revolving fund. This fund was used to make cash advances to States for the purpose of purchasing right-of-way parcels in advance of highway construction and thereby preventing the inflation of land prices from significantly increasing construction costs. The purchase of right-of-way is an eligible expense of the Federal-Aid Highway program.

This program was terminated by the Transportation Equity Act for the 21st Century of 1998, but will continue to be shown for reporting purposes as loan balances remain outstanding. No new budgetary resources are requested in 2023.

The Highway Revenue Act of 1956, as amended, provides for the transfer from the General Fund to the Highway Trust Fund of revenue from the motor fuel tax, and certain other taxes paid by highway users. The Secretary of the Treasury estimates the amounts to be transferred. In turn, appropriations are authorized from this fund to meet expenditures for Federal-aid highways and other programs as specified by law. Per the Cash Management Improvement Act of 1990, this account reflects the net of State interest liability and adjusted Federal interest liability payments to or from States.

The following is the status of Highway Trust Fund.

Cash balances.—The Status of Funds table begins with the unexpended balance on a "cash basis" at the start of the year. The table shows the amount of cash invested in Federal securities at par value and the amount of cash on hand (i.e., uninvested balance). Next, the table provides the amounts of cash income and cash outlays during each year to show the cash balance at the end of each year.

Revenues.—The Budget presentation includes estimated receipts from existing Highway Trust Fund excise taxes, which would continue to be deposited into the Highway and Mass Transit Accounts of the Highway Trust Fund in the same manner as current law.

General Fund transfers. In 2022, the Infrastructure Investment Jobs Act transferred from the General Fund \$90 billion to the Highway Account of the Highway Trust Fund and \$28 billion to the Mass Transit Account of the Highway Trust Fund.

The Federal-aid Highways (FAH) program is designed to aid in the development, operations, and management of an intermodal transportation system. All programs included within the FAH program are financed from the Highway Account of the Highway Trust Fund, and most are distributed via apportionments and allocations to States. Liquidating cash appropriations provide the authority for outlays resulting from obligations of contract authority. The Infrastructure Investment and Jobs Act authorized funding for the FAH program in fiscal years 2022 through 2026. This includes \$59.5 billion in 2023.

The Miscellaneous Trust Funds account reflects work performed by the Federal Highway Administration (FHWA) on behalf of other entities.

Advances from State cooperating agencies and foreign governments.—Contributions are received from other entities in connection with cooperative engineering, survey, maintenance, and construction projects.

Contributions for highway research programs.—Contributions are received from various sources in support of FHWA transportation research programs. The funds are used primarily in support of pooled-funds projects.

The Budget estimates that \$3 million of new authority will be available from non-FHWA sources in 2023.

ADMINISTRATIVE PROVISIONS—FEDERAL HIGHWAY ADMINISTRATION

SEC. 120. (a) For fiscal year 2023, the Secretary of Transportation shall—

(1) not distribute from the obligation limitation for Federal-aid highways—

(A) amounts authorized for administrative expenses and programs by section 104(a) of title 23, United States Code; and

(B) amounts authorized for the Bureau of Transportation Statistics;

(2) not distribute an amount from the obligation limitation for Federal-aid highways that is equal to the unobligated balance of amounts—

(A) made available from the Highway Trust Fund (other than the Mass Transit Account) for Federal-aid highway and highway safety construction programs for previous fiscal years the funds for which are allocated by the Secretary (or apportioned by the Secretary under sections 202 or 204 of title 23, United States Code); and

(B) for which obligation limitation was provided in a previous fiscal year;

(3) determine the proportion that—

(A) the obligation limitation for Federal-aid highways, less the aggregate of amounts not distributed under paragraphs (1) and (2) of this subsection; bears to

(B) the total of the sums authorized to be appropriated for the Federal-aid highway and highway safety construction programs (other than sums authorized to be appropriated for provisions of law described in paragraphs (1) through (11) of subsection (b) and sums authorized to be appropriated for section 119 of title 23, United States Code, equal to the amount referred to in subsection (b)(12) for such fiscal year), less the aggregate of the amounts not distributed under paragraphs (1) and (2) of this subsection;

(4) distribute the obligation limitation for Federal-aid highways, less the aggregate amounts not distributed under paragraphs (1) and (2), for each of the programs (other than programs to which paragraph (1) applies) that are allocated by the Secretary under authorized Federal-aid highway and highway safety construction programs, or apportioned by the Secretary under sections 202 or 204 of title 23, United States Code, by multiplying—

(A) the proportion determined under paragraph (3); by

(B) the amounts authorized to be appropriated for each such program for such fiscal year; and

(5) distribute the obligation limitation for Federal-aid highways, less the aggregate amounts not distributed under paragraphs (1) and (2) and the amounts distributed under paragraph (4), for Federal-aid highway and highway safety construction programs that are apportioned by the Secretary under title 23, United States Code (other than the amounts apportioned for the National Highway Performance Program in section 119 of title 23, United States Code, that are exempt from the limitation under subsection (b)(12) and the amounts apportioned under sections 202 and 204 of that title) in the proportion that—

(A) amounts authorized to be appropriated for the programs that are apportioned under title 23, United States Code, to each State for such fiscal year; bears to

(B) the total of the amounts authorized to be appropriated for the programs that are apportioned under title 23, United States Code, to all States for such fiscal year.

(b) EXCEPTIONS FROM OBLIGATION LIMITATION.—The obligation limitation for Federal-aid highways shall not apply to obligations under or for—

(1) section 125 of title 23, United States Code;

(2) section 147 of the Surface Transportation Assistance Act of 1978 (23 U.S.C. 144 note; 92 Stat. 2714);

(3) section 9 of the Federal-Aid Highway Act of 1981 (95 Stat. 1701);

(4) subsections (b) and (j) of section 131 of the Surface Transportation Assistance Act of 1982 (96 Stat. 2119);

(5) subsections (b) and (c) of section 149 of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (101 Stat. 198);

(6) sections 1103 through 1108 of the Intermodal Surface Transportation Efficiency Act of 1991 (105 Stat. 2027);

(7) section 157 of title 23, United States Code (as in effect on June 8, 1998);

(8) section 105 of title 23, United States Code (as in effect for fiscal years 1998 through 2004, but only in an amount equal to \$639,000,000 for each of those fiscal years);

(9) Federal-aid highway programs for which obligation authority was made available under the Transportation Equity Act for the 21st Century (112 Stat. 107) or subsequent Acts for multiple years or to remain available until expended, but only to the extent that the obligation authority has not lapsed or been used;

(10) section 105 of title 23, United States Code (as in effect for fiscal years 2005 through 2012, but only in an amount equal to \$639,000,000 for each of those fiscal years);

(11) section 1603 of SAFETEA-LU (23 U.S.C. 118 note; 119 Stat. 1248), to the extent that funds obligated in accordance with that section were not subject to a limitation on obligations at the time at which the funds were initially made available for obligation; and

(12) section 119 of title 23, United States Code (but, for each of fiscal years 2013 through 2022, only in an amount equal to \$639,000,000).

(c) REDISTRIBUTION OF UNUSED OBLIGATION AUTHORITY.—Notwithstanding subsection (a), the Secretary shall, after August 1 of such fiscal year—

(1) revise a distribution of the obligation limitation made available under subsection (a) if an amount distributed cannot be obligated during that fiscal year; and

(2) redistribute sufficient amounts to those States able to obligate amounts in addition to those previously distributed during that fiscal year, giving priority to those States having large unobligated balances of funds apportioned under sections 144 (as in effect on the day before the date of enactment of Public Law 112–141) and 104 of title 23, United States Code.

(d) APPLICABILITY OF OBLIGATION LIMITATIONS TO TRANSPORTATION RESEARCH PROGRAMS.—

(1) IN GENERAL.—Except as provided in paragraph (2), the obligation limitation for Federal-aid highways shall apply to contract authority for transportation research programs carried out under—

(A) chapter 5 of title 23, United States Code; and

(B) the current or prior surface transportation authorization acts.

(2) EXCEPTION.—Obligation authority made available under paragraph (1) shall—

(A) remain available for a period of 4 fiscal years; and

(B) be in addition to the amount of any limitation imposed on obligations for Federal-aid highway and highway safety construction programs for future fiscal years.

