

TO THE CONGRESS OF THE UNITED STATES:

In accordance with section 1110 of the Full-Year Continuing Appropriations and Extensions Act, 2025 (H.R. 1968; the "Act") and the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA), I hereby designate as emergency requirements 16 appropriations (including the transfer and repurposing of funds) so designated by the Congress in the Act pursuant to section 251(b)(2)(A) of BBEDCA, as outlined in the enclosed list of accounts.

My designation does not include the remaining 11 appropriations -- totaling nearly \$3 billion -- that were improperly designated by the Congress as emergency in the Act that stem from the June 2023 side deal with the Democrats to evade the spending caps signed into law, and I do not concur that the added spending is truly for emergency needs.

The details of this action are set forth in the enclosed memorandum from the Director of the Office of Management and Budget.

MEMORANDUM FOR THE PRESIDENT

FROM: RUSSELL T. VOUGHT
ASSISTANT TO THE PRESIDENT AND
DIRECTOR OF THE OFFICE OF MANAGEMENT AND BUDGET

SUBJECT: DESIGNATION OF FUNDING AS AN EMERGENCY
REQUIREMENT

The Congress designated as an emergency requirement certain funding in division A of the Full-Year Continuing Appropriations and Extensions Act, 2025 (H.R. 1968; the "Act"). Section 1110 of division A of the Act provides that the availability of certain funding that is designated by the Congress as an emergency requirement pursuant to section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA) is contingent upon the President subsequently so designating such amounts and transmitting such designations to the Congress.

The Act provides a net total of \$12.4 billion in fiscal year (FY) 2025 emergency funding for a number of activities across the Departments of Agriculture, Commerce, Homeland Security, Housing and Urban Development, the Interior, Justice, and State, and for certain other international programs, as well as the Corps of Engineers, National Aeronautics and Space Administration, National Science Foundation, and the Office of the United States Trade Representative.

I recommend that you designate as emergency requirements 16 accounts so designated by the Congress in the Act pursuant to section 251(b)(2)(A) of BBEDCA, as outlined in the enclosed list, and not designate the remaining 11 accounts. None of the spending is truly for emergency needs. Upon transmittal of these designations to the Congress, the designated funds will be immediately available for obligation and expenditure. No further congressional action will be required.

The designation of these funds as emergency requirements allows for adjustments to the discretionary spending limits in FY 2025, as specified in section 251(b)(2)(A) of BBEDCA. These adjustments will be reflected when the Office of Management and

Budget submits its final sequestration report for FY 2025 in accordance with section 254(f) of BBEDCA.

I have reviewed this proposed action and am satisfied it is appropriate at this time. Therefore, I recommend that you make the requested funds available by signing the enclosed message to the Congress.
