Subject: Harnessing the power of Science and Technology to Stop Wildfires in Chile.

To,
Mr. President Biden, Madam Vice President Harris and the Nation,
White House, Washington, DC-20500.

From,
Dr. Narayana Garimella
Herndon, VA-20171.

Date: February 05, 2024.

Dear Mr. President Biden, Madam Vice President Harris and the Nation,

Good evening to you and the Nation.

As you may remember and recollect, in September 2023, representatives of 67 countries convened for the ninth meeting of the Greening Government Initiative (GGI).

Accordingly, sustainable, and environmentally conscious approach benefits were aimed at active participation and commitment of the entire workforce including the country Chile. The GGI was first launched by USA and Canada in April 2021.

Importantly, now the country Chile became a victim of the Wildfires. Ongoing wildfires of Chile are damaging the Greening efforts of that country and the whole Globe as well. 122 number of people are died and hundreds more are reported to be missing by now.

This is the time for USA and rest of the 65 representative countries of the GGI to help Chile in ceasing the wildfires immediately.

As I have been advising you and the Biden-Harris Administration since January 2021, now is the time to execute my advice of ceasing wildfires in Chile.

As you remember, my advice is to harness the power of Science and Technology to forecast challenges and prepare in advance to tackle them efficiently and safely.

Therefore, our intervention and American advice to Chile is highly important now.

Please help Chile to implement my suggestion of Blanketing technique to cease the wildfires immediately.

Blanketing is the process of preventing or suppressing the Oxygen availability to the raging fires.

With this prior information to you and our nation, I will communicate to the President Gabriel Boric of Chile and his government to execute the Blanketing technique immediately.

I highly appreciate your support in notifying my intention of help and advice to Chile.

I am glad to provide additional information to facilitate the decision making.

Thank you,
Sincerely,
Narayana Garimella.

Written: 3/1/2024

Wildfires in Texas can be Prevented.

To,
Mr. President Biden, Ms. Vice President Harris and the Nation.

From,
Dr. Narayana Garimella
Herndon, VA-20171, USA.

Date: March 01, 2024.

Dear Mr. President Biden, Ms. Vice President Harris, and the Nation,

Good morning to you.

The ongoing wildfires in northern Texas are disheartening. They spread over more than 1,050,000 acres.

As I have been advising you (from 01/2021 to present) and the nation by harnessing the power of Science and Technology, now is the time to apply one of my multiple advices to you. It is the Blanketing-Technique to cease wildfires in Texas.

As I already informed you in my prior emails, Blanketing-technique is a highly effective and safest technique to cease wildfires immediately by preventing or suppressing the Oxygen availability to the fires.

Accordingly, as per this Blanketing technique, first-responders may use a huge-cotton-cloth or a huge-cotton-blanket to cover the entire or whole or part-by-part of the wildfires. Clothes of 100 m² to 25,00,000 m² or more-area may be used to accomplish this blanketing technique.

This wide-area-cloth-covering of fires prevents Oxygen to razing fires.

Immediately followed by first Blanketing over the fire regions, sprays of water or spreads of sand or soil over the blankets is highly effective to cease fires and their propagation permanently. In the absence of water sprays or sand spreads over the covered-blankets, additional blankets or other fire-insulating-materials may be used to cease the fires completely.

Either Drones or the Helicopters or both may be used together to carry, pull, spread, position and cover with blankets over the fires.

I highly appreciate it if you can please notify the state of Texas and the local governments to implement or execute this Blanketing-Technique immediately to cease fires and to prevent further damage to people, living beings, resources, forests, nature, and the planet earth.

Please feel free to contact me if you have any questions further.

Thank you,
Sincerely,
Narayana Garimella.

Dr. Narayana Garimella (PhD, MS, MTech) (STEM) (Federal).
Presidential Advisor through Mails and Emails (January-2021 to Present)

Mobiles: 202-809-1360 and 703-870-6346

Emails: (1) Dr-Narayana-Garimella-Presidential-Advisor@outlook.com

(2) Dr-Narayana-Garimella-CTO-OSTP@outlook.com

Subject: OSTP and FERC will function together in Harnessing the power of Science and Technology to ensure Clean-Energy priorities.

To,
Mr. President Biden, Madam Vice President Harris, and the Nation,
The White House
1600 Pennsylvania Ave NW
Washington, DC 20500.

From,
Dr. Narayana Garimella
Herndon, VA-20171, USA.

Date: February 09, 2024.

Dear Mr. President Biden, Ms. Vice President Harris, and the Nation,

Thank you for announcing Mr. Willie L. Phillips, Jr. as the Chair of the Federal Energy Regulatory Commission (FERC).

I as the U.S. CTO of the OSTP will work along with Willie of the FERC together to accomplish our nation's priorities of Clean-Energy.

Because America and the World are in great need to replace Fossil-Fuels and their combustion-engines with clean-energy ones.

Accordingly, we leaders and advisors will take responsibility in preventing the use of Fossil Fuels, while replacing those engines with the clean-energy operated ones by means of Electric/Solar/Hydrogen/Wind sources.

Responsibly, I already have been advising you and the Biden-Harris Administration through mails and emails since January 2021 by harnessing the power of Science and Technology.

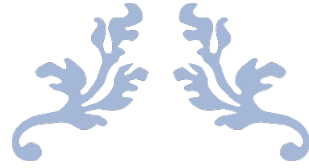

On our way from America, in September 2023, representatives of 67 countries convened for the ninth meeting of the Greening Government Initiative (GGI).

I look forward to advance America as U.S. Chief-Technology-Officer (CTO) of the Office of Science and Technology Policy (OSTP) by harnessing the power of Science and Technology.

While Executive Office of the President (EOP) and Presidential Personnel Office (PPO) are working on my CTO-OSTP application currently, I am always glad to be contacted further for any information and advice.

Thank you,
Sincerely,
Narayana Garimella.

Dr. Narayana Garimella (PhD, MS, MTech) (STEM) (Federal).

Sen. Warner,
Sen. Rubio,
Rep. Turner[J.G., E.S.],
Rep. Himes[Snyder,J.T.],
Rep. Garcia[Will,Navarro,F.B.],
Rep. Steel[info,press,Arie,V.M.,N.N.,Stephanie,Kim],
Rep. Schiff[Peifer],
Rep. Issa[Veronica,M.H.],
Rep. Obernolte[Lorissa],
House and Senate Intelligence Committee members;

Please review this. I hope to attend this event titled "Ethical Leadership Lunch" @ Los Angeles Cathedral May 17, 2024. Hopefully I get a chance to introduce myself to Rick Caruso. I have mentioned the idea of his possible involvement in NotAbortive Catholic Solutions. Commercialization like wireless biomedical fornication detection, newer pain reduction biomedical technology, and pregnancy assistance biomedical technology might push his views more pro-life? I might have to ask, and about the Catholic topics. Also I see Rev. Greg is speaking whom does much supporting rehabilitating gang members. Hopefully I am allowed to reintroduce myself.

Written: 1/13/2024

SECURITY WARNING: (UPDATE: 11/15/2023 security markings)

SECURITY WARNING: Please secure all our communications.

SECURITY WARNING: This information is sent over insecure networks. Only person-to-person non-digital delivery from author to destination directly ensures it is not digitally tampered with.

SECURITY WARNING: If you are not sure if you have security technology on you, request in writing, and go in person to request, with ALL FOUR: ALL U.S. House & Senate Intelligence Committee Members, the NSA, (ODNI)Office of the Director of National Intelligence, and FBI. Request security procedures to verify. Secondly, NAFTA, NATO, and the United Nations might be able to verify. International information exchange does likely occur dealing with these additional organizations. I recommend requesting in writing, and going in person to request, with ALL FOUR plus ALL ADDITIONAL INTELLIGENCE AGENCIES(ALL U.S. House & Senate Intelligence Committee Members, the NSA, (ODNI)Office of the Director of National Intelligence, and FBI, + [see www.dni.gov for updates] Air Force Intelligence, Department of the Treasury, Army Intelligence, Drug Enforcement Administration, Central Intelligence Agency, Federal Bureau of Investigation, Coast Guard Intelligence, Marine Corps Intelligence, Defense Intelligence Agency, National Geospatial-Intelligence Agency, Department of Energy, National Reconnaissance Office, Department of Homeland Security, National Security Agency, Department of State, Navy Intelligence

) before International information exchange does occur.