(e) REDISTRIBUTION OF CERTAIN AUTHORIZED FUNDS.—

(1) IN GENERAL.—Not later than 30 days after the date of distribution of obligation limitation under subsection (a), the Secretary shall distribute to the States any funds (excluding funds authorized for the program under section 202 of title 23, United States Code) that—

(A) are authorized to be appropriated for such fiscal year for Federal-aid highway programs; and

(B) the Secretary determines will not be allocated to the States (or will not be apportioned to the States under section 204 of title 23, United States Code), and will not be available for obligation, for such fiscal year because of the imposition of any obligation limitation for such fiscal year.

(2) RATIO.—Funds shall be distributed under paragraph (1) in the same proportion as the distribution of obligation authority under subsection (a)(5).

(3) AVAILABILITY.—Funds distributed to each State under paragraph (1) shall be available for any purpose described in section 133(b) of title 23, United States Code.

SEC. 121. Notwithstanding 31 U.S.C. 3302, funds received by the Bureau of Transportation Statistics from the sale of data products, for necessary expenses incurred pursuant to chapter 63 of title 49, United States Code, may be credited to the Federal-aid highways account for the purpose of reimbursing the Bureau for such expenses.

SEC. 122. Not less than 15 days prior to waiving, under his or her statutory authority, any Buy America requirement for Federal-aid highways projects, the Secretary of Transportation shall make an informal public notice and comment opportunity on the intent to issue such waiver and the reasons therefor.

SEC. 123. None of the funds made available in this Act may be used to make a grant for a project under section 117 of title 23, United States Code, unless the Secretary, at least 60 days before making a grant under that section, provides written notification to the House and Senate Committees on Appropriations of the proposed grant, including an evaluation and justification for the project and the amount of the proposed grant award.

SEC. 124. (a) A State or territory, as defined in section 165 of title 23, United States Code, may use for any project eligible under section 133(b) of title 23 or section 165 of title 23 and located within the boundary of the State or territory any earmarked amount, and any associated obligation limitation: Provided, That the Department of Transportation for the State or territory for which the earmarked amount was originally designated or directed notifies the Secretary of its intent to use its authority under this section and submits an annual report to the Secretary identifying the projects to which the funding would be applied. Notwithstanding the original period of availability of funds to be obligated under this section, such funds and associated obligation limitation shall remain available for obligation for a period of 3 fiscal years after the fiscal year in which the Secretary is notified. The Federal share of the cost of a project carried out with funds made available under this section shall be the same as associated with the earmark.

(b) In this section, the term "earmarked amount" means—

(1) congressionally directed spending, as defined in rule XLIV of the Standing Rules of the Senate, identified in a prior law, report, or joint explanatory statement, which was authorized to be appropriated or appropriated more than 10 fiscal years prior to the current fiscal year, and administered by the Federal Highway Administration; or

(2) a congressional earmark, as defined in rule XXI of the Rules of the House of Representatives, identified in a prior law, report, or joint explanatory statement, which was authorized to be appropriated or appropriated more than 10 fiscal years prior to the current fiscal year, and administered by the Federal Highway Administration.

(c) The authority under subsection (a) may be exercised only for those projects or activities that have obligated less than 10 percent of the amount made available for obligation as of October 1 of the current fiscal year, and shall be applied to projects within the same general geographic area within 25 miles for which the funding was designated, except that a State or territory may apply such authority to unexpended balances of funds from projects or activities the State or territory certifies have been closed and for which payments have been made under a final voucher.

(d) The Secretary shall submit consolidated reports of the information provided by the States and territories annually to the House and Senate Committees on Appropriations.

FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION

The Federal Motor Carrier Safety Administration (FMCSA) was established within the Department of Transportation by the Motor Carrier Safety Improvement Act of 1999 (P.L. 106–159). Prior to this legislation, motor carrier safety responsibilities were under the jurisdiction of the Federal Highway Administration.

FMCSA's mission is to promote safe commercial motor vehicle operation, and reduce truck and bus crashes. The Agency accomplishes this mission by reducing fatalities and property losses associated with commercial motor vehicles through education, regulation, enforcement, research, and innovative technology, thereby achieving a safer and more secure transportation environment. FMCSA is also responsible for enforcing Federal motor carrier safety and hazardous materials regulations for all commercial vehicles entering the United States along its southern and northern borders.

Motor Carrier Safety Grants provide funding to eligible States so they may conduct compliance reviews, identify and apprehend traffic violators, conduct roadside inspections, and support safety audits on new entrant carriers. FMCSA also supports States by conducting training for State agency personnel to accomplish motor carrier safety objectives. In addition, FMCSA reviews State commercial driver's license (CDL) oversight activities to prevent unqualified drivers from being issued CDLs, and actively

engages with industry and other stakeholders through Innovative Technology programs to improve the safety and productivity of commercial vehicles and drivers.

The Operations and Programs account provides the necessary resources to support program and administrative activities for motor carrier safety. The Federal Motor Carrier Safety Administration (FMCSA) will continue to improve safety and reduce severe and fatal commercial motor vehicles crashes by requiring operators to maintain standards to remain in the industry, and by removing high-risk carriers, vehicles, drivers, and service providers from operation. Funding supports Nation-wide motor carrier safety and consumer enforcement efforts, including the continuation of the Compliance, Safety and Accountability Program; regulation and enforcement of movers of household goods; and Federal safety enforcement activities at the borders to ensure that foreign-domiciled carriers entering the U.S. are in compliance with FMSCA regulations. Resources are also provided to fund regulatory development and implementation; investment in research and technology with a focus on research regarding highly automated vehicles and related technology; information technology and information management; safety outreach; and education.

Motor Carrier Safety Grants provide funding to eligible States so they may conduct compliance reviews, identify and apprehend traffic violators, conduct roadside inspections, and support safety audits on new entrant carriers. FMCSA also supports States by conducting training for State agency personnel to accomplish motor carrier safety objectives. In addition, FMCSA reviews State commercial driver's license (CDL) oversight activities to prevent unqualified drivers from being issued CDLs, and actively engages with industry and other stakeholders through Innovative Technology programs to improve the safety and productivity of commercial vehicles and drivers.

The Operations and Programs account provides the necessary resources to support program and administrative activities for motor carrier safety. The Federal Motor Carrier Safety Administration (FMCSA) will continue to improve safety and reduce severe and fatal commercial motor vehicles crashes by requiring operators to maintain standards to remain in the industry, and by removing high-risk carriers, vehicles, drivers, and service providers from operation. Funding supports Nation-wide motor carrier safety and consumer enforcement efforts, including the continuation of the Compliance, Safety and Accountability Program; regulation and enforcement of movers of household goods; and Federal safety enforcement activities at the borders to ensure that foreign-domiciled carriers entering the U.S. are in compliance with FMCSA regulations. Resources are also provided to fund regulatory development and implementation; investment in research and technology with a focus on research regarding highly automated vehicles and related technology; information technology and information management; safety outreach; and education.

The Vehicle Safety programs support activities to reduce highway fatalities, prevent injuries, and reduce their associated economic toll by developing, setting, and enforcing Federal Motor Vehicle Safety Standards and rooting out safety-related defects in motor vehicles and motor vehicle equipment. These programs also set and enforce fuel economy standards for motor vehicles. These activities play a key role in advancing the President's Agenda on climate and energy policy and has significant societal and economic impacts. The National Highway Traffic Safety Administration's (NHTSA) efforts to develop and set new fuel economy standards are guided by the best science and protected by governed processes that ensure the integrity of Federal decision-making. NHTSA supports research into cutting-edge technologies, including complex safety-critical electronic control systems, vehicle cybersecurity, and new and emerging Automated Driving System technologies. Additional research areas include biomechanics, heavy vehicles safety technologies, and vehicle safety issues related to fuel efficiency and alternative fuels. The Operation and Research program supports a broad range of initiatives, including the development of rulemaking and safety standards, such as the motor vehicle fuel economy standards, harmonization efforts with international partners, and modernizing the New Car Assessment Program. This funding also supports compliance programs for motor vehicle safety and fuel economy standards, investigations of safety-related motor vehicle defects, enforcement of Federal odometer law, and oversight of safety recalls. NHTSA also leverages this funding to collect and analyze crash data to identify safety trends and develop countermeasures.

The 911 Grant Program was authorized by the Next Generation 911 Advancement Act of 2012, which allows eligible entities to utilize funds to implement and operate 911 services, and to train public safety personnel. The program helps 911 call centers upgrade to Next Generation 911 (NG911) capabilities, such as providing digital and network capabilities and implementing advanced mapping systems that will make it easier to identify a 911 caller's location. NG911 also helps 911 call centers manage call overloads and funds for training costs directly related to NG911 implementation. The program is funded by the Public Safety Trust Fund. The authority to expend these funds expires on September 30, 2022. The schedule above shows the remaining activity associated with the completed grant program. No new funds are requested for this program in 2023.

