STATEMENT OF ADMINISTRATION POLICY

H.R. 1526 – No Rogue Rulings Act of 2025

(Rep. Issa, R-CA, and 14 cosponsors)

The Administration supports passage of H.R. 1526, the No Rogue Rulings Act of 2025. This bill would impose important limits on nationwide injunctions, which activist Federal courts are weaponizing in an attempt to undermine President Trump's legitimate powers under Article II of the Constitution.

H.R. 1526 would generally prohibit district courts from issuing injunctions that extend to non-parties, except for representative actions brought pursuant to the Federal Rules of Civil Procedure. It would also require that when two or more States located in different circuits challenge an action of the Executive Branch, that challenge must be referred to a randomly assigned three-judge panel. In these limited circumstances, a three-judge panel may issue an otherwise prohibited injunction, which may be appealed. This bill is consistent with this Administration's commitment to preserving the separation of powers enshrined in our Constitution.

If this bill were presented to the President in its current form, his advisors would recommend that he sign it into law.