SECURITY WARNING: Please check for conflict in authority with BOTH the NSA and the Director of National Intelligence. They control the networks this information goes over.

SECURITY WARNING: Please check for conflict in authority with BOTH the NSA and the Director of National Intelligence. If you are controlled or influenced by security technology this is a conflict while reviewing security procedures. Please make arrangements to validate otherwise, during the whole time period, of any National Security abuse complaint review.

SECURITY WARNING: I have complaints about the NSA. If you are controlled or influenced by NSA security technology this is a conflict while reviewing NSA procedures. Please make arrangements to validate otherwise, during the whole time period, of any National Security abuse complaint review.

Please review this. I hope to again attend OneLife LA [><https://onelifela.org><] this year. Pro-life is important and all intended NotAbortive Catholic Solutions products will be non-abortive.

I especially intend on being at the 05:00 PM Requiem Mass for the Unborn at the Cathedral of Our Lady of the Angels. Previously, I have mentioned NotAbortive Catholic Solutions sponsoring OneLife LA. The approximate timelines to start sponsoring, sound like approximately in 2026 if I understand.

><https://onelifela.org><

><https://onelifela.org/agenda><

><https://www.olacathedral.org/events/requiem-for-the-unborn><

"January 20
5:00 PM

Requiem Mass for the Unborn

The Annual Requiem for the Unborn will take place on Saturday, January 20, 2024 at 5:00 PM. As the closing liturgy for the OneLife LA celebration, the Requiem for the Unborn Mass, with its powerful Ceremony of Light, is an opportunity to join in a powerful and prayerful expression of our respect for life. Whether in conjunction with OneLife LA or as a singular event, we invite you to join us at the Cathedral for one of our most beautiful and moving liturgies annual Requiem for the Unborn."

God bless,
Scott

Rep. Schiff[Peifer],
Rep. Issa[Veronica,M.H.],
Rep. Obernolte[Lorissa],
House and Senate Intelligence Committee members;

I sent in my Catholic League 2024 membership. Also I included this mention of a possible medical sensor booth commercialized to help with social issue confusion in society. Giving people the facts about sexual arousal seems within the Golden Rule[Golden Rule, "Whatever you wish that men would do to you, do so to them"].

" Thanks Bill Donahue and the entire Catholic League for all the deeds defending the faith. I'm told a medical sensor booth[one detecting Neuroscience characteristics, blood flow, muscle position and additional] could clarify to the individual that "nobody is born homosexual." [dopamine emitted from eyes during arousal, any countering epinephrine or other neurotransmitter and body muscles blocking blood flow.....demonstrate heterosexual arousal on even homosexuals.....exception being obvious physical tissue damaged people] Every Roman Catholic parish should possibly have one in the future. "

God bless,
Scott

“How to justify God.”

First Mover Argument: The first way is by considering motion in the world. Where there is motion, there is a mover and ultimately a first mover, itself unmoved. This is God."

----"A Tour of the Summa"

Written: 1/20/2024

NOTE: Please secure all our communications.

>>

>>

>>

>>

>>

>>

>>

>> Mr. Seymour,

>>

>>

>> I recommend confirming who I am and what I am doing with Cardinal Mahony, Archbishop Gomez, and Msgr. Antonio Cacciapuoti. I am hopefully starting a company supporting U.S. Military Roman Catholic chaplains, NATO, and UN Peacekeeping Roman Catholic chaplains, Roman Catholic soldiers, all interested soldiers, all Roman Catholic civilians, and all interested.

>>

>> ><https://www.ellunch.org><

>>

>> Are there any single tickets at the Ethical Leadership Lunch? My security dealings might make this more convenient for me this year. I attended USC and I have been occasionally e-mailing Dr. Caruso(USC Board of Trustee's) for a number of years now. You might want to mention my name to him also. However, we haven't been formally introduced yet.

>>

>>

>> Please note I e-mail the House & Senate Intelligence Committee's on almost all my communications. I will resend this e-mail momentarily with my larger security mark and larger government official list.

>>

> Bethesda, Maryland 20892

> 301-496-4000

>
>

> <https://www.nih.gov/news-events/news-releases/monica-bertagnolli-md-takes-helm-nih>

>
>
>
>
>

> "Monica M. Bertagnolli, M.D., started today as the 17th director of the National Institutes of Health, the nation's biomedical research agency and largest public funder of biomedical research in the world. She is the first surgeon and the second woman to hold the position. Nominated by President Biden, Dr. Bertagnolli was confirmed on a bipartisan basis by the U.S. Senate on November 7. She transitioned from her role as the 16th director of the National Cancer Institute, a position she has held since October 2022. NCI Principal Deputy Director Douglas R. Lowy, M.D., will serve as the NCI acting director until President Biden appoints a new director.

>

> In his nomination announcement earlier this year, President Biden stated: "Dr. Bertagnolli has spent her career pioneering scientific discovery and pushing the boundaries of what is possible to improve cancer prevention and treatment for patients and ensuring that patients in every community have access to quality care. Dr. Bertagnolli is a world-class physician-scientist whose vision and leadership will ensure NIH continues to be an engine of innovation to improve the health of the American people."

>

> Growing up in rural Wyoming, Dr. Bertagnolli experienced and saw firsthand the challenges faced by rural communities to access medical care and participate in medical research. Due to that lived experience, equity is a core value that drives all her efforts, which includes ensuring NIH research is equitable and accessible to all people from all walks of life regardless of income or zip code.

>

> “As a physician-scientist for more than 30 years, I have seen the transformative power of NIH research to produce results that save lives, including my own treatment for breast cancer,” said Dr. Bertagnolli. “As NIH director, I look forward to ensuring that NIH continues to be the steward of our nation’s medical research while engaging all people and communities in the research effort that includes informing medical practice that drives equitable access to health care for all.”

>

> “Dr. Bertagnolli has spent her career working to improve the health and well-being of Americans,” said U.S. Department of Health and Human Services Secretary Xavier Becerra. “She has built a reputation for her willingness to take on the deadliest diseases facing patients and as a powerful advocate for cancer patients, working to end cancer as we know it. That same tireless energy and clear vision will serve her well as NIH director.”

>

> Chief among her key priorities is ensuring clinical trials yield the best results by increasing the diversity of participants; embracing the rapid expansion of new learning-based analytical tools and ensuring their use improves care for all people; and restoring trust in science by making it accessible to all communities and inspiring the next generation of doctors and scientists. Dr. Bertagnolli also is committed to leveraging commonalities across all diseases — from biology to accessing care — to strengthen collaboration across the 27 NIH institutes and centers.

>

> “My research focused on how inflammation causes cancer,” said Dr. Bertagnolli. “We know, however, that inflammation also is a major component behind Alzheimer’s disease, autoimmune disorders, Long COVID, arthritis and many other diseases. As NIH director, I’m excited to drive cross-cutting research to capitalize on such commonalities.”

>

> As NCI Director, Dr. Bertagnolli initiated efforts to expand and modernize cancer clinical trials to increase the number of people who can participate in NCI-supported research. Under her leadership, NCI released the National Cancer Plan to galvanize communities to set specific goals to prevent cancer, reduce deaths from cancer and provide the best possible quality of life for people living with cancer.

>

> Dr. Bertagnolli replaces Lawrence A. Tabak, D.D.S., Ph.D., who was selected by HHS Secretary Xavier Becerra to serve as the acting director of NIH. Dr. Tabak has held the position since December 2021 when long-time director Francis S. Collins, M.D., Ph.D., announced he would step down after more than 12 years in the role. Dr. Tabak has agreed to resume his role as the NIH principal deputy director to assist with the transition.

>

> “I am truly grateful to Dr. Tabak for his leadership during the transition period,” said Dr. Bertagnolli. “I have been the beneficiary of Dr. Tabak’s steady executive and scientific leadership, commitment to diversity, equity, inclusion, and accessibility, and his rich experience at NIH. We also are very fortunate to have an outstanding leader in Dr. Lowy who has led the NCI through many transitions. In addition to being an inspirational leader, he is an exceptionally gifted scientist whose work in cancer prevention is saving lives worldwide.”

