

## CORPS OF ENGINEERS—CIVIL WORKS

The following appropriations shall be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for authorized civil functions of the Department of the Army pertaining to [river and harbor] commercial navigation, flood and storm damage reduction, [shore protection,] aquatic ecosystem restoration, and related efforts.

### Federal Funds

#### OFFICE OF THE ASSISTANT SECRETARY OF THE ARMY FOR CIVIL WORKS

For the Office of the Assistant Secretary of the Army for Civil Works as authorized by 10 U.S.C. 3016(b)(3), [\$5,000,000] \$6,000,000, to remain available until September 30, [2024: Provided, That not more than 75 percent of such amount may be obligated or expended until the Assistant Secretary submits to the Committees on Appropriations of both Houses of Congress the report required under section 101(d) of this Act and a work plan that allocates at least 95 percent of the additional funding provided under each heading in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), to specific programs, projects, or activities] 2025. (Energy and Water Development and Related Agencies Appropriations Act, 2023.)

#### Program and Financing (in millions of dollars)

This appropriation funds strategic planning for and overall supervision of the Army's civil works program.

#### WATER INFRASTRUCTURE FINANCE AND INNOVATION PROGRAM ACCOUNT

For the cost of direct loans and for the cost of guaranteed loans, as authorized by the Water Infrastructure Finance and Innovation Act of 2014, \$2,200,000, to remain available until expended, for safety projects to maintain, upgrade, and repair dams identified in the National Inventory of Dams with a primary owner type of State, local government, public utility, or private; Provided, That no project may be funded with amounts provided under this heading for a dam that is identified as jointly owned in the National Inventory of Dams and where one of those joint owners is the Federal Government: Provided further, That such costs, including the cost of modifying such loans, shall be as defined in section 502 of the Congressional Budget Act of 1974: Provided further, That these funds are available to subsidize gross obligations for the principal amount of direct loans, including capitalized interest, and total loan principal, including

capitalized interest, any part of which is to be guaranteed, not to exceed \$220,000,000: Provided further, That the use of direct loans or loan guarantee authority under this heading for direct loans or commitments to guarantee loans for any project shall be in accordance with the criteria published in the Federal Register on June 30, 2020 (85 Fed. Reg. 39189) pursuant to the fourth proviso under the heading "Water Infrastructure Finance and Innovation Program Account" in division D of the Further Consolidated Appropriations Act, 2020 (Public Law 116–94): Provided further, That any references to the Environmental Protection Agency (EPA) or the Administrator in the criteria referenced in the previous proviso shall be deemed to be references to the Army Corps of Engineers or the Secretary of the Army, respectively, for purposes of the direct loans or loan guarantee authority made available under this heading: Provided further, That for the purposes of carrying out the Congressional Budget Act of 1974, the Director of the Congressional Budget Office may request, and the Secretary shall promptly provide, documentation and information relating to a project identified in a Letter of Interest submitted to the Secretary pursuant to a Notice of Funding Availability for applications for credit assistance under the Water Infrastructure Finance and Innovation Act Program, including with respect to a project that was initiated or completed before the date of enactment of this Act.

In addition, fees authorized to be collected pursuant to sections 5029 and 5030 of the Water Infrastructure Finance and Innovation Act of 2014 shall be deposited in this account, to remain available until expended.

[For] In addition, for administrative expenses to carry out the direct and guaranteed loan programs [authorized by the Water Infrastructure Finance and Innovation Act of 2014], [\$7,200,000] \$5,000,000, to remain available until September 30, [2024] 2025. (Energy and Water Development and Related Agencies Appropriations Act, 2023.)

The Water Infrastructure Finance and Innovation Act (WIFIA) Program, authorized by the Water Resources Reform and Development Act, 2014, as amended, allows the Corps of Engineers to issue loans and loan guarantees for eligible non-Federal water resources projects. This new Federal credit program is being established with funds first appropriated in FY 2021 for dam safety projects at non-Federal dams. The Army Corps is currently working on regulations to implement this program. The 2024 Budget proposes \$7.2 million for the program, including \$5 million for administrative expenses and \$2.2 million for credit subsidy costs related to non-Federal dam safety projects for this program.

CONSTRUCTION

For expenses necessary for the construction of [river and harbor] commercial navigation, flood and storm damage reduction, [shore protection, ] and aquatic ecosystem restoration projects, and related [projects authorized by law] efforts; and for [conducting detailed] studies, design work, and plans and specifications [ ] of such projects [(including those involving participation by States, local governments, or private groups) authorized or made eligible for selection by law (but such detailed studies, and plans and specifications, shall not constitute a commitment of the Government to construction); \$1,808,800,000] and related efforts, \$2,014,577,000, to remain available until expended [ ]; of which \$75,518,000, to be derived from the Harbor Maintenance Trust Fund, shall be to cover the Federal share of construction costs for facilities under the Dredged Material Disposal Facilities program; and of which such sums as are necessary to cover 35 percent of the costs of construction, replacement, rehabilitation, and expansion of inland waterways projects shall be derived from the Inland Waterways Trust Fund, except as otherwise specifically provided for in law: *Provided*, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress]. (*Energy and Water Development and Related Agencies Appropriations Act, 2023.*)

