## **STATEMENT OF ADMINISTRATION POLICY**

### **Senate Amendment to H.R. 6644 – 21st Century ROAD to Housing Act**

(Sen. Scott, R-SC, and one cosponsor)

The Administration strongly supports passage of the 21st Century ROAD to Housing Act. This landmark, bipartisan legislation represents significant advances in federal housing policy to further the goals of expanding housing supply and affordability. By streamlining regulations, modernizing finance options, and promoting innovative construction methods, this bill will lower housing costs for families, seniors, and veterans across the country.

The Administration highlights the inclusion of presidential priorities to ban large institutional investors from competing with individuals in single-family home markets and to halt the development of a Central Bank Digital Currency that could be pose significant threats to personal privacy and liberty.

If the Senate Amendment to H.R. 6644 were presented to the President in its current form, his advisors would recommend that he sign it into law.