>

> Dr. Bertagnolli has been a cancer surgeon for more than 35 years. Before joining NCI, she specialized in treating and researching gastrointestinal cancers in her roles as the Richard E. Wilson Professor of Surgery at Harvard Medical School, a surgeon at Brigham and Women's Hospital and a member of the Gastrointestinal Cancer Treatment and Sarcoma Centers at Dana-Farber Cancer Institute, all in Boston.

>

> Dr. Bertagnolli's research has advanced the current understanding of the gene mutation that promotes gastrointestinal cancer development and the role of inflammation as a driver of cancer growth. She also has worked to increase responsible access and sharing of cancer clinical trial data among researchers and has promoted the inclusion of rural communities in clinical studies. She is a past president and chair of the board of directors of the American Society of Clinical Oncology and has served on the board of directors of the American Cancer Society and the Prevent Cancer Foundation. She was elected to the National Academy of Medicine in 2021.

>

> Dr. Bertagnolli graduated from Princeton University with a bachelor's degree in engineering and went on to receive a Doctor of Medicine degree from the University of Utah in Salt Lake City. She trained in surgery at Brigham and Women's Hospital and was a research fellow in tumor immunology at the Dana-Farber Cancer Institute."

(Give to appropriate staff)

U.S. President Biden,
U.S. Vice President Harris,
Sen. Warner,
Sen. Rubio,
Rep. Turner[J.G., E.S.],
Rep. Himes[Snyder,J.T.],
Rep. Garcia[Will,Navarro,F.B.],
Rep. Steel[info,press,Arie,V.M.,N.N.,Stephanie,Kim],
Rep. Schiff[Peifer],
Rep. Issa[Veronica,M.H.],
Speaker of the House Rep. Johnson[Haynes; Chip L.],
Rep. Obernolte[Lorissa],
House and Senate Intelligence Committee members;
All Government Organizations Organizing Artificial Intelligence Standards;
NIH Director Dr. Bertagnolli;
Previous Acting NIH Director Lawrence A. Tabak;
Previous NIH Director Dr. Francis Collins;

VOICEMAIL ... NIH DIRECTOR OFFICE

=====

I (yesterday) recorded a voicemail[1/22/2024 approx. 12:50pm Pacific time] with the NIH Executive Secretary[301 496 1461] to Dr. Bertagnolli. I offered introductions. Also, I gave my office number[714 486 1282], cell phone number[714 936 5379], and offered to answer any questions I am allowed to.

Newer better (AI)Artificial Intelligence talking devices, and a newer better[Neuroscience sensors, blood flow, muscle positions, and more included] lower cost medical sensor booths are in commercialization via the future company NotAbortive Catholic Solutions. This will possibly affect all

levels of medicine. This does include medical research. It sounds like we will be able to incorporate the company possibly in late 2025.

ANOTHER PHONE CALL & VOICEMAIL

=====

I intend momentarily[1/23/2024 11:50am Pacific time] to give another phone call and voicemail via the NIH Executive Secretary[301 496 1461] to Dr. Bertagnolli. Also I will do the same with Dr. Tabak. This additional message I will encourage her and Dr. Tabak[301-496-2433] to more securely confirm these walk-in-office with: Senate Intelligence Chairman Sen. Warner, Senate Intelligence Committee Vice Chairman Sen. Rubio, House Intelligence Committee Chairman Rep. Turner, House Intelligence Committee Vice Chairman Rep. Himes, Office of the Director of National Intelligence Director Haines, NSA Director Nakasone, CIA Director Burns, and the U.S. Military Health System Assistant Secretary of Defense for Health Affairs Dr. Martinez-Lopez.

God bless,
Scott

A.I. in control.....typically over insecure network channel.

(Give to appropriate staff)

Rev. Claude,

I called your office[310. 834.5215] today[1/23/2024 1pm approximately] and had the individual whom answered the phone write a message to you. He also made your schedule sound busy. I might be at your noon[><https://www.wilmingtoncatholic.org/liturgy-schedule><] eucharistic celebration this Friday[1/26/2024] or arrive close to that. Hopefully you are celebrating that? Also, I intend to at least write you a note that day in your office. I see Aux. Bishop Timothy just spoke at your Catholic Church. He has family that at one time attended SSJ[>www.ssj.org<] my life long home Church.

God bless,
Scott

Scott Kilroy

CEO & President

NotAbortive Catholic Solutions (looking to incorporate): Biomedical technology & more

> I called your office[310. 834.5215] today[1/23/2024 1pm approximately] and had the individual whom answered the phone write a message to you. He also made your schedule sound busy. I might be at your noon[><https://www.wilmingtoncatholic.org/liturgy-schedule><] eucharistic celebration this Friday[1/26/2024] or arrive close to that. Hopefully you are celebrating that? Also, I intend to at least write you a note that day in your office. I see Aux. Bishop Timothy just spoke at your Catholic Church. He has family that at one time attended SSJ[>www.ssj.org<] my life long home Church.

SECURITY WARNING: (UPDATE: 11/15/2023 security markings)

SECURITY WARNING: Please secure all our communications.

SECURITY WARNING: This information is sent over insecure networks. Only person-to-person non-digital delivery from author to destination directly ensures it is not digitally tampered with.

SECURITY WARNING: If you are not sure if you have security technology on you, request in writing, and go in person to request, with ALL FOUR: ALL U.S. House & Senate Intelligence Committee Members, the NSA, (ODNI)Office of the Director of National Intelligence, and FBI. Request security procedures to verify. Secondly, NAFTA, NATO, and the United Nations might be able to verify. International information exchange does likely occur dealing with these additional organizations. I recommend requesting in writing, and going in person to request, with ALL FOUR plus ALL ADDITIONAL INTELLIGENCE AGENCIES(ALL U.S. House & Senate Intelligence Committee Members, the NSA, (ODNI)Office of the Director of National Intelligence, and FBI, + [see www.dni.gov for updates] Air Force Intelligence, Department of the Treasury, Army Intelligence, Drug Enforcement Administration, Central Intelligence Agency, Federal Bureau of Investigation, Coast Guard Intelligence, Marine Corps Intelligence, Defense Intelligence Agency, National Geospatial-Intelligence Agency, Department of Energy, National Reconnaissance Office, Department of Homeland Security, National Security Agency, Department of State, Navy Intelligence

) before International information exchange does occur.

SECURITY WARNING: Please check for conflict in authority with BOTH the NSA and the Director of National Intelligence. They control the networks this information goes over.

SECURITY WARNING: Please check for conflict in authority with BOTH the NSA and the Director of National Intelligence. If you are controlled or influenced by security technology this is a conflict while reviewing security procedures. Please make arrangements to validate otherwise, during the whole time period, of any National Security abuse complaint review.

SECURITY WARNING: I have complaints about the NSA. If you are controlled or influenced by NSA security technology this is a conflict while reviewing NSA procedures. Please make arrangements to validate otherwise, during the whole time period, of any National Security abuse complaint review.

A.I. in control.....typically over insecure network channel.

(Give to appropriate staff)

Rev. Claude,

(typed quickly....)

VOICEMAIL

=====

Again, I called your office[310. 834.5215] today[1/23/2024 1:40pm approximately]. I recorded a voicemail message to you. Hopefully I see you this Friday at the noon mass, or close to that.

PROF. REV. BENANTI

=====

You might appreciate that Prof. Rev. Paolo Benanti is helping at the UN level. I just introduced myself in e-mail recently. He spoke at the University of Notre Dame semi-recently also.

><https://www.romecall.org/renaissance-foundations-scientific-director-among-the-39-member-un-ai-advisory-body/><

https://en.wikipedia.org/w/index.php?title=Paolo_Benanti&oldid=1197837596

><https://www.academyforlife.va/content/pav/en/news/2024/ai-and-peace-abp--paglia.html><

BISHOP TIGHE & AI & ADDITIONAL

=====

Also this is a link at the Dicastery for Culture and Education you might appreciate. Bishop Tighe I hope to have involved in AI standards[AI software/AI hardware/AI datasets] at the Vatican level. Catholic teaching AI datasets, U.S. Military Law AI datasets, U.S. Military Medicine AI datasets, and many supporting datasets[math, physics, philosophy, neuroscience, computer science, anthropology, much additional] I hope to see standardized and controlled by Roman Catholic priests at the Vatican. Additionally, U.S. Congress AI datasets, U.S. Elections AI datasets, DMV AI datasets, IRS AI datasets, and additional AI datasets also I hope are done well.

