OPEN AND UPCOMING INFRASTRUCTURE FUNDING OPPORTUNITIES

Updated as of: November 2, 2023

Since President Biden signed the Bipartisan Infrastructure Law, his Administration has hit the ground running to deliver investments that change people’s lives for the better and get America moving again. The Biden-Harris Administration is committed to making funding opportunities accessible and transparent, so communities across America know what to apply for, who to contact, and how to get ready to rebuild. This document highlights funding opportunities that communities can apply for today as well as a calendar of key upcoming funding opportunities for the remains of 2023 and 2024. For more information on the full set of programs in the Bipartisan Infrastructure Law, including upcoming milestones, visit build.gov.

OPEN FUNDING OPPORTUNITIES TO APPLY FOR TODAY

Program	Agency	Description	Deadline	Link to Application/ Information
TRANSPORTATION				
Thriving Communities	Department of Transportation	This program facilitates the planning and development of transportation and community revitalization activities and provides tools to ensure that under-resourced communities can access the historic funding provided in the Bipartisan Infrastructure Law.	Communities: 11/15/2023 Capacity Builders: 11/28/2023	Link to NOFO
Bridge Investment Program – Large Bridge	Department of Transportation	This program provides funding for bridge replacement, rehabilitation, preservation, and protection projects that reduce the number of bridges in poor condition, or in fair condition at risk of declining into poor condition. This funding opportunity is for bridges with a total eligible project cost of over \$100 million.	11/27/2023 for FY23 and FY24	Link to NOFO
Electric Vehicle Charger Reliability and Accessibility Accelerator	Department of Transportation	This program is a set-aside from the National Electric Vehicle Infrastructure formula program and will provide funding to repair and replace existing, non-operational electric vehicle charging infrastructure.	11/13/2023	Link to NOFO
Clean School Bus Rebates Program	Environmental Protection Agency	This program offers rebates to replace existing school buses with clean and zero-emission (ZE) models. The program guidance and application process differ from prior EPA school bus rebate programs, so please review the summary of program requirements.	01/31/2024	Link to Application

POWER, CLEAN ENERGY & WORKFORCE DEVELOPMENT

<p>Assisting Federal Facilities with Energy Conservation Technologies (AFFECT)</p>	<p>Department of Energy</p>	<p>This program funds federal agencies for projects that will create individual showcase facilities and/or multi-site deployment projects that contribute to a net-zero building portfolio.</p>	<p>11/27/2023</p>	<p>Link to FOA</p>
<p>Consumer Electronics Battery Recycling, Reprocessing, and Battery Collection Funding Opportunity Announcement</p>	<p>Department of Energy</p>	<p>This program will provide funding to support the recycling of consumer electronics batteries and battery-containing devices to help build a robust domestic critical material supply chain for EV batteries in the United States</p>	<p>11/29/2023</p>	<p>Link to FOA</p>
<p>Solar Manufacturing Funding Opportunity</p>	<p>Department of Energy</p>	<p>This DOE program will fund projects that demonstrate the full solar manufacturing supply chain for silicon, as well as fund dual use solar such as vehicle and building integrated PV.</p>	<p>11/14/2023</p>	<p>Link to FOA</p>
<p>Weatherization Assistance Program – Enhancement & Innovation</p>	<p>Department of Energy</p>	<p>This Funding Opportunity Announcement seeks applications to expand the impact of the Department of Energy's (DOE) existing residential weatherization programs by utilizing leveraged resources and enhanced community partnerships to perform deep energy retrofits of low-income residential buildings and empower local community representation within the energy workforce.</p>	<p>01/5/2024</p>	<p>Link to FOA</p>
<p>Energy Efficiency and Conservation Block Grant Program</p>	<p>Department of Energy</p>	<p>Grants will assist states, local governments, and Tribes in implementing strategies to reduce energy use, to reduce fossil fuel emissions, and to improve energy efficiency.</p>	<p>Available until expended</p>	<p>Link to FOA</p>

Energy Infrastructure Reinvestment Financing	Department of Energy	DOE Loan Programs Office (LPO) may provide loan guarantees for projects that support clean energy deployment and energy infrastructure reinvestment in the United States.	Rolling	Link to guidance
Critical Material Innovation, Efficiency, and Alternatives	Department of Energy	Support bench- and pilot-scale research, development, and demonstration projects that will advance cost effective and environmentally responsible processes to produce and refine critical minerals and materials here in the United States.	11/10/2023	Link to NOFO
RESILIENCE, ENVIRONMENT, AND LEGACY POLLUTION				
Emerging Contaminants for Small or Disadvantaged Communities	Environmental Protection Agency	This EPA grant program addresses emerging contaminants, including PFAS for scoping, planning, testing and remediating emerging contaminants in drinking and source water.	Rolling Basis	Link for more information
Drinking Water and Clean Water State Revolving Funds	Environmental Protection Agency	EPA State revolving funds are a federal-state partnership that provides low-cost financing to communities for a wide range of water quality infrastructure projects, including municipal wastewater facilities, nonpoint source pollution control, decentralized wastewater treatment systems, stormwater runoff mitigation, green infrastructure, estuary protection, and water reuse.