CONSTRUCTION

[For an additional amount for "Construction" for necessary expenses to address emergency situations at Corps of Engineers projects, construct Corps of Engineers projects, and rehabilitate and repair damages caused by natural disasters to Corps of Engineers projects, \$261,300,000, to remain available until expended: *Provided*, That funds made available in this paragraph in this Act are available to construct flood and storm damage reduction, including shore protection, projects which are currently authorized or which are authorized after the date of enactment of this Act, and flood and storm damage reduction, including shore protection, projects which have signed Chief's Reports as of the date of enactment of this Act or which are studied using funds provided under the heading "Investigations" of this Act if the Secretary determines such projects to be technically feasible, economically justified, and environmentally acceptable, in States and insular areas that were impacted by Hurricanes Ian, Fiona, and Nicole: *Provided further*, That to the extent that ongoing construction projects are constructed using funding pursuant to the first proviso in this paragraph in this Act, such construction shall be at full Federal expense: *Provided further*, That the Secretary may initiate additional new construction starts with funds provided pursuant to the first proviso in this paragraph in this Act: *Provided further*, That using funds provided in this paragraph in this Act, the non-Federal cash contribution for projects eligible for funding pursuant to the first proviso in this paragraph in this Act shall be financed in accordance with the provisions of section 103(k) of Public Law 99-662 over a period of 30 years from the date of completion of the project or separable element: *Provided further*, That funds made available in this paragraph in this Act may be for ongoing projects that have previously received funds under this heading in the Disaster Relief Appropriations Act of 2013 (Public Law 113-2) and for which non-Federal interests have entered into binding agreements with the Secretary at the time of enactment of this Act: *Provided further*, That projects receiving funds pursuant to the preceding proviso, shall be subject to the terms and conditions of Disaster Relief Appropriations Act of 2013 (Public Law 113-2): *Provided further*, That funds made available in this paragraph in this Act may be for projects that have previously received funds under this heading in the Bipartisan Budget Act of 2018 (Public Law 115-123) and for which non-Federal interests have entered into binding agreements with the Secretary at the time of enactment of this Act: *Provided further*, That projects receiving funds pursuant to the preceding proviso, shall be subject to the terms and conditions of Bipartisan Budget Act of 2018 (Public Law 115-123): *Provided further*, That funds made available in this paragraph in this Act may be used for projects that have previously received funds under this heading in the Disaster Relief Supplemental Appropriations Act of 2022 (Public Law 117-43) and for which non-Federal interests have entered into binding agreements with the Secretary at the time of enactment of this Act: *Provided further*, That projects receiving funds pursuant to the preceding proviso, shall be subject to the terms and conditions of Disaster Relief Supplemental Appropriations Act of 2022 (Public Law 117-43): *Provided further*, That construction of ongoing projects that have previously received funds under this heading from the Disaster Relief Supplemental Appropriations Act of 2022 (Public Law 117-43) to complete certain features, useful increments of work, or components of the project shall be at full Federal expense with respect to funds provided to the project under this heading in such Act or in this paragraph in this Act: *Provided further*, That of the sums appropriated in this paragraph in this Act, any sums as are necessary to cover the Federal share of eligible construction costs for coastal harbors and channels, and for inland harbors eligible to be derived from the Harbor Maintenance Trust Fund under section 101 or section 104 of the Water Resources and Development Act of 2020 shall be derived from the general fund of the Treasury: *Provided further*, That for projects receiving funding in this paragraph in this Act, the limitation concerning total project costs in section 902 of the Water Resources Development Act of 1986 (Public Law 99-662), as amended, shall not apply to funds provided in this paragraph in this Act: *Provided further*, That any projects using funds appropriated in this paragraph in this Act shall be initiated only after non-Federal interests have entered into binding agreements with the Secretary requiring, where applicable, the non-Federal interests to pay 100 percent of the operation, maintenance, repair, replacement, and rehabilitation costs of the project and to hold and save the United States free from damages due to the construction or operation and maintenance of the project, except for damages due to the fault or negligence of the United States or its contractors: *Provided further*, That within 60 days of enactment of this Act, the Chief of Engineers shall submit directly to the House and Senate Committees on Appropriations a detailed work plan for the funds provided in this paragraph in this Act, including a list of project locations, new construction projects selected to be initiated, the total cost for all projects, and a schedule by fiscal year of proposed use of such funds: *Provided further*, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress: *Provided further*, That beginning not later than 60 days after the enactment of this Act, the Assistant Secretary of the Army for Civil Works shall provide a quarterly report directly to the Committees on Appropriations of the House of Repres-

entatives and the Senate detailing the allocation and obligation of the funds provided in this paragraph in this Act: *Provided further*, That amounts repurposed pursuant to this paragraph that were previously designated by the Congress as an emergency requirement pursuant to section 4001(a)(1) and section 4001(b) of S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022, are designated by the Congress as an emergency requirement pursuant to section 4001(a)(1) of such concurrent resolution and section 1(c) of H. Res. 1151 (117th Congress), as engrossed in the House of Representatives on June 8, 2022. **■**