“How to justify God.”

First Mover Argument: The first way is by considering motion in the world. Where there is motion, there is a mover and ultimately a first mover, itself unmoved. This is God."

>> Rev. Claude,

>>

>>

>>

>> I called your office[310. 834.5215] today[1/23/2024 1pm approximately] and had the individual whom answered the phone write a message to you. He also made your schedule sound busy. I might be at your noon[><https://www.wilmingtoncatholic.org/liturgy-schedule><] eucharistic celebration this Friday[1/26/2024] or arrive close to that. Hopefully you are celebrating that? Also, I intend to at least write you a note that day in your office. I see Aux. Bishop Timothy just spoke at your Catholic Church. He has family that at one time attended SSJ[>www.ssj.org<] my life long home Church.

> BISHOP TIGHE & AI & ADDITIONAL
> =====

> Also this is a link at the Dicastery for Culture and Education you might appreciate. Bishop Tighe I hope to have involved in AI standards[AI software/AI hardware/AI datasets] at the Vatican level. Catholic teaching AI datasets, U.S. Military Law AI datasets, U.S. Military Medicine AI datasets, and many supporting datasets[math, physics, philosophy, neuroscience, computer science, anthropology, much additional] I hope to see standardized and controlled by Roman Catholic priests at the Vatican. Additionally, U.S. Congress AI datasets, U.S. Elections AI datasets, DMV AI datasets, IRS AI datasets, and additional AI datasets also I hope are done well.

(Give to appropriate staff)

Rev. Claude,

MESSAGE & VISIT TODAY

=====

I called your office[310. 834.5215] today[1/26/2024 10:05Am approximately]. Also, I asked your staff to write a message to you. Hopefully I'll see you today at the noon eucharistic celebration, or close to that. I additionally intend to walk-in-office and write you a message.

><https://www.wilmingtoncatholic.org><

God bless,
Scott

Scott Kilroy

CEO & President

NotAbortive Catholic Solutions (looking to incorporate): Biomedical technology & more
phone(temp): (714) 486 1282

office: Looking in Santa Ana, CA.
><http://www.notabortive.com>< (in construction)

"How to justify God."

First Mover Argument: The first way is by considering motion in the world. Where there is motion, there is a mover and ultimately a first mover, itself unmoved. This is God."

----"A Tour of the Summa"

NOTE: Please secure all our communications.

A.I. in control.....typically over insecure network channel.

(Give to appropriate staff)

Rev. Claude,

MESSAGE AT YOUR DESK TODAY
=====

I walked-in-office at your office today[1/26/2024 11:55am approximately]. Also, I wrote a message to you at the front desk. I believe both your Business Manager and Office Manager saw it. The message included: me saying hi, and a recommendation to ask Archbishop Gomez and Cardinal Mahony about (AI)artificial intelligence talking software[AI software/AI hardware/AI datasets], and about AI affecting your Church[priests/all clergy/Catholic education/Church staff/additional..... I should have also wrote Catholic information management broadly/gift shops/Catholic television/additional].

EUCCHARISTIC CELEBRATION TODAY

=====

I enjoyed the noon eucharistic celebration with Rev. Michael P., and I even talked to him after. I mentioned to him: that I knew you from St. John the Baptist[>www.sjboc.org<], Carl Karcher & Rev. Jerome Karcher(his niece I dated and almost married), my background & education, and commercialization to support Roman Catholic chaplains with AI.

POPE FRANCIS & AI PRACTICES

=====

Hopefully Pope Francis likes AI and soon assigns Roman Catholic priests to maintain standard datasets[AI software/AI hardware/AI datasets] at the Vatican. Roman Catholic priests controlling these AI standards is better Catholic Church security. Roman Catholic priests participating, and controlling a people infrastructure, to review datasets periodically is better Church security. Roman Catholic priests are needed!

AI & CATHOLIC GIFT SHOPS

=====

I bought some items at your Catholic gift shop. That is a nice resource to support your Catholic community. I recommend noticing that even AI talking devices will affect Roman Catholic gift shops. Example: inventory search, Papal recommendations on inventory, Vatican best practices, additional.

ASK VATICAN PONTIFICAL ACADEMY OF SCIENCES

=====

Also, I recommend asking the Vatican (PAS)Pontifical Academy of Sciences about a "medical sensor booth." "Nobody is born homosexual," is something that can be demonstrated with this. I'm told the future company NotAbortive Catholic Solutions will be allowed to build and sell a newer lower cost better medical sensor booth[Neuroscience based.....dopamine sensors to detect dopamine(sexual arousal) from the eyes, muscle positions, blood flow, additional neurotransmitters(epinephrine & much more) and additional]. I have noticed there is still society confusion on this topic, and the Roman Catholic Church is correct.

><https://www.wilmingtoncatholic.org><

God bless,
Scott

“How to justify God.”

First Mover Argument: The first way is by considering motion in the world. Where there is motion, there is a mover and ultimately a first mover, itself unmoved. This is God."

>>> BISHOP TIGHE & AI & ADDITIONAL
>>> =====

>>> Also this is a link at the Dicastery for Culture and Education you might appreciate. Bishop Tighe I hope to have involved in AI standards[AI software/AI hardware/AI datasets] at the Vatican level. Catholic teaching AI datasets, U.S. Military Law AI datasets, U.S. Military Medicine AI datasets, and many supporting datasets[math, physics, philosophy, neuroscience, computer science, anthropology, much additional] I hope to see standardized and controlled by Roman Catholic priests at the Vatican. Additionally, U.S. Congress AI datasets, U.S. Elections AI datasets, DMV AI datasets, IRS AI datasets, and additional AI datasets also I hope are done well.

> MESSAGE AT YOUR DESK TODAY

> =====

> I walked-in-office at your office today[1/26/2024 11:55am approximately]. Also, I wrote a message to you at the front desk. I believe both your Business Manager and Office Manager saw it. The message included: me saying hi, and a recommendation to ask Archbishop Gomez and Cardinal Mahony about (AI)artificial intelligence talking software[AI software/AI hardware/AI datasets], and about AI affecting your Church[priests/all clergy/Catholic education/Church staff/additional..... I should have also wrote Catholic information management broadly/gift shops/Catholic television/additional].

>

>

> EUCHARISTIC CELEBRATION TODAY

> =====

> I enjoyed the noon eucharistic celebration with Rev. Michael P., and I even talked to him after. I mentioned to him: that I knew you from St. John the Baptist[>www.sjboc.org<], Carl Karcher & Rev. Jerome Karcher(his niece I dated and almost married), my background & education, and commercialization to support Roman Catholic chaplains with AI.

>

>

> POPE FRANCIS & AI PRACTICES

> =====

> Hopefully Pope Francis likes AI and soon assigns Roman Catholic priests to maintain standard datasets[AI software/AI hardware/AI datasets] at the Vatican. Roman Catholic priests controlling these AI standards is better Catholic Church security. Roman Catholic priests participating, and controlling a people infrastructure, to review datasets periodically is better Church security. Roman Catholic priests are needed!

>

>

> AI & CATHOLIC GIFT SHOPS

> =====

> I bought some items at your Catholic gift shop. That is a nice resource to support your Catholic community. I recommend noticing that even AI talking devices will affect Roman Catholic gift shops. Example: inventory search, Papal recommendations on inventory, Vatican best practices, additional.

>

>

> ASK VATICAN PONTIFICAL ACADEMY OF SCIENCES

> =====

> Also, I recommend asking the Vatican (PAS)Pontifical Academy of Sciences about a "medical sensor booth." "Nobody is born homosexual," is something that can be demonstrated with this. I'm told the future company NotAbortive Catholic Solutions will be allowed to build and sell a newer lower cost better medical sensor booth[Neuroscience based.....dopamine sensors to detect dopamine(sexual arousal) from the eyes, muscle positions, blood flow, additional neurotransmitters(epinephrine & much more) and additional]. I have noticed there is still society confusion on this topic, and the Roman Catholic Church is correct.

A.I. in control.....typically over insecure network channel.