Several new initiatives in the Infrastructure Investment and Jobs Act (IIJA) will expand, improve, and enhance NHTSAs crash data program. The funding supports revision of NHTSAs crash data programs to collect information on personal conveyances (scooters, bicycles, etc.) in crashes, update the Model Minimum Uniform Crash Criteria (MMUCC), collect additional data elements related to vulnerable road users, and coordinate with the Centers for Disease Control and Prevention on an implementation plan for States to produce a national database of pedestrian injuries and fatalities. This will allow the agency to identify, analyze, and develop strategies to reduce these crashes. The Crash Investigation Sample System (CISS) will be transformed by increasing the number of sites and adding

more researchers which will expand the scope of the study to include all crash types and increase the number of cases. This will enable the agency to make more timely and accurate assessments of automated driving in real-world crash scenarios. While many States are interested in participating in electronic data transfer, and several pilot States are already transferring data successfully, some States crash data systems are not advanced enough to enable full electronic data transfer. Additional IIJA funding will support a grant program for States to upgrade and standardize their crash data systems to enable electronic collection, intra-State sharing, and transfer to NHTSA; all of which would increase the accuracy, timeliness, and accessibility of the data for all users.

Vehicle Safety and Behavioral Research funding will support increased behavioral safety program efforts including research, communication, evaluation, and national leadership activities. These projects will provide data, analysis, and other insights to inform strategies to combat the risky driving behaviors that have increased during the pandemic and to implement a Safe System Approach. This funding supports data collection on alcohol and drug use, research to develop passive alcohol detection technology, as well as emergency medical services data collection and analysis. The funding will also support state grants to develop and implement processes for informing vehicle owners and lessees of the open recalls. Further, the program will support public education and awareness campaigns such as the risks of speeding, protecting pupil transportation safety and child passenger safety.

Funding also supports additional vehicle safety research, particularly in the critical areas of vehicle electronics and cybersecurity, and automated driving systems. Cutting-edge technologies, including complex safety-critical electronic control systems, vehicle cybersecurity, and new and emerging Automated Driving System technologies will also be evaluated. Additional research areas include biomechanics, heavy vehicles safety technologies, and vehicle safety issues related to fuel efficiency and alternative fuels. NHTSA's research advances vehicle and road user safety by informing the development of regulations and safety standards.

Trust Funds

OPERATIONS AND RESEARCH

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

For payment of obligations incurred in carrying out the provisions of 23 U.S.C. 403, including behavioral research on Automated Driving Systems and Advanced Driver Assistance Systems and improving consumer responses to safety recalls, section 25024 of the Infrastructure Investment and Jobs Act (Public Law 117-58), and chapter 303 of title 49, United States Code, \$197,000,000, to be derived from the Highway Trust Fund (other than the Mass Transit Account) and to remain available until expended: Provided, That none of the funds in this Act shall be available for the planning or execution of programs the total obligations for which,

in fiscal year 2023, are in excess of \$197,000,000: Provided further, That of the sums appropriated under this heading—

(1) \$190,000,000 shall be for programs authorized under 23 U.S.C. 403, including behavioral research on Automated Driving Systems and Advanced Driver Assistance Systems and improving consumer responses to safety recalls, and section 4011 of the Fixing America's Surface Transportation Act (Public Law 114-94); and

(2) \$7,000,000 shall be for the National Driver Register authorized under chapter 303 of title 49, United States Code:

Provided further, That within the \$197,000,000 obligation limitation for operations and research, \$57,500,000 shall remain available until September 30, 2024, and shall be in addition to the amount of any limitation imposed on obligations for future years: Provided further, That amounts for behavioral research on Automated Driving Systems and Advanced Driver Assistance Systems and improving consumer responses to safety recalls are in addition to any other funds provided for those purposes for fiscal year 2023 in this Act.

Note.—A full-year 2022 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2022 (Division A of Public Law 117-43, as amended). The amounts included for 2022 reflect the annualized level provided by the continuing resolution.

The Highway Safety Research and Development programs support research, demonstrations, evaluation, technical assistance, and national leadership activities for behavioral safety programs conducted by State and local governments, as well as various safety associations and organizations. These programs are designed to provide our State and local partners with the latest tools to combat impaired, distracted, and drowsy driving while encouraging occupant protection, pedestrian and bicycle safety, and development of best practices for emergency medical and trauma care systems as part of a comprehensive highway and traffic safety system. This funding supports the National Driver Register's Problem Driver Pointer System, which helps to identify drivers who have been suspended for or convicted of serious traffic offenses, such as driving under the influence of alcohol or other drugs. Finally, this funding will allow NHTSA to improve its vital data collection and analysis, which drives all of the agency's safety activities.

HIGHWAY TRAFFIC SAFETY GRANTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

For payment of obligations incurred in carrying out provisions of 23 U.S.C. 402, 404, and 405, and grant administrative expenses under chapter 4 of title 23, United States Code, to remain available until expended, \$795,220,000, to be derived from the Highway Trust Fund (other than the Mass Transit Account): Provided, That none of the funds in this Act shall be available for the planning or execution of programs for which the total obligations in fiscal year 2023 are in excess of \$795,220,000 for programs authorized under 23 U.S.C. 402, 404, and 405, and grant administrative expenses under chapter 4 of title 23, United States Code: Provided further, That of the sums appropriated under this heading—

HIGHWAY TRAFFIC SAFETY GRANTS—Continued

- (1) \$370,990,000 shall be for "Highway Safety Programs" under 23 U.S.C. 402;
- (2) \$346,500,000 shall be for "National Priority Safety Programs" under 23 U.S.C. 405;
- (3) \$38,300,000 shall be for the "High Visibility Enforcement Program" under 23 U.S.C. 404; and
- (4) \$39,520,000 shall be for grant administrative expenses under chapter 4 of title 23, United States Code:

Provided further, That none of these funds shall be used for construction, rehabilitation, or remodeling costs, or for office furnishings and fixtures for State, local or private buildings or structures: Provided further, That not to exceed \$500,000 of the funds made available for "National Priority Safety Programs" under 23 U.S.C. 405 for "Impaired Driving Countermeasures" (as described in subsection (d) of that section) shall be available for technical assistance to the States: Provided further, That with respect to the "Transfers" provision under 23 U.S.C. 405(a)(8), any amounts transferred to increase the amounts made available under section 402 shall include the obligation authority for such amounts: Provided further, That the Administrator shall notify the House and Senate Committees on Appropriations of any exercise of the authority granted under the previous proviso or under 23 U.S.C. 405(a)(8) within 5 days.

Note.—A full-year 2022 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2022 (Division A of Public Law 117-43, as amended). The amounts included for 2022 reflect the annualized level provided by the continuing resolution.

NHTSA provides grants to States for activities related to highway traffic safety. The State and Community Safety Grants Program (Section 402) supports multi-faceted State highway safety programs designed to reduce traffic crashes and the resulting deaths, injuries, and property damage. The Agency will continue to implement the use of performance measures and data-driven targets as a condition of approval in these programs and to ensure efficient and effective use of funds. NHTSA also will use dedicated funds from the program to support high visibility enforcement campaigns that promote the use of seat belts and the reduction of impaired and distracted driving. The National Priority Safety Programs (Section 405) allow the Agency to make grant awards to States to address national priorities, such as impaired driving, occupant protection, distracted driving, nonmotorized safety, among others.

ADMINISTRATIVE PROVISIONS

SEC. 140. An additional \$130,000 shall be made available to the National Highway Traffic Safety Administration, out of the amount limited for section 402 of title 23, United States Code, to pay for travel and related expenses for State management reviews and to pay for core competency development training and related expenses for highway safety staff.

SEC. 141. The limitations on obligations for the programs of the National Highway Traffic Safety Administration set in this Act shall not apply to obligations for which obligation authority was made available in previous public laws but only to the extent that the obligation authority has not lapsed or been used.

SEC. 142. None of the funds in this Act or any other Act shall be used to enforce the requirements of section 405(a)(9) of title 23, United States Code.

FEDERAL RAILROAD ADMINISTRATION

The Federal Railroad Administration (FRA) oversees the safety of the U.S. railroad industry by carrying out a robust regulatory enforcement and technical assistance program. FRA also administers a broad portfolio of grants aimed at improving safety and the condition of the Nations rail infrastructure, while enhancing the operating performance of both intercity passenger and freight rail service. Finally, these railroad safety and invest-

ment programs are supported by research and development, through which FRA advances technology innovations and new practices to improve rail safety and efficiency.

