

EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF MANAGEMENT AND BUDGET
WASHINGTON, D.C. 20503

December 10, 2025
(House)

STATEMENT OF ADMINISTRATION POLICY

H.R. 3898 – Promoting Efficient Review for Modern Infrastructure Today (PERMIT) Act (Rep. Collins, R-GA, and eight cosponsors)

The Administration strongly supports passage of H.R. 3898, the Promoting Efficient Review for Modern Infrastructure Today (PERMIT) Act, which would streamline Clean Water Act permitting processes and reduce bureaucratic delays for infrastructure projects. The bill makes targeted, common-sense permitting reforms that will provide regulatory clarity, while continuing to protect clean water.

The Administration strongly supports efforts to modernize infrastructure permitting and coordination, reduce duplication, and improve transparency. H.R. 3898 would reduce burdens on permit holders and seekers, so that our farmers, builders, and businesses can operate in a manner that protects water quality, allows for economic growth, and bolsters American innovation.

If H.R. 3898 were presented to the President in its current form, his senior advisors would recommend that he sign it into law.