**■** For an additional amount for "Construction", \$297,200,000, to remain available until expended: *Provided*, That of the funds made available in this paragraph in this Act, \$45,000,000 shall be for flood and storm damage reduction: *Provided further*, That of the funds made available in this paragraph in this Act, \$36,575,000 shall be for flood control: *Provided further*, That of the funds made available in this paragraph in this Act, for flood and storm damage reduction and flood control, \$43,650,000 shall be to continue construction of projects that principally address drainage in urban areas: *Provided further*, That of the funds made available in this paragraph in this Act, \$36,575,000 shall be for shore protection: *Provided further*, That of the funds made available in this paragraph in this Act, \$113,550,000 shall be for major rehabilitation, construction, and related activities for rivers and harbors navigation projects, of which \$10,000,000 shall be for authorized reimbursements: *Provided further*, That of the sums appropriated in this paragraph in this Act, any sums as are necessary to cover the Federal share of eligible construction costs for coastal harbors and channels, and for inland harbors eligible to be derived from the Harbor Maintenance Trust Fund under section 101 or section 104 of the Water Resources and Development Act of 2020 shall be derived from the general fund of the Treasury: *Provided further*, That of the funds made available in this paragraph in this Act, \$19,000,000 shall be for other authorized project purposes, of which up to \$11,900,000 shall be for the execution of comprehensive restoration plans developed by the Corps for major bodies of water: *Provided further*, That of the funds made available in this paragraph in this Act, \$28,500,000 shall be for environmental restoration or compliance: *Provided further*, That of the funds made available in this paragraph in this Act, \$18,000,000 shall be for water-related environmental infrastructure assistance to make environmentally sound repairs and upgrades to water infrastructure: *Provided further*, That within 60 days of enactment of this Act, the Chief of Engineers shall submit directly to the House and Senate Committees on Appropriations a detailed work plan for the funds provided in this paragraph in this Act, including a list of project locations, the total cost for all projects, and a schedule by fiscal year of proposed use of such funds: *Provided further*, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress. **■** (*Disaster Relief Supplemental Appropriations Act, 2023.*)

This appropriation funds the construction, replacement, rehabilitation, and expansion of water resources projects whose principal purpose is to provide commercial navigation, flood and storm damage reduction, or aquatic ecosystem restoration benefits to the Nation, and related efforts.

This account allocates funds on a performance basis to high-performing projects. The Budget funds those investments within the three main mission areas of the Corps civil works program—commercial navigation, flood and storm damage reduction, and aquatic ecosystem restoration—as well as related efforts that provide the best economic, environmental, and public safety returns to the Nation. In developing the Budget, consideration was given to advancing three key objectives including: 1) increasing infrastructure and ecosystem resilience to climate change and decreasing climate risk for communities based on the best available science; and 2) promoting environmental justice in disadvantaged communities in line with Justice40 and creating good paying jobs that promote a chance to join a union.

This account includes \$408.9 million for work under the Comprehensive Everglades Restoration Plan (CERP), which represents approximately 20.3 percent of the total amount in this account and approximately 5.5 percent of the total amount in the civil works program. Funding CERP at this level would not have a significant impact on the overall civil works program in 2024. Construction account funding for CERP in future years will depend on the availability of funds, so the impact of such future funding on the overall civil works program cannot be determined at this time. Funding for the Department of the Interior (DOI) includes an additional \$8.5 million for work under CERP. This account also includes approximately \$6.1 million for other ecosystem restoration work by the Corps in South Florida, including the Everglades ecosystem. Funding for DOI includes \$61.7 million for such non-CERP work. The Budget for the two agencies includes a total of \$485 million for ecosystem restoration work in South Florida, of which \$417.4 million is for CERP and \$67.8 million is for non-CERP work (P.L. 106–541 section 601).

The Budget also includes \$350 million for replacement of the Cape Cod Canal Bridges and an authorizing legislation that would allow the Corps to implement those funds by transferring them to the Commonwealth of Massachusetts for the design and construction of these bridges. The legislative proposal would authorize the Corps to transfer funds to state and local agencies to facilitate the transfer of bridges the Corps currently owns. The state and local agencies would then own, operate, and maintain the bridges. In support of this legislative proposal, the Budget

CONSTRUCTION—Continued

shows that the Corps will fully outlay the \$350 million in 2024 by transferring this funding to the Commonwealth of Massachusetts.

This appropriation also funds the Corps continuing authorities programs, which involve the planning, design, and construction of smaller projects that do not require specific authorizing legislation.

Object Classification (in millions of dollars)

Table with 4 columns: Identification code 096-3122-0-1-301, 2022 actual, 2023 est., 2024 est. Rows include Direct obligations: Personnel compensation (11.1-11.8), Total personnel compensation (11.9), Civilian personnel benefits (12.1), Travel and transportation of persons (21.0), Rental payments to others (23.2), Advisory and assistance services (25.1), Other services from non-Federal sources (25.2), Purchase of goods and services from Government accounts (25.3), Operation and maintenance of facilities (25.4), Supplies and materials (26.0), Equipment (31.0), Land and structures (32.0), Grants, subsidies, and contributions (41.0), Direct obligations (99.0), Reimbursable obligations (99.0), Total new obligations, unexpired accounts (99.9).

