Statement from OMB Director Shalanda Young

**Budgetary Impact Analysis for Executive Order Entitled “United States Coast Guard Officer Personnel Management”**

This executive order would delegate Presidential authorities governing certain personnel management actions for the United States Coast Guard (USCG) to the Secretary of Homeland Security (DHS Secretary). Implementing this executive order would have no impact on costs and revenues to the Federal Government. The benefits of this executive order include clarifying the legal authorities for the DHS Secretary to make certain USCG military appointments and better aligning those authorities with the authorities delegated to the Secretary of Defense for the other military services. Implementing this executive order would have no impact on mandatory and discretionary obligations and outlays, as well as on revenues to the Federal Government, in the 5-year fiscal period beginning in fiscal year 2023. The agencies anticipated to be impacted by this executive order include the Department of Homeland Security.