(Give to appropriate staff)

Rev. Claude,
All Saints Peter & Paul Catholic Church Priests,
All needed staff;

Like I mentioned previously, I recommend also asking the Vatican Pontifical Academy of Sciences about advanced physics "step across" transport systems in release. Your Church members will possibly have ethics questions eventually. Also, you likely will appreciate the indirect pro-life topic. I'm told even U.S. Military numbers get affected in a way this pushes pro-life. The Atheistic arguments to be pro-choice often include overpopulation of Earth. Rapid transport to the moon, Mars, interspace and beyond will help pro-life.

I'm told the area of Physics is Field Theory is in release. This information is rather limited previously by the world's militaries. However, it is supposedly in semi-limited amounts a public topic.

https://en.wikipedia.org/w/index.php?title=Classical_field_theory&oldid=1197940053

I'm told the step across transport is a laser based system. It visually look like creating portals to travel through to a destination, and visually compressing space between the traveler and the destination. I'm told changing the spin of particle groups at lower levels in physics by laser'ing a path can cause this.

A citizen could just step through a door-like-device across to Mars with travel luggage. This is supposedly one of the biggest secrets the previous 100+ years. Boeing might lease a version to the future company NotAbortive Catholic Solutions to enable public demonstrations semi-soon. I'm told the 2028 Olympics in Los Angeles[>www.la28.org<] is the approximately timeline in mind of public demonstrations. Hopefully you are interested in technology and pro-life. You might want to be involved supporting Roman Catholics in the U.S. Space Force and pro-life technology demonstrations eventually?

God bless,
Scott

Scott Kilroy
CEO & President

>>>

>>>

>>>

>>>

>>>

>>>

>>>

>>>

>>>

>>>

>>> Dr. Kissinger,

>>> All needed staff,

>>> All IOC staff needed;

>>>

>>>

>>>

>>>

>>>

>>>

>>>

>>>

>>> I recommend more securely confirm who I am and what I am doing. Please do this with walk-in-office paper copy delivery[bring non-digital paper copies of this e-mail] to: the House and Senate Intelligence Committee's[Chairman Rep. Schiff(Staff Members- Ann Peifer ann.peifer@mail.house.gov; Colleen Oinuma colleen.oinuma@mail.house.gov); Vice Chairman Sen. Rubio(Staff Member: Mike Needham mike_needham@rubio.senate.gov; casework@rubio.sente.go); Former Chairman Sen. Feinstein(Staff Member- Scheduling@feinstein.senate.gov; Peter Muller Peter_Muller@feinstein.senate.gov); Rep. Steel(info@michellesteelca.com; press@michellesteelca.com)].

>>>

>>>

>>> I don't know all your social network connections but I do have one semi-connection to President Nixon. Rev. Jerome Karcher[[>https://svdphb.org/parish-staff-2/<](https://svdphb.org/parish-staff-2/<)] is one of the sons of Carl Karcher the Founder of the fast food restaurant chain Carls Jr.[CKE Enterprises - <https://www.carlsjr.com>]. Carl was friends with U.S. President Nixon and they both had homes in San Clemente, CA.

>>>

>>>

>>> Various technology is being commercialized particularly supporting Roman Catholics in the U.S. Military. Roman Catholic Pope Francis will hopefully approve of these projects soon. One project

specifically, the U.S. Military would like to encourage is "air-float-stable" advanced physics safety equipment. The 2028 Olympics has been mentioned as a possible demonstration event to be paired with. There is likely to be a series of events through a few years.

>>>
>>>
>>>
>>>

>>> I read online in Wikipedia.org that: "In 2002, Kissinger became an honorary member of the (IOC) International Olympic Committee." Possibly you might like the potential of these ideas and are interested in being involved or brokering this effort? This event might include major aerospace companies, space tourism companies, all militaries of the world will be invited to participate, and even the newer U.S. Space Force. If the U.S. Military follows through it will be quite impressive even just with the technology demonstrating: planes "that don't crash and just hover in emergencies", tall structure safety equipment, space tourism safety escape technology, fire escape equipment, additional transportation safety equipment, and additional.

>>>
>>>
>>>
>>>
>>>
>>>

>>> ADDITIONAL NOTES:

>>> =====

>>>

>>> The Pope might possibly want to be at the 2028 event directly also?

>>>

>>> eVTOL's are within the newer (FAA)Federal Aviation Administration agenda of Urban Air Mobility and Advanced Air Mobility.

>>>

>>> https://www.faa.gov/uas/advanced_operations/urban_air_mobility

>>>

>>> <https://en.wikipedia.org/w/index.php?title=EVTOL&oldid=1125591014>

>>>

>>>

>>> I'm told we could buy or lease "air-float-stable" demonstration devices, if not build ourselves with the future company NotAbortive Catholic Solutions.

>>>

>>> Some of the newer space tourism companies might want to do recorded video presentations giving better security.

>>>

>>> Various companies like Boeing, Northrop Grumman, Raytheon, Honeywell, Lockheed Martin and additional might be willing to be involved?

>>>

>>>

>>>

>>>

>>> EMAIL SECURITY

>>> =====

>>> Please note I cc the House and Senate Intelligence Committee's on almost all of my communications. I will resend this e-mail soon with my larger security mark and larger government officials list. I'm told the U.S. Secret Service might be able to help with more secure paper copy delivery like I have previously requested via Sen. Feinstein's Los Angeles office.

>>>> I read online in Wikipedia.org that: "In 2002, Kissinger became an honorary member of the (IOC) International Olympic Committee." Possibly you might like the potential of these ideas and are interested in being involved or brokering this effort? This event might include major aerospace companies, space tourism companies, all militaries of the world will be invited to participate, and even the newer U.S. Space Force. If the U.S. Military follows through it will be quite impressive even just with the technology demonstrating: planes "that don't crash and just hover in emergencies", tall structure safety equipment, space tourism safety escape technology, fire escape equipment, additional transportation safety equipment, and additional.

"How to justify God."

First Mover Argument: The first way is by considering motion in the world. Where there is motion, there is a mover and ultimately a first mover, itself unmoved. This is God."

----"A Tour of the Summa"

>>>>

>>>> I read online in Wikipedia.org that: "In 2002, Kissinger became an honorary member of the (IOC) International Olympic Committee." Possibly you might like the potential of these ideas and are interested in being involved or brokering this effort? This event might include major aerospace companies, space tourism companies, all militaries of the world will be invited to participate, and even the newer U.S. Space Force. If the U.S. Military follows through it will be quite impressive even just with the technology demonstrating: planes "that don't crash and just hover in emergencies", tall structure safety equipment, space tourism safety escape technology, fire escape equipment, additional transportation safety equipment, and additional.

>>>>

>>>>

>>>>

>>>>

>>>>

>>>>

>>>> ADDITIONAL NOTES:

>>>> =====

>>>>

>>>> The Pope might possibly want to be at the 2028 event directly also?

>>>>

>>>> eVTOL's are within the newer (FAA)Federal Aviation Administration agenda of Urban Air Mobility and Advanced Air Mobility.

>>>>

>>>> https://www.faa.gov/uas/advanced_operations/urban_air_mobility

>>>>

>>>> <https://en.wikipedia.org/w/index.php?title=EVTOL&oldid=1125591014>

>>>>

>>>>

>>>> I'm told we could buy or lease "air-float-stable" demonstration devices, if not build ourselves with the future company NotAbortive Catholic Solutions.

>>>>

>>>> Some of the newer space tourism companies might want to do recorded video presentations giving better security.

>>>>

>>>> Various companies like Boeing, Northrop Grumman, Raytheon, Honeywell, Lockheed Martin and additional might be willing to be involved?

>>>>

>>>>

>>>>

>>>>

>>>> EMAIL SECURITY

>>>> =====

>>>> Please note I cc the House and Senate Intelligence Committee's on almost all of my communications. I will resend this e-mail soon with my larger security mark and larger government officials list. I'm told the U.S. Secret Service might be able to help with more secure paper copy delivery like I have previously requested via Sen. Feinstein's Los Angeles office.