Employment Summary

Table with 4 columns: Identification code 096-3122-0-1-301, 2022 actual, 2023 est., 2024 est. Rows include Direct civilian full-time equivalent employment (1001), Reimbursable civilian full-time equivalent employment (2001).

OPERATION AND MAINTENANCE

For expenses necessary for the operation, maintenance, and care of existing [river and harbor] commercial navigation, flood and storm damage reduction, and aquatic ecosystem restoration, and related projects, [authorized by law;] and related efforts; providing security for infrastructure owned or operated by the Corps, including administrative buildings and laboratories; maintaining harbor channels provided by a State, municipality, or other public agency that serve essential navigation needs of general commerce, where authorized by law; surveying and charting northern and northwestern lakes and connecting waters; clearing and straightening channels; and removing obstructions to navigation, [\$5,078,500,000] \$2,629,913,000, to remain available until expended, of which \$2,227,092,000, to be derived from the Harbor Maintenance Trust Fund, shall be to cover the Federal share of eligible operations and maintenance costs for coastal harbors and channels, and for inland harbors; of which such sums as become available from the special account for the Corps of Engineers established by the Land and Water Conservation Fund Act of 1965 shall be derived from that account for resource protection, research, interpretation, and maintenance activities related to resource protection in the areas managed by the Army Corps of Engineers at which outdoor recreation is available; of which such sums as become available from fees collected under section 217 of Public Law 104-303 shall be used to cover the cost of operation and maintenance of the dredged material disposal facilities for which such fees have been collected; and of which \$56,000,000, to be derived from the general fund of the Treasury, shall be to carry out subsection (c) of section 2106 of the Water Resources Reform and Development Act of 2014 (33 U.S.C. 2238c) and shall be designated as being for such purpose pursuant to paragraph (2)(B) of section 14003 of division B of the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116-136): Provided, That 1 percent of the total amount of funds provided for each of the programs, projects, or activities funded under this heading shall not be allocated to a field operating activity prior to the beginning of the fourth quarter of the fiscal year and shall be available for use by the Chief of Engineers to fund such emergency activities as the Chief of Engineers determines to be necessary and appropriate, and that the Chief of Engineers shall allocate during the fourth quarter any remaining funds which have not been used for emergency activities proportionally in accordance with the amounts provided for the programs, projects, or activities: Provided further, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress. (Energy and Water Development and Related Agencies Appropriations Act, 2023.)

OPERATION AND MAINTENANCE

[For an additional amount for "Operation and Maintenance" for necessary expenses to dredge Federal navigation projects in response to, and repair damages to Corps of Engineers Federal projects caused by natural disasters, \$324,000,000, to remain available until expended: Provided,

That of the amount provided in this paragraph in this Act, such sums as are necessary to cover the Federal share of eligible operation and maintenance costs for coastal harbors and channels, and for inland harbors shall be derived from the general fund of the Treasury: Provided further, That within 60 days of enactment of this Act, the Chief of Engineers shall submit directly to the House and Senate Committees on Appropriations a detailed work plan for the funds provided in this paragraph in this Act: Provided further, That beginning not later than 60 days after the enactment of this Act, the Assistant Secretary of the Army for Civil Works shall provide a quarterly report directly to the Committees on Appropriations of the House of Representatives and the Senate detailing the allocation and obligation of the funds provided in this paragraph in this Act.]

[For an additional amount for "Operation and Maintenance", \$52,800,000, to remain available until expended: Provided, That of the amount provided in this paragraph in this Act, \$36,000,000 shall be for necessary expenses at inland waterways projects: Provided further, That of the amount provided in this paragraph in this Act, \$16,800,000 shall be for other authorized project purposes: Provided further, That within 60 days of enactment of this Act, the Chief of Engineers shall submit directly to the House and Senate Committees on Appropriations a detailed work plan for the funds provided in this paragraph in this Act, including a list of project locations, the total cost for all projects, and a schedule by fiscal year of proposed use of such funds: Provided further, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress.] (Disaster Relief Supplemental Appropriations Act, 2023.)

Program and Financing (in millions of dollars)

Table with 4 columns: Identification code 096-3123-0-1-301, 2022 actual, 2023 est., 2024 est. This appropriation funds inspection, operation, maintenance, and related activities for water resources projects operated and maintained by the Corps. These projects include navigation channels, navigation locks and dams, structures to reduce the risk of flood and storm damage (e.g., levees), and multi-purpose projects, as authorized in River and Harbor, Flood Control, and Water Resources Development Acts and other laws. Key infrastructure that is of central importance to the Nation and the continued safety of the public is given the highest priority for funding in this account.

This appropriation funds all of the costs associated with protecting Corps facilities from potential security threats. It also funds the national emergency preparedness program under Executive Order 11490.

In developing the Budget, consideration was given to advancing two key objectives including: 1) increasing infrastructure and ecosystem resilience to climate change and decreasing climate risk for communities based on the best available science; and 2) promoting environmental justice in disadvantaged communities in line with Justice40 and creating good paying jobs that provide the free and fair chance to join a union and collectively bargain.