Federal Funds

SAFETY AND OPERATIONS

For necessary expenses of the Federal Railroad Administration, not otherwise provided for, \$254,426,000, of which \$25,000,000 shall remain available until expended.

Note.—A full-year 2022 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2022 (Division A of Public Law 117-43, as amended). In 2016, \$50 million was appropriated under the Railroad Safety Grants heading to be equally distributed to Railroad Safety Infrastructure Improvement Grants and Railroad Safety Technology Grants. The Fixing America's Surface Transportation (FAST) Act of 2015 (P.L. 114-94) repealed the Railroad Safety Infrastructure Improvement Grants program and did not

authorize new funding for the Railroad Safety Technology Grants program. No new funds are requested for this account for 2023.

RAILROAD RESEARCH AND DEVELOPMENT

For necessary expenses for railroad research and development, \$58,000,000, to remain available until expended: Provided, that of the amounts provided under this heading, up to \$3,000,000 shall be available pursuant to section 20108(d) of title 49, United States Code, for the construction, alteration, and repair of buildings and improvements at the Transportation Technology Center.

Funding requested in the Railroad Research and Development Program is focused on improving railroad safety. It provides scientific and engineering support for the Federal Railroad Administration's rail safety enforcement and rulemaking efforts. It also identifies and develops emerging technologies for the rail industry to adopt voluntarily. The outcomes of the research and development reduce accidents and incidents. In addition to improving safety, the program contributes significantly towards activities to achieve and maintain a state of good repair, promote job creation and economic growth, and improve energy efficiency and reduce emissions of rail transportation.

The program focuses on the following areas of research:

Track Program.—Reducing derailments due to track related causes.

Rolling Stock Program.—Reducing derailments due to equipment failures, to minimize the consequences of derailments, and to minimize hazardous material releases.

Train Control and Communication.—Reducing train to train collisions and train collisions with objects on the line and at grade crossings.

Human Factors Program.—Reducing accidents caused by human error.

Railroad System Issues Program.—Prioritizing Research and Development projects on the basis of relevance to safety risk reduction and other DOT goals, energy and emissions research, and workforce development.

The National Railroad Passenger Corporation (Amtrak) was established in 1970 through the Rail Passenger Service Act. Amtrak is operated and managed as a for-profit corporation. Amtrak is not an agency or instrument of the U.S. Government, although, since the railroad's creation FRA has provided annual grants for operating, capital and debt service costs.

Prior to 2006, FRA received annual appropriations in this account for grants to Amtrak. Since then, several one-time appropriations or funding transfers have been directed to this account, including \$1.3 billion in funds under the American Recovery and Reinvestment Act of 2009; \$112 million from the Disaster Relief Appropriations Act of 2013 (P.L. 113-2) for recovery efforts from super storm Sandy; \$185 million transfer from the Federal Transit Administration for the Hudson Yards disaster resiliency project in New York City; and a \$13 million transfer from the Federal Transit Administration for the Metropolitan Transportation Authority/Long Island Rail Road's River to River Rail Resiliency project in New York City. No new funds are requested for this account for 2023.

From 2006 to 2016, the Federal Railroad Administration received appropriations to this account to make grants to the National Railroad Passenger Corporation (Amtrak) for capital investments and debt service assistance.

The FAST Act authorized two new appropriations accounts for Amtrak—Northeast Corridor grants and National Network grants—which first received funding in 2017. No new funds are requested for this account for 2023.

NATIONAL NETWORK GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

To enable the Secretary of Transportation to make grants to the National Railroad Passenger Corporation for activities associated with the National Network as authorized by section 22101(b) of division B of the Infrastructure Investment and Jobs Act (Public Law 117-58), \$1,800,000,000, to remain available until expended: Provided, That Amtrak may use up to \$100,000,000 of the funds provided under this heading in this Act for corridor development activities authorized by section 22101(h) of division B of the Infrastructure Investment and Jobs Act (Public Law 117-58).

Note.—A full-year 2022 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2022 (Division A of Public Law 117-43, as amended). NATIONAL NETWORK GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

[(INCLUDING TRANSFER OF FUNDS)]

For an additional amount for "National Network Grants to the National Railroad Passenger Corporation", \$16,000,000,000, to remain available until expended, for activities associated with the National Network, as authorized by section 22101(b) of division B of this Act: Provided, That \$3,200,000,000, to remain available until expended, shall be made available for fiscal year 2022, \$3,200,000,000, to remain available until expended, shall be made available for fiscal year 2023, \$3,200,000,000, to remain available until expended, shall be made available for fiscal year 2024, \$3,200,000,000, to remain available until expended, shall be made available for fiscal year 2025, and \$3,200,000,000, to remain available until expended, shall be made available for fiscal year 2026: Provided further, That amounts made available under this heading in this Act shall be made available for capital projects for the purpose of eliminating Amtrak's deferred maintenance backlog of rolling stock, facilities, stations and infrastructure, including—

[(1) acquiring new passenger rolling stock to replace obsolete passenger equipment used in Amtrak's long-distance and state-supported services, and associated rehabilitation, upgrade, or expansion of facilities used to maintain and store such equipment;]

[(2) bringing Amtrak-served stations to full compliance with the Americans with Disabilities Act;]

[(3) eliminating the backlog of deferred capital work on Amtrak-owned railroad assets not located on the Northeast Corridor; and]

[(4) projects to eliminate the backlog of obsolete assets associated with Amtrak's national rail passenger transportation system, such as systems for reservations, security, training centers, and technology;]

Provided further, That not later than 180 days after the date of enactment of this Act, the Secretary of Transportation shall submit to the House and Senate Committees on Appropriations a detailed spend plan, including a list of project locations under the preceding proviso to be funded for fiscal year 2022: Provided further, That for each fiscal year through 2026, as part of the annual budget submission of the President under section 1105(a) of title 31, United States Code, the Secretary of Transportation shall submit a detailed spend plan for that fiscal year, including a list of project locations under the third proviso: Provided further, That of the amounts made available under this heading in this Act, and in addition to amounts made available for similar purposes under this heading in prior Acts, Amtrak shall use such amounts as necessary for the replacement of single-level passenger cars and associated rehabilitation, upgrade, and expansion of facilities used to maintain and store such passenger cars, and such amounts shall be for its direct costs and in lieu of payments from States for such purposes, notwithstanding section 209 of the Passenger Rail Investment and Improvement Act of 2008 (Public Law 110-432), as amended: Provided further, That amounts made available under this heading in this Act shall be in addition to other amounts made available for such purposes, including to enable the Secretary of Transportation to make or amend existing grants to Amtrak for activities associated with the National Network, as authorized by section 22101(b) of division B of this Act: Provided further, That in addition to the oversight funds authorized under section 22101(c) of division B of this Act, the Secretary may retain up to \$3,000,000 of the funds made available under this heading in this Act for each fiscal year for the State-Supported Route Committee established under section 24712(a) of title 49, United States Code: Provided further, That of

the funds made available under this heading in this Act, the Secretary may retain up to \$3,000,000 for each fiscal year for interstate rail compact grants, as authorized by section 22910 of title 49, United States Code: *Provided further*, That of the funds made available under this heading in this Act, not less than \$50,000,000 for each fiscal year shall be used to make grants, as authorized under section 22908 of title 49 United States Code consistent with the requirements of that section: *Provided further*, That of the amounts made available under this heading in this Act, such sums as are necessary, shall be available for purposes authorized in section 22214 of division B of this Act: *Provided further*, That amounts made available under this heading in this Act may be transferred to and merged with amounts made available under the heading "Northeast Corridor Grants to the National Railroad Passenger Corporation" in this Act for the purposes authorized under that heading: *Provided further*, That such amount is designated by the Congress as being for an emergency requirement pursuant to section 4112(a) of H. The Fixing America's Surface Transportation Act authorized two new appropriations accounts for the National Railroad Passenger Corporation (Amtrak)—Northeast Corridor Grants and National Network Grants. Funds for the National Network Grants to the National Railroad Passenger Corporation account provide capital, operating, and debt service funding for Amtrak activities related to the National Network, which includes Amtrak's State-Supported services, Long Distance services, and other Amtrak costs not allocated to the Northeast Corridor. Amtrak began receiving its annual appropriations from the Congress under this account structure in 2017.