(Give to appropriate staff)

>>>>>

>>>>>

>>>>> Dr. Kissinger,

>>>>> All needed staff,

>>>>> All IOC staff needed;

>>>>>

>>>>>

>>>>>

>>>>>

>>>>>

>>>>>

>>>>>

>>>>>

>>>>> I recommend more securely confirm who I am and what I am doing. Please do this with walk-in-office paper copy delivery[bring non-digital paper copies of this e-mail] to: the House and Senate Intelligence Committee's[Chairman Rep. Schiff(Staff Members- Ann Peifer ann.peifer@mail.house.gov; Colleen Oinuma colleen.oinuma@mail.house.gov); Vice Chairman Sen. Rubio(Staff Member: Mike Needham mike_needham@rubio.senate.gov; casework@rubio.sente.go); Former Chairman Sen. Feinstein[Staff Member- Scheduling@feinstein.senate.gov; Peter Muller Peter_Muller@feinstein.senate.gov]; Rep. Steel(info@michellesteelca.com; press@michellesteelca.com)].

>>>>>

>>>>>

>>>>> I don't know all your social network connections but I do have one semi-connection to President Nixon. Rev. Jerome Karcher[<https://svdphb.org/parish-staff-2/<>] is one of the sons of Carl Karcher the Founder of the fast food restaurant chain Carls Jr.[CKE Enterprises - <https://www.carlsjr.com>]. Carl was friends with U.S. President Nixon and they both had homes in San Clemente, CA.

>>>>>

>>>>>

>>>>> Various technology is being commercialized particularly supporting Roman Catholics in the U.S. Military. Roman Catholic Pope Francis will hopefully approve of these projects soon. One project specifically, the U.S. Military would like to encourage is "air-float-stable" advanced physics safety equipment. The 2028 Olympics has been mentioned as a possible demonstration event to be paired with. There is likely to be a series of events through a few years.

>>>>>

>>>>>

>>>>>

>>>>>

>>>>> I read online in Wikipedia.org that: "In 2002, Kissinger became an honorary member of the (IOC) International Olympic Committee." Possibly you might like the potential of these ideas and are interested in being involved or brokering this effort? This event might include major aerospace companies, space tourism companies, all militaries of the world will be invited to participate, and even the newer U.S. Space Force. If the U.S. Military follows through it will be quite impressive even just with the technology demonstrating: planes "that don't crash and just hover in emergencies", tall structure safety equipment, space tourism safety escape technology, fire escape equipment, additional transportation safety equipment, and additional.

>>>>>

>>>>>

>>>>>

>>>>>

>>>>>

 Rep. Schiff[Peifer],
 Rep. Issa[Veronica,M.H.],
 Rep. Obernolte[Lorissa],
 House and Senate Intelligence Committee members;

Please review this. I hope to attend this event in San Diego, CA.

(AI)ARTIFICIAL INTELLIGENCE IN LAW

=====

The U.S. Military's Judge Advocate General's corps & all law needs, all NATO level law needs, all UN Peacekeeping law needs, & all UN level law needs(International Court of Justice, Law of the Sea Convention, additional), all major Law types, all Law levels(including U.S. Federal, State, County, City, additional), Roman Catholic Law Schools, and additional I hope to see supported with newer AI talking devices from (the future company) NotAbortive Catholic Solutions. Possibly additional is appropriate also. Dean Cole might be a practicing Roman Catholic in full agreement with the Roman Catholic Church. Also, he might be interested in helping at the Vatican and/or with NotAbortive Catholic Solutions?

PERMISSION

=====

Intelligence technology has seemed sensitive about me being around large groups of lawyers and judges. Hopefully this is not a current issue? A big, paid, people infrastructure is likely better security supporting AI datasets with periodic review.

What: ND Club of San Diego- Law School Dean Marcus Cole
When: Visit on February 7

EVENT

=====

Wednesday, February 7, 5:30 pm, 655 W. Broadway, Suite 1600

The ND Law School Dean Marcus Cole is coming to San Diego on February 7! The ND Law School Board invites all ND alumni and friends to attend a Meet and Greet (655 W Broadway #1600, Free Validated Parking

<https://law.nd.edu/directory/g-marcus-cole/>

House and Senate Intelligence Committee members;

Please review this event I typically attend. The 21st Conference on Business & Ethics will have a keynote of a well known "narrator and host of the Bible in a Year and Catechism in a Year podcasts" Rev. Mike Schmitz. Hopefully the future company NotAbortive Catholic Solutions will be able to sponsor this event eventually. I will guess this possible starting in 2025 or 2026.

><https://orangecatholicfoundation.org/giving/2024-conference-on-business-ethics/><

What: Conference on Business & Ethics 2024 by the Orange Catholic Foundation

When: Wednesday, February 28, 2024
at 7:30am

Where: JW Marriott, Anaheim
1775 S. Clementine St.,
Anaheim 92802

><https://orangecatholicfoundation.org/our-foundation/board-of-directors/><

"KEYNOTE SPEAKER: FATHER MIKE SCHMITZ

Host of Ascension Presents, Nationally Renowned Public Speaker & Author

Father Michael Schmitz is the director of Youth and Young Adult Ministry for the Diocese of Duluth as well as the Chaplain for the Newman Center at the University of Minnesota-Duluth. After attending the Saint Paul Seminary and being ordained in 2003, Father Mike offers weekly homilies on iTunes and bulldogCatholic.org and has appeared in programs for youth and young adults through Ascension Press, as well as through regular short video messages on Ascension Presents. He is also the narrator and host of the Bible in a Year and Catechism in a Year podcasts through Ascension Press."

A.I. in control.....typically over insecure network channel.

(Give to appropriate staff)

Sen. Warner,

Sen. Rubio,

Rep. Turner[J.G., E.S.],

Rep. Himes[Snyder,J.T.],

Rep. Garcia[Will,Navarro,F.B.],

Rep. Steel[info,press,Arie,V.M.,N.N.,Stephanie,Kim],

Rep. Schiff[Peifer],

Rep. Issa[Veronica,M.H.],

Rep. Obernolte[Lorissa],

House and Senate Intelligence Committee members;

Intelligence technology of speech control had me mention various things at my life long home Roman Catholic Church[>www.ssj.org<] today. This includes my conversation with Mr. Martinez [<https://www.facebook.com/kenneth.martinez.7965>] whom was in the Air Force. Intelligence technology of speech control had me generally mention that the physics area of Field Theory is in release by the U.S. Military. This includes using this physics to do advanced housing support. The Earth, Moon, Mars housing and beyond could benefit. Making oxygen stick [on the field] to a human being , physical shielding from things like the elements including rain, and additional are possible low/no power. Using lasers to stretch existing fields is the basic component. NotAbortive Catholic Solutions will hopefully have broad contracts with the various U.S. Space Force units that would benefit from this technology, and also commercial efforts.

God bless,
Scott

>> Hi Nadia,

>>

>>

>> I again intend to join you at the CMA virtual prayer group. I have sent the CMA[info@cathmed.org] much e-mail through the years. I'm helping the U.S. Military, NATO, UN Peacekeeping and additional with much commercialization. I intend a future company NotAbortive Catholic Solutions if Pope Francis approves. I've been a CMA member several years now. I am a life long practicing Roman Catholic in full agreement with the Roman Catholic Church.

>>

>> Newer (AI)artificial intelligence talking devices will help the medical field. Also newer, better[including Neuroscience[neurotransmitters especially]; blood flow; muscle positions and additional], lower cost, and more secure medical sensor booths will also. SOCIAL ISSUE EXAMPLE: There are still people whom think they are born homosexual. Nobody is born homosexual and I'm told this could be demonstrated easily with a better medical sensor booth[dopamine emitted from human eyes during sexual arousal & body location flow and amount; epinephrine amounts and locations & any other thing that closes blood vessels[]; muscle positions; blood flow].

(Give to appropriate staff)

Rev. Kevin,

Rev. Jerome,

Rev. David,

All needed priests and staff;

(quickly typed...)

I hope everyone is doing well at St Vincent de Paul [www.svdphb.org] Catholic Church. Likely I will see at least one of you at the holy day eucharistic celebration at 6pm @ SVDPHB Church tonight. Pope Francis has been publicly mentioning newer (AI)artificial intelligence talking devices more recently. Again, please encourage Roman Catholic priests to get advanced degrees in supportive areas. Also, again note that the area of physics field theory is being much more marketed publicly. I'm told that pro-life will be pushed in U.S. Military numbers by improving advanced housing[under water/space/tall structure/inter-space additional] with this physics. Additionally I'm told, a newer, better[Neuroscience sensors and additional included(dopamine from the human eye with location & amount; epinephrine locations & amount; blood flow; muscle position) ...answers questions like "nobody is born homosexual" with a visual demonstration], lower cost medical sensor booth I hope to see improve the public's knowledge on social topics. I'm told these will be commercialized by the future company NotAbortive Catholic Solutions.

