<i>DOES</i>	<i>DOES NOT</i>
Deliver on President Trump's Peace through Strength agenda with critical investments that modernizes the military.	Tolerate adversary aggression through weakness.
Ensure America is prepared, protected, and powerful. With bold investments and strategic reforms. We are securing our future through strength—not appeasement.	Rely on outdated equipment for our war fighters.
Secure \$25B for the Golden Dome missile defense system to defend our homeland and deter adversaries.	Delay the Golden Dome any longer.