This competitive grant program encourages State participation in passenger rail service. Under this program, a State or States may apply for grants for up to 50 percent of the cost of capital investments necessary to support improved intercity passenger rail service that either requires no operating subsidy or for which the State or States agree to provide any needed operating subsidy. To qualify for funding, States must include intercity passenger rail service as an integral part of statewide transportation planning as required under 23 U.S.C. 135. Additionally, the specific project must be on the Statewide Transportation Improvement Plan at the time of application. No new funds are requested for this account for 2023.

ADMINISTRATIVE PROVISIONS—FEDERAL RAILROAD ADMINISTRATION

SEC. 150. None of the funds made available to the National Railroad Passenger Corporation may be used to fund any overtime costs in excess of \$35,000 for any individual employee: Provided, That the President of Amtrak may waive the cap set in the preceding proviso for specific employees when the President of Amtrak determines such a cap poses a risk to the safety and operational efficiency of the system: Provided further, That the President of Amtrak shall report to the House and Senate Committees on Appropriations no later than 60 days after the date of enactment of this Act, a summary of all overtime payments incurred by Amtrak for 2022 and the 3 prior calendar years: Provided further, That such summary shall include the total number of employees that received waivers and the total overtime payments Amtrak paid to employees receiving waivers for each month for 2022 and for the 3 prior calendar years.

SEC. 151. Amounts made available in this and prior Acts to the Secretary or Federal Railroad Administration for the costs of award, administration, and project management oversight of financial assistance which are administered by the Federal Railroad Administration may be transferred to the Federal Railroad Administration's "Financial Assistance Oversight and Technical Assistance" account for necessary expenses to support the award, administration, project management oversight, and technical assistance of financial assistance administered by the Federal Railroad Administration, in the same manner as appropriated in this and such prior Acts: Provided, That this section shall not apply to amounts that were previously designated by the Congress as an emergency requirement pursuant to a concurrent resolution on the budget or section 251(b)(2)(A)(i) of the Balanced Budget and Emergency Deficit Control Act of 1985.

ADMINISTRATIVE PROVISIONS—FEDERAL RAILROAD ADMINISTRATION

[(INCLUDING TRANSFER OF FUNDS)]

[SEC. 802. Amounts made available to the Secretary of Transportation or to the Federal Railroad Administration in this title in this Act for the costs of award, administration, and project management oversight of financial assistance under the programs that are administered by the Federal Railroad Administration may be transferred to a "Financial Assistance Oversight and Technical Assistance" account, to remain available until expended, for the necessary expenses to support the award, administration, project management oversight, and technical assistance of programs administered by the Federal Railroad Administration under this Act: Provided, That one-quarter of one percent of the amounts transferred pursuant to the authority in this section in each of fiscal years 2022 through 2026 shall be transferred to the Office of Inspector General of the Department of Transportation for oversight of funding provided to the Department of Transportation in this title in this Act: Provided further, That one-quarter of one percent of the amounts transferred pursuant to the authority in this section in each of fiscal years 2022 through 2026 shall be transferred to the National Railroad Passenger Corporation Office of Inspector General for oversight of funding provided to the National Railroad Passenger Corporation in this title in this Act.] (Infrastructure Investments and Jobs Appropriations Act.)

FEDERAL TRANSIT ADMINISTRATION

The 2023 Budget request of \$16.9 billion will provide grant funding to State and local governments, public and private transit operators, and other recipients to enhance public transportation across the United States. Additionally, the Infrastructure Investment and Jobs Act provides \$4.25 billion in supplemental advance appropriations for FTA, bringing total budgetary resources to \$21.1 billion. The Federal Transit Administration's (FTA)

grant programs fund and oversee the construction of new public transit and the purchase and maintenance of transit vehicles and equipment, subsidize public transit operations, support regional transportation planning efforts, and improve technology and service methods critical to the delivery of public transportation.

This program provides grants to the Washington Metropolitan Area Transit Authority (WMATA) for capital investment and asset rehabilitation activities. The 2023 budget requests \$150 million for capital projects to help return the existing system to a state of good repair and to improve the safety and reliability of service throughout the WMATA system. This funding will support WMATA in addressing ongoing safety deficiencies and improve the reliability of service throughout the Metrorail system.

The Public Transportation Emergency Relief Program helps transit agencies restore needed transportation services immediately following disaster events. Both capital and operating costs are eligible for funding following an emergency; however, this program does not replace the Federal Emergency Management Agency's capital assistance program. FTA administers the \$10.9 billion supplemental appropriation (adjusted to \$10.2 billion after sequestration and the transfer of funds to the Office of the Inspector General and the Federal Railroad Administration) provided by the Disaster Relief Appropriations Act, 2013 (Public Law 113–2) following Hurricane Sandy through this account. The Bipartisan Budget Account of 2018 (Public Law 115–123) also provided \$330 million for eligible capital and operating costs for areas affected by Hurricanes Harvey, Irma, and Maria. The Additional Supplemental Appropriations for Disaster Relief Act, 2019 (Public Law 116–20) also provided \$10.5 million for transit systems affected by major declared disasters occurring in calendar year 2018.

For 2023, no resources are requested for this account.

The Budget requests \$8 million for technical assistance and training activities. These funds will increase the capacity and capabilities of States and transit agencies to attract and retain the next generation of the transit workforce, effectively implement transit programs and meet Federal requirements, and transform transit to meet the mobility, equity, climate and safety challenges facing communities and the Nation.

TRANSIT INFRASTRUCTURE GRANTS

For necessary expenses for Zero Emission System Transformation Planning grants, Climate Resilience and Adaptation grants, and Integrated Smart Mobility grants, \$200,000,000, to remain available until expended: *Provided*, That of the sums provided under this heading—

(1) \$50,000,000 shall be available for competitive Zero Emission System Transformation Planning grants to eligible entities for planning related to conversion of recipients' transit bus fleet to zero emission buses, and other related planning expenses: *Provided*, That eligible entities are eligible recipients under section 5339(c) of title 49, United States Code: *Provided further*, That the Federal share for projects funded under this paragraph shall not exceed 80 percent of the net project cost;

(2) \$100,000,000 shall be available for competitive Climate Resilience and Adaptation grants to eligible entities for capital projects that improve the resilience of transit assets related to climate hazards by protecting transit infrastructure, including stations, tunnels, and tracks, from flooding, extreme temperatures, and other climate-related hazards: *Provided*, That eligible entities are designated recipients, local governmental authorities, States, and Indian Tribes: *Provided further*, That an eligible subrecipient is any entity eligible to be a recipient: *Provided further*, That the Federal share for projects funded under this paragraph shall not exceed 80 percent of the net project cost; and

(3) \$50,000,000 shall be available for no more than five competitive Integrated Smart Mobility grants to eligible entities for planning and capital projects that

support the adoption of innovative approaches to mobility that will improve safety, accessibility, and equity in access to community services and economic opportunities, including first and last mile options such as optimizing transit route planning and using integrated travel planning and payment systems: *Provided*, That eligible entities are designated recipients, local governmental authorities, States, and Indian Tribes: *Provided further*, That an eligible subrecipient is any entity eligible to be a recipient: *Provided further*, That the Federal share for projects funded under this paragraph shall not exceed 80 percent of the net project cost:

Provided further, That the amounts made available under this heading shall be derived from the general fund: *Provided further*, That the amounts made available under this heading shall not be subject to any limitation on obligations for transit programs set forth in this or any other Act: *Provided further*, That notwithstanding any other provision of law, 1 percent of the funds provided for grants under this heading shall be available for administrative expenses and ongoing program management oversight as authorized under sections 5334 and 5338(c)(2) of title 49, United States Code, and shall be in addition to any other appropriations available for such purpose: *Provided further*, That unless otherwise specified, applicable requirements under chapter 53 of title 49, United States Code, shall apply to the amounts made available under this heading.

Note.—A full-year 2022 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2022 (Division A of Public Law 117–43, as amended). ADMINISTRATIVE PROVISIONS—FEDERAL TRANSIT ADMINISTRATION

SEC. 160. The limitations on obligations for the programs of the Federal Transit Administration shall not apply to any authority under 49 U.S.C. 5338, previously made available for obligation, or to any other authority previously made available for obligation.

SEC. 161. Notwithstanding any other provision of law, funds appropriated or limited by this Act under the heading "Capital Investment Grants" of the Federal Transit Administration for projects specified in this Act or identified in the explanatory statement or reports accompanying this Act not obligated by September 30, 2026, and other recoveries, shall be directed to projects eligible to use the funds for the purposes for which they were originally provided.