God bless,
Scott

Dear Promotional Partner,

I wanted to remind you that the [National Inventors Hall of Fame®](#) has announced its 2024 Class of Inductees — and appointee, **Andrea Goldsmith**, is being inducted for her invention of **Adaptive Beamforming for Multi-Antenna Wi-Fi**.

A link to today's **Multimedia News Release**, which includes materials that will be of use for your marketing efforts, is available by [clicking here](#).

Will you help us share the news of Goldsmith's induction into the Hall of Fame? Potential ways to share this great honor include mentions in e-newsletters, social media posts, blog posts, press materials, etc. It is our hope that together we can boost the overall visibility of our Inductees and the amazing contributions they have made to society.

If you have any questions regarding the material we have provided, or you would like additional information, please don't hesitate to contact me.

Thank you,

Ken Torisky

National Inventors Hall of Fame

Section 3: Wendy Paggiotta

Written: 1/23/2024

Dear Honorable Sullivan:

Dinner Chairs **Samuel F. Byers** and **Kristen L. Greenaway** invite you to attend the [National Maritime Awards Dinner](#) honoring esteemed leaders of our maritime heritage community at the **National Press Club** in **Washington D.C.** on **Thursday, 18 April 2024**. Our 2024 recipients are: **Major General Charles F. Bolden Jr., USMC (Ret.), Dr. William S. Dudley** and **Dawn Riley**. The gala is hosted by the National Maritime Historical Society (NMHS). To register, please visit [>https://seahistory.org/washington2024/<](https://seahistory.org/washington2024/) or contact me.

The National Maritime Historical Society is honored to present Major General Charles F. Bolden Jr., USMC (Ret.) with the 2024 NMHS Distinguished Service Award in acknowledgment of his remarkable career as a US Marine aviator, astronaut, and NASA Administrator. Bolden graduated from the U.S. Naval Academy in 1968. As an astronaut, he logged 680 hours on four Space Shuttle missions leaving a legacy in the field of space exploration and scientific advancement. His election to the National Academy of Engineering demonstrates the impact of his work on human spaceflight and space operations programs, as well as his contributions to revitalizing fundamental aeronautics research. We salute his leadership roles as the Deputy Commandant of Midshipmen at the US Naval Academy and as the Commanding General of Operation Desert Thunder in Kuwait.

The **National Maritime Awards Dinner** draws together distinguished leaders from across the country – Senators and Congressmen, boat builders and designers, maritime artists and authors, maritime industry executives, sea explorers and yachtsmen, military sea services leaders, and maritime educators. It will be a wonderful evening uniting all those who love the sea to honor those who serve it. We expect to fill tables quickly with those who wish to honor former US Marine aviator, astronaut and NASA Administrator Major General Charles F. Bolden Jr., USMC (Ret.); author, historian, scholar and former director of the Naval Historical Center in Washington, DC, Dr. William S. Dudley; and National Sailing Hall of Fame and International America's Cup Hall of Fame sailor, mentor, trainer and educator Dawn Riley. We hope you will join us for this lively evening as we celebrate our accomplished honorees.

Sincerely,

Wendy Paggiotta

Section 4: Alankrit Kharbanda

Written: 1/24/2024

I trust this message finds you in good health. My name is Alankrit Kharbanda, and I am reaching out to express my strong interest in becoming a part of the President's Council of Advisors on Science and Technology.

Having closely followed the Council's influential work and recognizing its pivotal role in shaping the technological landscape of our nation, I am eager to contribute my skills, expertise, and commitment to advancing science and technology policies.

Allow me to provide a brief overview of my background. I am currently serving as a Tech Lead in the Cloud division at Google, where I have amassed extensive experience in Cloud Computing. My contributions include significant advancements in Private Cloud object storage, Data Transfer, and Tracing in Distributed Systems, resulting in multiple patent filings and technical disclosures. Notably, I played a key role in developing Google Cloud's Private Cloud offering for military use, highlighting my dedication to technology solutions with broader societal impact.

In addition to my professional commitments, I am deeply involved in the tech community, contributing to major open-source projects such as rclone. My expertise in distributed systems led to presentations of my research at the Linux Foundation's Tracing Summit in 2023 and Atlassian India Tech Talks in 2024.

I am drawn to the President's Council of Advisors on Science and Technology due to its crucial role in influencing science and technology policies at the highest level. With a proven track record of driving organizational transitions and solving complex problems at renowned companies like Google, Amazon, and Media.net, I believe I can bring a valuable perspective to the Council's endeavors.

I am eager to discuss how my background aligns with the Council's mission and explore potential avenues for collaboration. I would be honored to contribute my skills and insights to the development of policies that advance science, technology, and innovation in our nation.

I kindly request an opportunity for a brief meeting or a call at your convenience to discuss this further. Thank you for considering my application, and I look forward to the possibility of contributing to the impactful initiatives of the President's Council of Advisors on Science and Technology.

Best regards,

Alankrit Kharbanda

Then on 1/25/2024 intentionally accident was done and the carry out for academic success or promotional or other reasons did the accident intentionally by pre engineering scene

The unknown driving the car with VIN : 1N4AL3AP9HC171614 is a 2017 NISSAN Altima

Other info attached in pdf of the deed carrier of the instance of accident performer.

Allstate 1/25/2024 the robotic company used insurance covered by Allstate to carry out act behalf of the robotic company company that made changes to car structure with easily bendable exterior by colliding into by their hardened exterior leaving damages intentionally by engineering scene and studying time table of picking children and seeing as opportunity to cause damage when where and how so current Nissan car be led into a facility where more changes can be made or other unknown reason.

NVIDIA: using graphical technology and other technologies for experimentation purposes.

Written: 2/1/2024

Then sir during gym time majority of time combined 65% of African descent and 45 % south American would do millimeter ray propagation attack and they would voluntarily as way to express their frustration or feelings that I didn't sided with and they would put pressure as sir the perpetrator was coward couldnt felt importance so decided to prey on me under pretext of intelligence purposes

Written: 2/12/2024

On multiple occasions inside home the biotechnologist would use auto pilot mode for recognizing when doing activity and do millimeter wave attack or ray propagation electromagnetic attack automatically so it can divert causes on strenuous activities through manipulative scientific research and through false science means divert on activity or different chore to recognize as a condition caused by activity through manipulation means. Such propagation attacks were done on occasion such as after carrying laundry, bag or other intentionally to divert on type activity.

Most recent occurrence were

2/12/2024

5:13 pm , after dropping off laundry at home .

Written: 2/18/2024

Sir these are my earnings and spending and it's my duty to give full accounting of my earning and spendings

And these are my earnings and spending

1. Oversee earnings 2019 by middle of 2019 I had \$170k of INR Currency equivalent to \$1700 in USD in dollars value investments made in India and by end of

2019 majority of them went to sports betting cricket in India leaving \$0 value, In permanent residency earning at residency of U.S \$45,453 in US Dollars and because of experimentation I was incapable of working and resorted to begging for time being in 2019 where the amount received through begging went to Humanoid Robotics Remotely operated and other sub contractor guised as drug dealer delivering Class A drugs.

2. By middle or somewhere 2020 through I had \$120k in INR currency in USD value equivalent to \$1200 earning overseas made through low investment \$27k INR value currencies in fractional share property through group investment friends in India and gained its value over time to \$120k INR currency valuation and by end of 2020 it's went back down after increase left to about same or equal to invested value \$27k INR value currency and used on sports betting and had a loss leaving to \$0 value in terms of INR Currency value and USD valuation. In permanent residency earning at residency of U.S \$4,771 in USD And because of experimentation couldn't work for time being and resorted to begging for time being in 2020 where the amount received through begging went to Humanoid Robotics Remotely operated and other sub contractor guised as drug dealer delivering Class A drugs.