Pursuant to the requirements of 16 U.S.C. 460d-3, the Corps deposits certain recreation user fees collected at Corps projects into this account. Types of fees include daily user fees, camping fees, recreational fees, annual pass fees, and other permit type fees. Pursuant to appropriations acts, funding in the Operation and Maintenance appropriation is derived in part from this account for resource protection, research, interpretation, and maintenance activities related to resource protection at Corps projects where outdoor recreation is available.

**MISSISSIPPI RIVER AND TRIBUTARIES**

For expenses necessary for flood damage reduction projects and related efforts in the Mississippi River alluvial valley below Cape Girardeau, Missouri, as authorized by law, **[\$370,000,000]** \$226,478,000, to remain available until expended, of which \$15,390,000, to be derived from the Harbor Maintenance Trust Fund, shall be to cover the Federal share of eligible operation and maintenance costs for inland harbors: *Provided*, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress. (Energy and Water Development and Related Agencies Appropriations Act, 2023.)

**MISSISSIPPI RIVER AND TRIBUTARIES**

For an additional amount for "Mississippi River and Tributaries" for necessary expenses to address emergency situations at Corps of Engineers projects in response to, and rehabilitate and repair damages caused by natural disasters to Corps of Engineers projects, \$15,500,000, to remain available until expended: *Provided*, That of the amount provided under this heading in this Act, such sums as are necessary to cover the Federal share of eligible operation and maintenance costs for coastal harbors and channels, and for inland harbors shall be derived from the general fund of the Treasury: *Provided further*, That within 60 days of enactment of this Act, the Chief of Engineers shall submit directly to the House and Senate Committees on Appropriations a detailed work plan for the funds provided under this heading in this Act: *Provided further*, That beginning not later than 60 days after the enactment of this Act, the Assistant Secretary of the Army for Civil Works shall provide a quarterly report directly to the Committees on Appropriations of the House of Representatives and the Senate detailing the allocation and obligation of the funds provided under this heading in this Act. (Disaster Relief Supplemental Appropriations Act, 2023.)

This appropriation funds the planning, training, exercises, and other preparedness measures that help the Corps respond to floods, hurricanes, and other natural disasters, and support emergency operations in response to such natural disasters, including advance measures, flood fighting, providing potable water, and the repair of certain damaged flood and storm damage reduction projects. The funding in the Budget is for preparedness and training activities.

This appropriation funds studies to determine the engineering feasibility, economic and environmental return to the Nation, and public safety impacts of potential solutions to water and related land resources problems; preconstruction engineering and design; and related data collection, interagency coordination, and research. In developing the Budget, consideration was given to advancing two key objectives including: 1) increasing infrastructure and ecosystem resilience to climate change and decreasing climate risk for communities based on the best available science; and 2) promoting environmental justice in disadvantaged communities in line with Justice40 and creating good paying jobs that provide the free and fair chance to join a union and collectively bargain.

This appropriation provides funds to administer the laws and regulations pertaining to activities affecting U.S. waters, including wetlands, in accordance with the Rivers and Harbors Appropriation Act of 1899, the Clean Water Act of 1972, and the Marine Protection, Research and Sanctuaries Act of 1972.

The requested funds are needed to review and process permit applications, ensure compliance on permitted sites, and protect important aquatic resources.

This appropriation funds the command and control, policy and guidance, program management, national and regional coordination, and quality assurance for the civil works program. These activities are carried out by Corps headquarters and eight division offices:

*Corps Headquarters.*—This office provides executive direction and management for the civil works program.

*Division Offices.*—Eight of the nine Corps division offices provide quality assurance for and supervise work of the 38 district offices that have civil works responsibilities. This appropriation also funds certain costs allocable to the civil works program of these Corps-wide support facilities:

*Institute for Water Resources.*—This institute performs studies and analyses on a wide range of water resources issues and develops project planning techniques.

*Engineer Research and Development Center.*—This center operates seven labs and conducts research and development for the Corps and other agencies.

*Finance Center.*—This center supports all Corps finance and accounting activities.

*Humphreys Engineer Center.*—This field operating activity of the Corps provides day-to-day operational support services to the Corps.

The Washington Aqueduct supplies drinking water to customers in four jurisdictions: the District of Columbia; Arlington County, Virginia; the City of Falls Church, Virginia; and part of Fairfax County, Virginia. Although the Aqueduct is owned and operated by the Corps (40 U.S.C. 9501 et seq.), the customers finance the operation, maintenance, and certain capital improvements of Aqueduct facilities. The Aqueduct's customers also pay in advance the full cost of those capital improvements.