SEC. 162. Notwithstanding any other provision of law, any funds appropriated before October 1, 2022, under any section of chapter 53 of title 49, United States Code, that remain available for expenditure, may be transferred to and administered under the most recent appropriation heading for any such section.

SEC. 163. None of the funds made available by this Act or any other Act shall be used to adjust apportionments or withhold funds from apportionments pursuant to section 9503(e)(4) of the Internal Revenue Code of 1986 (26 U.S.C. 9503(e)(4)).

The Great Lakes St. Lawrence Seaway Development Corporation (GLS) is a wholly-owned U.S. Government corporation responsible for the operation, maintenance, and development of the U.S. portion of the St. Lawrence Seaway between Montreal and mid-Lake Erie. The GLS is also responsible for regional trade and economic development. The St. Lawrence Seaway is a binational waterway and lock transportation system for the efficient and economic movement of commercial cargoes to and from the Great Lakes region of North America. The GLS works with its Canadian counterpart agency (the St. Lawrence Seaway Management Corporation) to ensure the safety and reliability of the locks and waterway and the uninterrupted flow of maritime commerce through the system.

Appropriations from the Harbor Maintenance Trust Fund, and revenues from other non-Federal sources, are used to finance operational and capital infrastructure needs for the U.S. portion of the St. Lawrence Seaway.

PHMSA's Hazardous Materials Safety program is responsible for the oversight of the safe transportation of hazardous materials. The program relies on comprehensive risk management to establish policy, standards and regulations for classifying, packaging, hazard communication, handling, training and transporting hazardous materials via air, highway, rail and vessel. The program uses inspection, enforcement, outreach and incident analysis in efforts to reduce incidents, minimize fatalities and injuries, mitigate the consequences of incidents that occur, train and prepare first responders and enhance safety.

The Infrastructure Investment and Jobs Act (IIJA) of 2021 provided funding for the Natural Gas Distribution Infrastructure Safety and Modernization Grant Program. Grant funds are made available to a municipality or community owned utility (not including for-profit entities) to repair, rehabilitate, or replace its natural gas distribution pipeline system or portions thereof or to acquire equipment to (1) reduce incidents and fatalities and (2) avoid economic losses. With the replacement of legacy gas distribution pipelines, these systems will operate more safely, reduce methane emissions, and will serve as the building blocks of the infrastructure to transport fuels of the future.

PHMSA oversees the safe transportation of energy products and hazardous materials through pipelines. PHMSA's Pipeline Safety program regulates an expansive network of more than 2.8 million miles of gas and hazardous liquid pipelines within the United States, as well as facilities that liquefy natural gas and store natural gas underground. PHMSA establishes and enforces pipeline safety standards and conducts safety inspections in collaboration with State partners to monitor the construction and operating safety of pipelines. The Pipeline Safety program is funded by fees collected from pipeline and underground natural gas storage facility operators, as well as an annual allocation from the Oil Spill Liability Trust Fund.

PHMSA operates a national registration program for shippers and carriers of hazardous materials and collects a fee from each registrant. The fees collected are used for emergency preparedness planning and training grants; publication and distribution of the Emergency Response Guidebook; development of training curriculum guidelines for emergency responders and

technical assistance to States, political subdivisions, and Federally-recognized tribes; and administrative costs for these programs.

PHMSA has multiple responsibilities to inspect, investigate failures, regulate, and research hazardous liquid pipelines. In addition, PHMSA collects and reviews oil spill response plans prepared under the Oil Pollution Act of 1990. Operators that store, handle, or transport oil are required to develop response plans to minimize the environmental impact of oil spills and improve incident response. PHMSA reviews these plans to make sure that they are submitted on time, updated regularly, and that they comply with regulations. PHMSA improves oil spill preparedness and incident response through data analysis, inspections, exercises, spill monitoring, pipeline mapping in areas unusually sensitive to environmental damage, and by advancing technologies to detect and prevent leaks from hazardous liquid pipelines. These activities are funded in part by the Oil Spill Liability Trust Fund.

ADMINISTRATIVE PROVISIONS

SEC. 180. The matter under the heading "Department of Transportation—Pipeline and Hazardous Materials Safety Administration—Natural Gas Distribution Infrastructure Safety and Modernization Grant Program" in title VIII of division J of Public Law 117-58 is amended in the eighth proviso by striking "transferred pursuant

to the authority in this section in each of fiscal years 2022 through 2026" and insert- ing "referred to in the preceding proviso".

SEC. 181. Section 5108(g)(2)(A) of title 49, United States Code, is amended by striking "\$3,000" and inserting "\$15,000".

SEC. 182. Notwithstanding section 5116(h)(4) of title 49, United States Code, not more than 4 percent of the amounts made available from the account established under section 5116 of such title shall be available to pay administrative costs of carrying out sections 5116, 5107(e), and 5108(g)(2) of such title.

MARITIME ADMINISTRATION

Federal Funds

OPERATIONS AND TRAINING

For necessary expenses of operations and training activities authorized by law, \$192,000,000: Provided, That of the amounts made available under this heading—

(1) \$87,848,000, to remain available until September 30, 2024, shall be for the operations of the United States Merchant Marine Academy;

(2) \$11,900,000, to remain available until expended, shall be for facilities maintenance and repair, and equipment, at the United States Merchant Marine Academy;

(3) \$10,000,000, to remain available until September 30, 2024, shall be for the Maritime Environmental and Technical Assistance program authorized under section 50307 of title 46, United States Code; and

(4) \$10,819,000, to remain available until expended, shall be for the America's Marine Highway Program to make grants for the purposes authorized under paragraphs (1) and (3) of section 55601(b) of title 46, United States Code:

Provided further, That not to exceed 10 percent of any funds made available for any program, project, or activity under this heading in this Act may be transferred to any other budget activity under this heading: Provided further, That funds transferred pursuant to this section shall be made available for the same purposes and the same time period as the budget activity to which the funds are transferred: Provided further, That no transfer under this section may increase or decrease any program, project, or activity under the heading "Department of Transportation—Maritime Administration—Operations and Training" by more than 10 percent, except

that increases for facilities maintenance and repair and equipment at the United States Merchant Marine Academy may exceed 10 percent: Provided further, That any increase or decrease in excess of 10 percent, except as provided for in the previous proviso, shall be treated as a reprogramming of funds under section 405 of this Act and shall not be available for obligation or expenditure except in compliance with the procedures set forth in that section: Provided further, That the Administrator of the Maritime Administration shall transmit to the House and Senate Committees on Appropriations the annual report on sexual assault and sexual harassment at the United States Merchant Marine Academy as required pursuant to section 3510 of the National Defense Authorization Act for Fiscal Year 2017 (46 U.S.C. 51318): Provided further, That available balances under this heading for the Short Sea Transportation Program (now known as the America's Marine Highway Program) from prior year recoveries shall be available to carry out activities authorized under paragraphs (1) and (3) of section 55601(b) of title 46, United States Code.

Note.—A full-year 2022 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2022 (Division A of Public Law 117-43, as amended). The amounts included for 2022 reflect the annualized level provided by the continuing resolution.

OPERATIONS AND TRAINING

For an additional amount for "Operations and Training", \$25,000,000, to remain available until September 30, 2032, for the America's Marine Highway Program to make grants for the purposes authorized under sections 55601(b)(1) and (3) of title 46, United States Code: Provided, That such amount is designated by the Congress as being for an emergency requirement pursuant to section 4112(a) of H. Con. Res. 71 (115th Congress), the concurrent resolution on the budget for fiscal year 2018, and to section 251(b) of the Balanced Budget and Emergency Deficit Control Act of 1985. The appropriation for Operations and Training funds the United States Merchant Marine Academy (USMMA) located in Kings Point, New York, as well as headquarters staff to administer and direct Maritime Administration operations and programs including the Maritime Environmental and Technical Assistance program and America's Marine Highway program.

The USMMA, a Federal service academy and accredited institution of higher education, provides instruction to individuals to prepare them for service in the merchant marine. Funding supports traditional operations of the academic institution, midshipmen training at sea, and capital maintenance of the USMMA campus facilities.

Maritime Administration operations includes planning for coordination of U.S. maritime industry activities under emergency conditions; promotion of efficiency, safety, risk mitigation, environmental stewardship, and maritime industry standards; strategic outreach with maritime stakeholders in education and industry; and port and intermodal development oversight to increase capacity and mitigate congestion in freight movements.