3. By middle and end of 2021 I earned \$250k in INR Currency equivalent to \$2500 USD through referral and consulting in accounting group with helping with applications that money earned helping oversee customer here In US as I was receiving bonuses by helping overseas customers so I received my bonuses in oversee I used \$70k to buy Wife and family golds and gifts such as gold plated ornament and jewelry for bride their during visit in 2022 from leftover savings from 2021 . In the year 2021 \$28k INR currency value gambling there lost, and the remaining \$150k INR value currency combination went through consisting of \$105k sports cricket gambling overseas and lost and remaining \$45k INR values in other properties investments in fractional shares which decreased overtime and withdraw from investments and used the money in early 2022 for family trip in India 2022, In permanent residency earning at residency of U.S \$ unknown but lesser then \$15000 or figure around that number in USD and because of experimentations couldn't work and resorted to begging for time being in some part of 2021 where the amount received through begging went to Humanoid Robotics Remotely operated and other sub contractor guised as drug dealer delivering Class A drugs.

1. For year 2022 There was no oversee earning,saving or investment . In permanent residency earning at residency of U.S \$8k or around that figure USD unknown but lesser and because of experimentations couldn't work and resorted to begging for time being in some part of 2022 where the amount received through begging went to Humanoid Robotics Remotely operated and other sub contractor guised as drug dealer delivering Class A drugs. The tax paperwork done for year 2022 in was done 2023 was also done under

influence a team of group hired by unknown where they wanted to impact the investigation by involving fraudulent paperwork indirectly where later on in time they can misuse this situation to prevent being questioned where they were being investigated for \$60 million USD spending on operational cost on sub contractors earnings in various sectors on this whole experiment only for span of 5 and half year and possibly mismanagement in other areas also and in order to thwart that unknown tried to influence the process through marriage paperwork through hired ones through entrapment however before signing or agreeing anything I reported to OPR, Department of Justice, Secret Services through Email in more description, details and summary .

These year compared to year 2017 and before earnings dropped drastically from \$70k to \$80k USD to average of \$10k USD yearly when averaging 5 and half years mid 2018 to 2023

because of experimentation caused issue and the leftover they would steal through imposing spendings in various forms or by prohibiting proper lifestyle functioning from work wise to personal life and leading into situation other conditions described in the whole documentation. by stealing \$420k in USD potential earnings which could've been made but wasn't made because of being under their experimentation program in span of 5 and half years.

Then sir another obstacle I encounter is through gps relocation the stalker setup a way of studying timesheet of most likely visiting place for different means for most likely reason by studying lifestyle such as buying products for instance cigarettes and through antenna system which delivers live travel coordination and the nearby places participating in covert nano bot experiment infused product they would have before handy placed immediately on shelf where the dispenser would place immediately and when walked in they would put a charade as it was their normal means and during the previous 160 seconds timeframe before entering a physical property the 160 seconds combined of parking a car nearby at participating and walk in time at physical location combining of 160 seconds they would place immediately infused products at the shelf through antenna network would give system notification as the notification would be normal in command system to them but they would know how to misuse the information where during a instance most recently on 2/5/2024 on 104 -10 Atlantic ave were successful in handing out cigarette pack of parliament Phillip and Morris brand tampering with their trademarks to infuse it with magnetic nano bots or other unknown nano bot particles as I immediately recognized the nano bot as it gives very distinctive feelings aftermath contact to mucus membranes and it usually would cause thickening of saliva and sticky mucus and membranes and they would use biotechnology for stalking harassment as a form of black magic , witch craft means and the would do these activities with impunity or unnecessary it would also be hard to do inspections as these practices aren't done frequently but randomly on chosen targets

NEWS RELEASE

Global Young Academy welcomes 45 new members from 30 countries around the world!

The Global Young Academy (GYA) warmly welcomes the 45 early-and mid-career researchers who will become GYA members in May 2024 for a tenure of five years. The GYA's new member cohort includes representatives from 30 individual countries, covering all GYA general disciplines, and includes 25 females, 19 males, and 1 member who prefers not to identify.

The new members were selected by the GYA [Membership Selection Committee](#), under the leadership of [Alma Cristal Hernández Mondragón](#) (Center for Research and Advanced Studies of the National Polytechnic Institute, Mexico), [Velia Siciliano](#) (Italy), [Praveen Kumar](#) (Indian Association for the Cultivation of Science, India), [Siok Yee Chan](#) (Universiti Sains Malaysia), and Executive Committee member [Yensi Flores Bueso](#) (University College Cork, Ireland; University of Washington in Seattle, United States).

In May 2024, when the new cohort is inducted, the GYA's gender ratio will be 102 female/1 non-binary/2 no information given/89 male. Such gender balance is a development that the GYA has been moving towards for the last few years and is a reflection of the excellent female/non-binary applicants to the GYA.

Among other activities, the GYA acts as a facilitator and convenor for the growing global network of [National Young Academies](#) (NYAs). The GYA is therefore delighted to see that a number of new members are also members of – or in leadership positions in – their respective country's NYA.

Each of the new members' applications was evaluated through peer review in multiple rounds, and were scored, first and foremost, based on the excellence of their scientific research, as well as on their demonstrated societal engagement.

The new member cohort officially begins their five-year term during the GYA's Annual General Meeting and International Conference of Young Scientists, which this year will be held in Washington, D.C., United States from 6-10 May 2024. The conference programme, panel and speaker information can be found here: [Annual International Conference of Young Scientists](#).

Please join the GYA in extending a very warm welcome to the following new members:

Abdulsatar Sultan, Catholic University in Erbil, Iraq
Alexia Núñez-Parra, University of Chile
Anina Schwarzenbach, University of Bern, Switzerland
Anu Susan Sam, Kerala Agricultural University, India
Asmaa Abusamra, The University College of Applied Sciences, Palestine
Cesar de la Fuente, University of Pennsylvania, United States
Christian Isalomboto Nkanga, University of Kinshasa, Democratic Republic of the Congo
Erin Maloney, University of Ottawa, Canada
Fun Man Fung, National University of Singapore
Ganbaatar Khurelbaatar, Helmholtz Centre for Environmental Research, Germany
Gillian Mahumane, University of the Witwatersrand, South Africa
Hiba N. Rajeha, IÉSEG School of Management, France
Himangana Gupta, United Nations University, Japan
Hussain Wahedi, National University of Sciences & Technology, Pakistan
Hussam Khasawneh, Al Hussein Technical University, Jordan
Inayat Ullah, National University of Sciences & Technology, Pakistan
Jai Prakash, Aligarh Muslim University, India
João Borges, University of Aveiro, Portugal
Jingyuan Xu, Karlsruhe Institute of Technology, Germany
Kanti Pertiwi, Universitas Indonesia
Kapal Dev, Munster Technological University, Ireland
Lorena Michelle Coronado Vásquez, INDICASAT AIP, Panama
Ludmila Bogdan, University of Copenhagen, Denmark/Moldova
Luisa Maria Diele Viegas, Federal University of Bahia, Brazil
Maria Melina Florez-Cuadros, Peru
Miriam Cohen, Université de Montréal, Canada
Mohamed Mahmoud, Galala University, Egypt
Mohammad Abdel-Rahman, Princess Sumaya University for Technology, Jordan
Mujtaba Ali Isani, Quaid-e-Azam University, Germany
Natisha Dukhi, Human Sciences Research Council, South Africa
Nesrin Alrefaai, London School of Economics, United Kingdom
Noor Shaila Sarmin, Bangabandhu Sheikh Mujibur Rahman Agricultural University, Bangladesh
Oluwarotimi Williams Samuel, University of Derby, United Kingdom
Peter Gan Kim Soon, Ministry of Health Malaysia
Pooja Devi, Central Scientific Instruments Organisation, India

Reem Abou Assi, Al-Kitab University, Iraq
Rocio Alejandra Chavez-Santoscoy, Tecnológico de Monterrey, Mexico
Santosh Kumar Gupta, Bhabha Atomic Research Centre, India
Shaoshan Liu, Shenzhen Institute of Artificial Intelligence and Robotics for Society, People's
Republic of China/Hong Kong
Thao Thi Phuong Nguyen, Hanoi Medical University, Vietnam
Thashree Marimuthu, University of the Witwatersrand, South Africa
Tofik Ahmed Shifa, Ca'Foscari University of Venice, Italy
Veda Krishnan, ICAR-Indian Agricultural Research Institute, India
Yalinu Poya, University of the West of Scotland, United Kingdom
Wilson Alavia Medina, Universidad Alberto Hurtado, Chile

Best regards,

James (Jim) Curtiss

GYA Senior Communications Officer