This account covers three permanent appropriations:

*Hydraulic mining debris reservoir.*—The Corps uses fees collected from the Yuba County Water Agency to help maintain the Englebright Dam, Yuba River, California project. (33 U.S.C. 683)

*Maintenance and operation of dams and other improvements of navigable waters.*—The Corps uses its share of certain fees levied by the Federal Energy Regulatory Commission (on the private use of Federal property, including facilities and land; private construction and operation of water management and appurtenant facilities; and private benefit from headwater improvement by others) for construction, operation, and maintenance of Federal water management facilities. (16 U.S.C. 810(a))

*Payments to States.*—The Corps pays to States three-fourths of the rent received from the leasing of lands acquired for flood control, navigation, and allied purposes, including the development of hydroelectric power. (33 U.S.C. 701c-3)

This revolving fund provides for the acquisition, operation, and maintenance of plant and equipment used by the civil works program and for temporary financing of services chargeable to the civil works program. The fund also initially finances Corps district office operating expenses, which the districts later reimburse with project-specific funds. In addition, payments are made into the fund when other agencies or entities use plant and equipment acquired by the fund.

Funds in this account are collected from the sale of interagency America the Beautiful National Parks and Federal Recreational Lands Passes as authorized in the Water Resources Reform and Development Act of 2014 (P.L. 113-121, section 1048). The Corps sells and distributes the passes to the public at over 200 Corps locations and deposits the funds into this account. The

funds are expended as allowed by the Federal Lands Recreation Enhancement Act at the locations where they are collected.

Funds in this account are collected from the issuance of special use permits for activities, events, facility use, and other specialized recreation uses, as authorized in the Water Resources Reform and Development Act of 2014 (P.L. 113-121, section 1047(a)). These funds are expended on labor, vehicle costs, materials, supplies, utilities, and other costs associated with administering the special permits and carrying out related operation and maintenance activities at the site where the fees are collected.

Trust Funds

HARBOR MAINTENANCE TRUST FUND

For expenses necessary to perform work authorized by law to be financed from the Harbor Maintenance Trust Fund, and to be derived from such fund, \$1,726,000,000, to remain available until expended; of which \$37,152,000 shall be used to cover the Federal share of construction costs for dredged material disposal facilities; of which \$1,683,391,000 shall be used to cover the Federal share of eligible operation and maintenance costs for coastal harbors and channels and inland harbors; and of which \$5,457,000 shall be used to cover the Federal share of eligible operation and maintenance costs for inland harbors on the lower Mississippi River.

The Harbor Maintenance Trust Fund is authorized under the Harbor Maintenance Revenue Act of 1986 (P.L. 99-662, Title XIV), as amended. Under current law, revenue is derived from a 0.125 percent ad valorem tax imposed upon commercial users of specified U.S. ports, Saint Lawrence Seaway tolls, and investment interest. The Budget proposes to execute these appropriations within the Harbor Maintenance Trust Fund rather than to transfer and execute them in the Construction, Operation and Maintenance, and Mississippi River and Tributaries accounts.

The Harbor Maintenance Revenue Act authorizes expenditures from this fund to finance up to 100 percent of eligible Corps harbor operation and maintenance costs, including the operation and maintenance of Great Lakes navigation projects. The fund fully finances eligible operation and maintenance costs of the Saint Lawrence Seaway Development Corporation. The Water Resources Development Act of 1996 (P.L. 104-303, section 201) authorizes the fund to pay the Federal share of the costs for the construction of dredged material disposal facilities that are necessary for the operation and maintenance of coastal or inland harbors, the dredging and disposal of contaminated sediments that are in or affect the operation and maintenance of Federal navigation channels, the mitigation of impacts resulting from Federal navigation operation and maintenance activities, and the operation and maintenance of dredged material disposal facilities.

The North American Free Trade Agreement Implementation Act (26 U.S.C. 9505(c)(3)) authorizes the fund to pay all expenses of administration incurred by the Department of the

Treasury, the Corps, and the Department of Commerce related to the administration of the harbor maintenance tax (under 26 U.S.C. 4461 et seq.), but not in excess of \$5 million for any fiscal year.

In 1998, the U.S. Supreme Court excluded all U.S. exports from the harbor maintenance tax. The Court found that the tax violated Article I, section 9, clause 5 of the constitution because the value of the cargo, which is the basis for calculating this tax, does not fairly match the use of port services and facilities by exporters.

The proposed appropriations language for eligible operation and maintenance costs for inland harbors on the lower Mississippi River is intended to only apply to: Helena Harbor, Phillips County, AR; Baton Rouge Harbor, Devil Swamp, LA; Greenville Harbor, MS; Vicksburg Harbor, MS; and Memphis Harbor, McKellar Lake, Memphis, TN.

The Inland Waterways Trust Fund is authorized under the Inland Waterways Revenue Act of 1978 (P.L. 95-502), as amended by the Water Resources Development Act (WRDA) of 1986 (P.L. 99-662). The fund is used to pay 35 percent of the costs associated with the construction, replacement, rehabilitation, and expansion of Federal inland waterways projects, except as otherwise specifically provided for in law. Section 109 of WRDA 2020 (Division AA of P.L. 116-260), as amended specifically provides that for a project for navigation receiving a construction appropriation during fiscal years 2021 through 2022, 35 percent of the costs of construction of the project shall be paid from the fund until such construction of the project is complete. Section 8157 of WRDA 2022 (Division H, Title LXXXI of P.L. 117-263) amended Section 102 to increase the share of construction and related costs paid from the IWTF from 50 percent to 65 percent, beginning October 1, 2022, for any project for navigation on the inland waterways that was new or ongoing on or after October 1, 2022. Under current law, revenue is derived from an excise tax imposed on diesel fuel for commercial vessels on most of the inland waterways, plus investment interest. The Budget proposes to execute these appropriations within the Inland Waterways Trust Fund rather than to transfer and execute them in the Construction account.