The National Defense Authorization Act of 2006 authorized the Maritime Administration to make grants for capital and related improvements at eligible shipyard facilities that will foster efficiency, competitive operations, and quality ship construction, repair, and reconfiguration. Grant funds may also be used for maritime training programs to enhance technical skills and operational productivity in communities whose economies are related to or dependent upon the maritime industry.

The Assistance to Small Shipyard program provides grants to small shipyards for capital improvements and training programs.

The Ship Disposal program provides resources to properly dispose of obsolete Government-owned merchant ships maintained by the Maritime Administration in the National Defense Reserve Fleet. The Maritime Administration contracts with domestic shipbreaking firms to dismantle these vessels in accordance with guidelines set forth by the U.S. Environmental Protection Agency. The Ship Disposal program also funds the cost of program administration and maintenance of the Nuclear Ship Savannah in protective storage.

The Maritime Security Program provides direct payments to U.S. flag ship operators engaged in foreign commerce to partially offset the higher operating costs of U.S. registry. The purpose of the program is to establish and sustain a fleet of active ships that are privately owned, commercially viable, and militarily useful to meet national defense and other emergency sealift requirements. Participating operators are required to make their ships and commercial transportation resources available upon request by the Secretary of Defense during times of war or national emergency. Commercial transportation resources include ships, logistics management services, port terminal facilities, and U.S. citizen merchant mariners to crew both commercial and Government-owned merchant ships. The program will also sustain a base of U.S. Merchant Mariners to support national security requirements during times of urgent need.

The Maritime Guaranteed Loan (Title XI) program provides for a full faith and credit guarantee of debt obligations issued by U.S or foreign ship owners to finance or refinance the construction, reconstruction, or reconditioning of U.S.-flag vessels or eligible export vessels in U.S. shipyards; or for a full faith and credit guarantee of debt obligations issued by U.S. shipyard owners to finance the modernization of shipbuilding technology at shipyards located in the United States.

As required by the Federal Credit Reform Act of 1990, this account also includes the subsidy costs associated with loan guarantee commitments made in 1992 and subsequent years which are estimated on a present value basis.

Funding for the Maritime Guaranteed Loan (Title XI) program will be used for administrative expenses of the program which are paid to the Maritime Administration's Operations and Training account.

PORT INFRASTRUCTURE DEVELOPMENT PROGRAM

To make grants to improve port facilities as authorized under section 54301 of title 46, United States Code, \$230,000,000, to remain available until expended:

Provided, That projects eligible for amounts made available under this heading shall be projects for coastal seaports, inland river ports, or Great Lakes ports: Provided further, That the Maritime Administration shall distribute amounts made available under this heading as discretionary grants: Provided further, That for grants awarded under this heading, the Secretary shall prioritize projects that address climate change, environmental justice, and racial equity considerations related to the movement of goods: Provided further, That projects eligible for amounts made available under this heading shall be located—

- (1) within the boundary of a port; or
- (2) outside the boundary of a port, and directly related to port operations, or to an intermodal connection to a port:

Provided further, That the Federal share of the costs for which an amount is provided under this heading shall be up to 80 percent: Provided further, That for grants awarded under this heading, the minimum grant size shall be \$1,000,000: Provided further, That for grant awards of less than \$10,000,000, the Secretary shall prioritize ports that handled less than 8,000,000 short tons, as reflected in the Waterborne Commerce of the United States Annual Report issued immediately preceding the date of enactment of this Act: Provided further, That not to exceed 2 percent of the amounts made available under this heading shall be available for necessary costs of grant administration.

Note.—A full-year 2022 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2022 (Division A of Public Law 117-43, as amended). The amounts included for 2022 reflect the annualized level provided by the continuing resolution.

PORT INFRASTRUCTURE DEVELOPMENT PROGRAM

For an additional amount for "Port Infrastructure Development Program", \$2,250,000,000, to remain available until September 30, 2036: Provided, That \$450,000,000, to remain available until September 30, 2032, shall be made available for fiscal year 2022, \$450,000,000, to remain available until September 30, 2033, shall be made available for fiscal year 2023, \$450,000,000, to remain available until September 30, 2034, shall be made available for fiscal year 2024, \$450,000,000, to remain available until September 30, 2035, shall be made available for fiscal year 2025, and \$450,000,000, to remain available until September 30, 2036, shall be made available for fiscal year 2026: Provided further, That for the purposes of amounts made available under this heading in this Act and in prior Acts, and in addition to projects already eligible for awards under this heading, eligible projects, as defined under section 50302(c)(3) of title 46, United States Code, shall also include projects that improve the resiliency of ports to address sea-level rise, flooding, extreme weather events, earthquakes, and tsunami inundation, as well as projects that reduce or eliminate port-related criteria pollutant or greenhouse gas emissions, including projects for—

- [(1) Port electrification or electrification master planning;]
- [(2) Harbor craft or equipment replacements/retrofits;]
- [(3) Development of port or terminal micro-grids;]
- [(4) Providing idling reduction infrastructure;]
- [(5) Purchase of cargo handling equipment and related infrastructure;]
- [(6) Worker training to support electrification technology;]
- [(7) Installation of port bunkering facilities from ocean-going vessels for fuels;]
- [(8) Electric vehicle charge or hydrogen refueling infrastructure for drayage, and medium or heavy duty trucks and locomotives that service the port and related grid upgrades; or]
- [(9) Other related to port activities including charging infrastructure, electric rubber-tired gantry cranes, and anti-idling technologies;]

Provided further, That such amount is designated by the Congress as being for an emergency requirement pursuant to section 4112(a) of H. Con. Res. 71 (115th Congress), the concurrent resolution on the budget for fiscal year 2018, and to section 251(b) of the Balanced Budget and Emergency Deficit Control Act of 1985. GENERAL PROVISIONS—DEPARTMENT OF TRANSPORTATION

SEC. 190. (a) During the current fiscal year, applicable appropriations to the Department of Transportation shall be available for maintenance and operation of aircraft; hire of passenger motor vehicles and aircraft; purchase of liability insurance for motor vehicles operating in foreign countries on official department business; and uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code.

(b) During the current fiscal year, applicable appropriations to the Department and its operating administrations shall be available for the purchase, maintenance, operation, and deployment of unmanned aircraft systems that advance the missions of the Department of Transportation or an operating administration of the Department of Transportation.

(c) Any unmanned aircraft system purchased, procured, or contracted for by the Department prior to the date of enactment of this Act shall be deemed authorized by Congress as if this provision was in effect when the system was purchased, procured, or contracted for.

SEC. 191. Appropriations contained in this Act for the Department of Transportation shall be available for services as authorized by section 3109 of title 5, United States Code, but at rates for individuals not to exceed the per diem rate equivalent to the rate for an Executive Level IV.

SEC. 192. (a) No recipient of amounts made available by this Act shall disseminate personal information (as defined in section 2725(3) of title 18, United States Code) obtained by a State department of motor vehicles in connection with a motor vehicle record as defined in section 2725(1) of title 18, United States Code, except as provided in section 2721 of title 18, United States Code, for a use permitted under section 2721 of title 18, United States Code.

(b) Notwithstanding subsection (a), the Secretary shall not withhold amounts made available by this Act for any grantee if a State is in noncompliance with this provision.

SEC. 193. None of the funds made available by this Act shall be available for salaries and expenses of more than 125 political and Presidential appointees in the Department of Transportation: Provided, That none of the personnel covered by this provision may be assigned on temporary detail outside the Department of Transportation.

SEC. 194. Funds received by the Federal Highway Administration and Federal Railroad Administration from States, counties, municipalities, other public authorities, and private sources for expenses incurred for training may be credited respectively to the Federal Highway Administration's "Federal-Aid Highways" account and to the Federal Railroad Administration's "Safety and Operations" account, except for State rail safety inspectors participating in training pursuant to section 20105 of title 49, United States Code.

SEC. 195. None of the funds made available by this Act to the Department of Transportation may be used to make a loan, loan guarantee, line of credit, letter of intent, federally funded cooperative agreement, full funding grant agreement, or discretionary grant unless the Secretary of Transportation notifies the House and Senate Committees on Appropriations not less than 3 full business days before any project competitively selected to receive any discretionary grant award, letter of intent, loan commitment, loan guarantee commitment, line of credit commitment, federally funded cooperative agreement, or full funding grant agreement is announced by the Department or its operating administrations: Provided, That the Secretary of Transportation shall provide the House and Senate Committees on Appropriations with a comprehensive list of all such loans, loan guarantees, lines of credit, letters of intent, federally funded cooperative agreements, full funding grant agreements, and discretionary grants prior to the notification required under the previous proviso: Provided further, That the Secretary gives concurrent notification to the House and Senate Committees on Appropriations for any "quick release" of funds from the emergency relief program: Provided further, That no notification shall involve funds that are not available for obligation.

