BIPARTISAN INFRASTRUCTURE LAW: FUNDING OPPORTUNITIES YOU CAN APPLY FOR TODAY

Updated as of: October 28, 2022

Since President Biden signed the Bipartisan Infrastructure Law more than eight months ago, his Administration has hit the ground running to deliver investments that change people's lives for the better and get America moving again. Already, over \$185 billion has been announced and is headed to states, Tribes, territories, and local governments. In addition, billions more in funding is available today through competitive programs. Our Administration is committed to making these opportunities accessible and transparent, so communities across America know what to apply for, who to contact, and how to get ready to rebuild. This document highlights funding opportunities that communities can apply for today. The list includes information on the program, the deadline for applying, and a link to the application. For more information on the full set of programs in the Bipartisan Infrastructure Law, including upcoming milestones, visit [build.gov](https://www.build.gov).

Program	Agency	Description	Deadline	Link to Application / Information
TRANSPORTATION				
Advanced Transportation Technologies and Innovative Mobility Deployment (ATTIMD) Program	Department of Transportation (Federal Highway Administration)	Funding for projects to deploy, install, and operate advanced transportation technologies to improve safety, mobility, efficiency, system performance, intermodal connectivity, and infrastructure return on investment.	11/18/2022	Link to NOFO
The Strengthening Mobility and Revolutionizing Transportation (SMART) Grants Program	Department of Transportation (Federal Rail Administration)	Funding for projects focused on advanced smart city or community technologies and systems to improve transportation efficiency and safety.	11/18/2022	Link to NOFO
Thriving Communities Program	Department of Transportation (Build America Bureau)	Technical assistance program to help selected communities plan and develop a pipeline of comprehensive transportation, housing, and community revitalization activities.	11/22/2022: Application due for organizations who wish to provide capacity building, planning, and technical assistance 12/6/2022: Letter of Interest (must identify community partner)	Link to program information and submission form
Consolidated Rail Safety and Improvement (CRISI) Program	Department of Transportation (Federal Rail Administration)	Funding for projects that modernize freight and passenger rail infrastructure to improve railroad safety, efficiency, & reliability.	12/1/2022	Link to NOFO
Rail Vehicle Replacement Program	Department of Transportation (Federal Transit Administration)	Funding to support the replacement of rail vehicle cars.	1/5/2023	Link to NOFO
Culvert AOP Program	Department of Transportation	Funding for projects to improve or restore	2/6/2023	Link to NOFO

Program	Agency	Description	Deadline	Link to Application / Information
	(Federal Highway Administration)	anadromous fish passage through the replacement, removal, repair, or improvement of culverts or weirs.		
POWER & CLEAN ENERGY				
State Energy Program	Department of Energy	Funding to States, Territories, and DC to support states to develop and implement clean energy programs and projects.	11/4/2022	Link to Funding Opportunity Announcement
Regional Clean Hydrogen Hubs	Department of Energy	Funding for projects that demonstrate the production, processing, delivery, storage, and end-use of, clean hydrogen through regional clean hydrogen hubs.	11/7/2022: Concept Paper Deadline 4/7/2023: Full Application Deadline	Link to program information and application form.
Rare Earth Element Demonstration Facility	Department of Energy	Funding to projects for the design, construction, and operation of a Rare Earth Element Demonstration Facility that demonstrates the extraction, separation and refining from unconventional feedstock materials to high purity individual or binary rare earth metals and/or critical minerals and materials.	11/21/2022	Link to NOFO
Carbon Storage Assurance Facility Enterprise (CarbonSAFE)	Department of Energy	Funding available to support the availability of Carbon Capture, Utilization, and Storage (CCUS) and carbon dioxide removal (CDR) to reach climate goals by building upon these learnings to test, mature, and validate CCUS	11/28/2022	Link to NOFO

Program	Agency	Description	Deadline	Link to Application / Information
		technologies at commercial-scale.		
Front-End Engineering and Design Studies for CO2 Transport	Department of Energy	Funding for Front-End Engineering and Design (FEED) studies that support and accelerate the planning for CO2 transport by a variety of modes.	11/28/2022	Link to NOFO
Front-End Engineering Design Studies for Integrated Carbon Capture Transport and Storage Systems	Department of Energy	Funding for projects to execute and complete front-end engineering design (FEED) studies for integrated carbon capture, transport (if required) and storage (CCS) systems.	12/5/2022	Link to NOFO
Advancing Equity through Workforce Partnerships	Department of Energy	Funding for workforce programs that will facilitate deployment of solar energy technologies.	Letter of Intent Deadline (Closed 9/13/2022) Concept Paper Deadline (Closed 9/20/2022) 12/6/2022: Full Application Deadline	Link to Funding Opportunity Announcement
Preventing Outages and Enhancing the Resilience of the Electric Grid – Formula	Department of Energy	Funding to States and Indian Tribes to improve the resilience of the electric grid against disruptive events.	3/31/2023	Link to application form.
RESILIENCE AND LEGACY POLLUTION				
Marine Debris: Challenge Program	Department of Commerce	Funding for research proposals aiming to innovate interception and/or removal technologies, reusable systems, microplastics, and/or nanoplastics.	10/27/2022	Link to NOFO

Program	Agency	Description	Deadline	Link to Application / Information
Coastal Zone Management	Department of Commerce	Funding for projects for habitat restoration engineering, design, and planning.	10/28/2022	Link to NOFO
National Estuarine Research Reserve System	Department of Commerce	Funding for Reserves to protect and restore ecologically significant habitats, including conserving lands that play a critical role in helping coastal communities become more resilient to storms, flooding, inundation, erosion, tsunamis, sea level rise and lake level changes and other natural hazards affecting the U.S. coastlines.	10/28/2022	Link to NOFO
Brownfields Program	Environmental Protection Agency	Funding to clean up, redevelop, and reuse contaminated properties.	11/22/2022	Link to NOFO
Abandoned Mine Lands	Department of the Interior	Funding to states and Navajo Nation to reclaim hazardous abandoned mine lands caused by past coal mining while creating good-paying jobs and revitalizing coal communities.	03/31/2023: Application due.	Link to NOFO
WATER				
Drinking Water and Clean Water State Revolving Funds	Environmental Protection Agency	Funding to public water systems to address drinking water needs, promote clean water, and replace lead pipes	Rolling Basis: States develop Intended Use Plan & request local project proposals	Link to Additional Information
Small Surface Water and Groundwater Storage Projects	Department of the Interior	Funding for projects for small surface water storage and groundwater storage projects.	12/9/2022	Link to NOFO