The funds in this account are provided by non-Federal interests to cover some or all of the costs for the study, design, construction, and operation and maintenance of water resources projects. These funds include amounts for the authorized non-Federal share of the costs, amounts in excess of the authorized non-Federal share that are provided voluntarily as contributed or advanced funds, and amounts for certain work carried out in connection with a project with 100 percent non-Federal funding.

The Coastal Wetlands Planning, Protection and Restoration Act (P.L. 101–646, Title III), as amended, directs the Secretary of the Interior to distribute to the Coastal Wetlands Restoration Trust Fund a portion of the amounts appropriated each fiscal year from the Sport Fish Restoration Account. The Louisiana Coastal Wetlands Conservation and Restoration Task Force, which is an interagency task force consisting of the Corps, Environmental Protection Agency, Fish and Wildlife Service, Natural Resources Conservation Service, National Marine Fisheries Service, and the State of Louisiana, uses these funds to plan, set priorities, and carry out projects for the creation, protection, and restoration of coastal wetlands in the State of Louisiana.

This fund, authorized by the Water Resources Development Act of 1999 (P.L. 106–53), supports wildlife habitat restoration efforts undertaken by the State of South Dakota. The establishment of this fund satisfies the Federal obligation under the Fish and Wildlife Coordination Act (16 U.S.C. 1661 et seq.) to mitigate for the loss of habitat due to flooding from the Oahe and Big Bend projects, which the Corps constructed under the Pick-Sloan Missouri River Basin program.

**GENERAL PROVISIONS—CORPS OF ENGINEERS—CIVIL**

(INCLUDING TRANSFER OF FUNDS)

SEC. 101. (a) None of the funds provided in title I of this Act<sup>1</sup>, or provided by previous appropriations Acts to the agencies or entities funded in title I of this Act that remain available for obligation or expenditure in fiscal year 2023,<sup>2</sup> shall be available for obligation or expenditure through a reprogramming of funds that:

- (1) creates or initiates a new program, project, or activity;
- (2) eliminates a program, project, or activity;
- (3) increases funds or personnel for any program, project, or activity for which funds have been denied or restricted by this Act, unless **[**prior approval is received from **]** notice has been transmitted to the Committees on Appropriations of both Houses of Congress;
- (4) proposes to use funds directed for a specific activity for a different purpose, unless **[**prior approval is received from **]** notice has been transmitted to the Committees on Appropriations of both Houses of Congress;

(5) augments or reduces existing programs, projects, or activities in excess of the amounts contained in paragraphs (6) through (10), unless [prior approval is received from ] *notice has been transmitted to* the Committees on Appropriations of both Houses of Congress;

(6) INVESTIGATIONS.—For a base level over \$100,000, reprogramming of 25 percent of the base amount up to a limit of \$150,000 per project, study or activity is allowed: *Provided*, That for a base level less than \$100,000, the reprogramming limit is \$25,000: *Provided further*, That up to \$25,000 may be reprogrammed into any continuing study or activity that did not receive an appropriation for existing obligations and concomitant administrative expenses;

(7) CONSTRUCTION.—For a base level over \$2,000,000, reprogramming of 15 percent of the base amount up to a limit of \$3,000,000 per project, study or activity is allowed: *Provided*, That for a base level less than \$2,000,000, the reprogramming limit is \$300,000: *Provided further*, That up to \$3,000,000 may be reprogrammed for settled contractor claims, changed conditions, or real estate deficiency judgments: *Provided further*, That up to \$300,000 may be reprogrammed into any continuing study or activity that did not receive an appropriation for existing obligations and concomitant administrative expenses;

(8) OPERATION AND MAINTENANCE.—Unlimited reprogramming authority is granted for the Corps to be able to respond to emergencies: *Provided*, That the Chief of Engineers shall notify the Committees on Appropriations of both Houses of Congress of these emergency actions as soon thereafter as practicable: *Provided further*, That for a base level over \$1,000,000, reprogramming of 15 percent of the base amount up to a limit of \$5,000,000 per project, study, or activity is allowed: *Provided further*, That for a base level less than \$1,000,000, the reprogramming limit is \$150,000: *Provided further*, That \$150,000 may be reprogrammed into any continuing study or activity that did not receive an appropriation;

(9) MISSISSIPPI RIVER AND TRIBUTARIES.—The reprogramming guidelines in paragraphs (6), (7), and (8) shall apply to the Investigations, Construction, and Operation and Maintenance portions of the Mississippi River and Tributaries Account, respectively; and

(10) FORMERLY UTILIZED SITES REMEDIAL ACTION PROGRAM.—Reprogramming of up to 15 percent of the base of the receiving project is permitted.