SEC. 196. Rebates, refunds, incentive payments, minor fees, and other funds received by the Department of Transportation from travel management centers, charge card programs, the subleasing of building space, and miscellaneous sources are to be credited to appropriations of the Department of Transportation and allocated to elements of the Department of Transportation using fair and equitable criteria and such funds shall be available until expended.

SEC. 197. Notwithstanding any other provision of law, if any funds provided by or limited by this Act are subject to a reprogramming action that requires notice to be provided to the House and Senate Committees on Appropriations, transmission of such reprogramming notice shall be provided solely to the House and Senate Committees on Appropriations: Provided, That the Secretary of Transportation may provide notice to other congressional committees of the action of the House and Senate Committees on Appropriations on such reprogramming.

SEC. 198. Funds appropriated by this Act to the operating administrations may be obligated for the Office of the Secretary for the costs related to assessments or reimbursable agreements only when such amounts are for the costs of goods and services that are purchased to provide a direct benefit to the applicable operating administration or administrations.

SEC. 199. The Secretary of Transportation is authorized to carry out a program that establishes uniform standards for developing and supporting agency transit pass and transit benefits authorized under section 7905 of title 5, United States Code, including distribution of transit benefits by various paper and electronic media.

SEC. 200. The Department of Transportation may use funds provided by this Act, or any other Act, to assist a contract under title 49 U.S.C. or title 23 U.S.C. utilizing geographic, economic, or any other hiring preference not otherwise authorized by law, or to amend a rule, regulation, policy or other measure that forbids a recipient of a Federal Highway Administration or Federal Transit Administration grant from imposing such hiring preference on a contract or construction project with which the Department of Transportation is assisting, only if the grant recipient certifies the following:

(1) that except with respect to apprentices or trainees, a pool of readily available but unemployed individuals possessing the knowledge, skill, and ability to perform the work that the contract requires resides in the jurisdiction;

(2) that the grant recipient will include appropriate provisions in its bid document ensuring that the contractor does not displace any of its existing employees in order to satisfy such hiring preference; and

(3) that any increase in the cost of labor, training, or delays resulting from the use of such hiring preference does not delay or displace any transportation project in the applicable Statewide Transportation Improvement Program or Transportation Improvement Program.

SEC. 201. The Secretary of Transportation shall coordinate with the Secretary of Homeland Security to ensure that best practices for Industrial Control Systems Procurement are up-to-date and shall ensure that systems procured with funds provided under this title were procured using such practices.

GENERAL PROVISIONS—THIS ACT

SEC. 401. None of the funds in this Act shall be used for the planning or execution of any program to pay the expenses of, or otherwise compensate, non-Federal parties intervening in regulatory or adjudicatory proceedings funded in this Act.

SEC. 402. None of the funds appropriated in this Act shall remain available for obligation beyond the current fiscal year, nor may any be transferred to other appropriations, unless expressly so provided herein.

SEC. 403. The expenditure of any appropriation under this Act for any consulting service through a procurement contract pursuant to section 3109 of title 5, United States Code, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 404. Except as otherwise provided in this Act, none of the funds provided in titles I or III of this Act, provided by previous appropriations Acts to the agencies or entities funded in titles I or III of this Act that remain available for obligation or expenditure in fiscal year 2023, or provided from any accounts in the Treasury derived by the collection of fees and available to the agencies funded by titles I or III of this Act, shall be available for obligation or expenditure through a reprogramming of funds that—

(1) creates a new program;

(2) eliminates a program, project, or activity;

(3) increases funds or personnel for any program, project, or activity for which funds have been denied or restricted by the Congress;

(4) proposes to use funds directed for a specific activity in an appropriations Act for a different purpose;

(5) augments existing programs, projects, or activities in excess of \$5,000,000 or 10 percent, whichever is less;

(6) reduces existing programs, projects, or activities by \$5,000,000 or 10 percent, whichever is less; or

(7) creates, reorganizes, or restructures a branch, division, office, bureau, board, commission, agency, administration, or department different from the budget justifications submitted to the Committees on Appropriations or the table accompanying the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), whichever is more detailed, unless prior notice is transmitted to the House and Senate Committees on Appropriations: Provided, That not later than 60 days after the date of enactment of this Act, each agency funded by this Act shall submit a report to the Committees on Appropriations of the Senate and of the House of Representatives to establish the baseline for application of reprogramming and transfer authorities for the current fiscal year: Provided further, That the report shall include—

(A) a table for each appropriation with a separate column to display the prior year enacted level, the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if appropriate, and the fiscal year enacted level;

(B) a delineation in the table for each appropriation and its respective prior year enacted level by object class and program, project, and activity as detailed in this Act, the table accompanying the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), accompanying reports of the House and Senate Committee on Appropriations, or in the budget appendix for the respective appropriations, whichever is more detailed, and shall apply to all items for which a dollar amount is specified and to all programs for which new budget (obligational) authority is provided, as well as to discretionary grants and discretionary grant allocations; and

(C) an identification of items of special congressional interest.

SEC. 405. Except as otherwise specifically provided by law, not to exceed 50 percent of unobligated balances remaining available at the end of fiscal year 2023 from appropriations made available for salaries and expenses for fiscal year 2023 in this Act, shall remain available through September 30, 2024, for each such account for

the purposes authorized: Provided, That a notification shall be submitted to the House and Senate Committees on Appropriations prior to the expenditure of such funds: Provided further, That these requests shall be made in compliance with re-programming guidelines under section 404 of this Act.

SEC. 406. No funds in this Act may be used to support any Federal, State, or local projects that seek to use the power of eminent domain, unless eminent domain is employed only for a public use: Provided, That for purposes of this section, public use shall not be construed to include economic development that primarily benefits private entities: Provided further, That any use of funds for mass transit, railroad, airport, seaport or highway projects, as well as utility projects which benefit or serve the general public (including energy-related, communication-related, water-related and wastewater-related infrastructure), other structures designated for use by the general public or which have other common-carrier or public-utility functions that serve the general public and are subject to regulation and oversight by the government, and projects for the removal of an immediate threat to public health and safety or brownfields as defined in the Small Business Liability Relief and Brownfields Revitalization Act (Public Law 107–118) shall be considered a public use for purposes of eminent domain.

SEC. 407. No funds appropriated pursuant to this Act may be expended by an entity unless the entity agrees that in expending the assistance the entity will comply with sections 2 through 4 of the Act of March 3, 1933 (41 U.S.C. 8301–8305, popularly known as the "Buy American Act").

SEC. 408. No funds appropriated or otherwise made available under this Act shall be made available to any person or entity that has been convicted of violating the Buy American Act (41 U.S.C. 8301–8305).

SEC. 409. None of the funds made available in this Act may be used for first-class airline accommodations in contravention of sections 301–10.122 and 301–10.123 of title 41, Code of Federal Regulations.

SEC. 410.

(a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

SEC. 411. (a) None of the funds made available in this Act may be used to deny an Inspector General funded under this Act timely access to any records, documents, or other materials available to the department or agency over which that Inspector General has responsibilities under the Inspector General Act of 1978 (5 U.S.C. App.), or to prevent or impede that Inspector General's access to such records, documents, or other materials, under any provision of law, except a provision of law that expressly refers to the Inspector General and expressly limits the Inspector General's right of access.

(b) A department or agency covered by this section shall provide its Inspector General with access to all such records, documents, and other materials in a timely manner.

(c) Each Inspector General shall ensure compliance with statutory limitations on disclosure relevant to the information provided by the establishment over which that Inspector General has responsibilities under the Inspector General Act of 1978 (5 U.S.C. App.).

(d) Each Inspector General covered by this section shall report to the Committees on Appropriations of the House of Representatives and the Senate within 5 calendar days any failures to comply with this requirement.

SEC. 412. None of the funds appropriated or otherwise made available by this Act may be used to pay award or incentive fees for contractors whose performance has been judged to be below satisfactory, behind schedule, over budget, or has failed to meet the basic requirements of a contract, unless the Agency determines that any such deviations are due to unforeseeable events, government-driven scope changes, or are not significant within the overall scope of the project and/or program unless such awards or incentive fees are consistent with 16.401(e)(2) of the Federal Acquisition Regulations.
