

EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF MANAGEMENT AND BUDGET
WASHINGTON, D.C. 20503

May 5, 2022

Statement from OMB Director Shalanda Young

**Budgetary Impact Analysis for Executive Order Entitled
“Enhancing the National Quantum Initiative Advisory Committee”**

This executive order re-establishes the National Quantum Initiative Advisory Committee (NQIAC) and provides that the President himself will appoint the committee’s members. As required by the order, the committee will also submit its recommendations directly to the President. By establishing this direct line between the President and NQIAC, the order strengthens the committee’s influence across the Government, reflecting this Administration’s investment in cutting-edge science and technology. Implementing this executive order would have no impact on mandatory and discretionary obligations and outlays, as well as on revenues to the Federal Government, in the 5-year fiscal period beginning in fiscal year 2022. The agencies anticipated to be impacted by this executive order include the Department of Energy and other agencies that participate in the National Quantum Initiative Program.