(b) DE MINIMUS REPROGRAMMINGS.—In no case should a reprogramming for less than \$50,000 be submitted to the Committees on Appropriations of both Houses of Congress.

(c) CONTINUING AUTHORITIES PROGRAM.—Subsection (a)(1) shall not apply to any project or activity funded under the continuing authorities program.

(d) Not later than 60 days after the date of enactment of this Act, the Secretary shall submit a report to the Committees on Appropriations of both Houses of Congress to establish the baseline for application of reprogramming and transfer authorities for the current fiscal year which shall include:

(1) A table for each appropriation with a separate column to display the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if applicable, and the fiscal year enacted level; and

(2) A delineation in the table for each appropriation both by object class and program, project and activity as detailed in the budget appendix for the respective appropriations [; and].

[(3) An identification of items of special congressional interest.]

SEC. 102. The Secretary shall allocate funds made available in this Act solely in accordance with the provisions of this Act and in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act.)

SEC. [103] 102. None of the funds made available in this title may be used to award or modify any contract that commits funds beyond the amounts appropriated for that program, project, or activity that remain unobligated, except that such amounts may include any funds that have been made available through reprogramming pursuant to section 101.

SEC. [104] 103. The Secretary of the Army may transfer to the Fish and Wildlife Service, and the Fish and Wildlife Service may accept and expend, [up to \$5,400,000

of] *such funds as the Secretary of the Army and the Director of the Fish and Wildlife Service determine, through consultation, are appropriate from the funds provided in this title under the heading "Operation and Maintenance", to mitigate for fisheries lost due to Corps of Engineers projects.*

SEC. 105. None of the funds in this Act shall be used for an open lake placement alternative for dredged material, after evaluating the least costly, environmentally acceptable manner for the disposal or management of dredged material originating from Lake Erie or tributaries thereto, unless it is approved under a State water quality certification pursuant to section 401 of the Federal Water Pollution Control Act (33 U.S.C. 1341): *Provided*, That until an open lake placement alternative for dredged material is approved under a State water quality certification, the Corps of Engineers shall continue upland placement of such dredged material consistent with the requirements of section 101 of the Water Resources Development Act of 1986 (33 U.S.C. 2211).]

SEC. 106. None of the funds made available by this Act may be used to carry out any water supply reallocation study under the Wolf Creek Dam, Lake Cumberland, Kentucky, project authorized under the Act of July 24, 1946 (60 Stat. 636, ch. 595).]

SEC. 107. None of the funds made available by this Act or any other Act may be used to reorganize or to transfer the Civil Works functions or authority of the Corps of Engineers or the Secretary of the Army to another department or agency. ]

SEC. 108. Additional funding provided in this Act shall be allocated only to projects determined to be eligible by the Chief of Engineers. ]

SEC. 104. *Of the unobligated balances from prior year appropriations made available to "Corps of Engineers—Civil", the following funds are hereby permanently cancelled from the following accounts and programs in the specified amounts—*

(1) \$371,293.38 from the unobligated balances under the heading "Construction" in chapter 3 of title I of division B of Public Law 109–148;

(2) \$562,613.89 from the unobligated balances under the heading "Operation and Maintenance" in chapter 3 of title I of division B of Public Law 109–148 that were provided for the Mississippi River-Gulf Outlet channel;

(3) \$38,873.32 from the unobligated balances under the heading "Construction" in chapter 3 of title II of Public Law 109–234 that were provided for the Lake Pontchartrain and Vicinity project, the North Padre Island, Texas project, the Sacramento, California, Area project, and the Hawaii Water Systems Technical Assistance Program;

(4) \$95.55 from the combined unobligated balances under the "Construction" headings in chapter 3 of title IV and chapter 3 of title V of Public Law 110–28;

(5) \$83,734.13 from the unobligated balances under the heading "Construction" in chapter 3 of title III of Public Law 110–252, including amounts that were provided for the Lake Pontchartrain and Vicinity project, the West Bank and Vicinity project, and the Southeast Louisiana Urban Drainage project;

(6) \$2,122.56 from the unobligated balances under the heading "Operation and Maintenance" in chapter 3 of title III of Public Law 110–252;

(7) \$10.72 from the unobligated balances under the heading "Mississippi River and Tributaries" in chapter 3 of title III of Public Law 110–252;

(8) \$274,678.03 from the unobligated balances under the heading "Construction" in chapter 3 of title I of division B of Public Law 110–329 that were provided for the Lake Pontchartrain and Vicinity project, the West Bank and Vicinity project, and the Southeast Louisiana Urban Drainage project;

(9) \$267,434.81 from the unobligated balances under the heading "Operation and Maintenance" in chapter 3 of title I of division B of Public Law 110–329;

(10) \$0.02 from the unobligated balances under the heading "Operation and Maintenance" in title IV of Public Law 111–32;

(11) \$246,869.24 from the unobligated balances under the heading "Operation and Maintenance" in chapter 4 of title I of Public Law 111–212; and

(12) \$2,643,142.04 from the unobligated balances under the heading "Operation and Maintenance" in title I of Public Law 112–77.

(Energy and Water Development and Related Agencies Appropriations Act, 2023.)
