The functions and objectives of OPM's major organizations are:

Office of Workplace Policy and Innovation.—Develops human resource (HR) policies for Executive Branch agencies and provides policy direction and leadership in designing, developing, and promulgating Government-wide HR systems and programs for recruitment, staffing, classification, pay, leave, training, performance management and recognition, employee development, and management of executive resources.

Merit System Accountability and Compliance.—Ensures Federal agency HR programs are effective, efficient, and meet merit system principles and related civil service requirements by working directly with other Federal agency Chief Human Capital Officers, Accountability Program Managers, HR managers and specialists. It improves agency programs that are not in compliance with Federal HR policies and regulation; and improves the effectiveness and efficiency of the agency programs to meet agency mission and objectives.

Retirement Services Program.—Administers the Civil Service Retirement System and the Federal Employees Retirement System, serving Federal retirees and survivors who receive monthly annuity payments. Retirement Services Program will continue to focus on making initial eligibility determinations, adjudicating new retirements, initiating survivor benefit payments, and calculating post retirement changes due to disability and death.

Healthcare & Insurance.—Administers the Federal Employees Health Benefits Program, the Postal Service Health Benefits Program, the Federal Employees' Group Life Insurance Program, the Federal Flexible Spending Account Program, the Federal Long Term Care Insurance Program, and the Federal Employee Dental and Vision Insurance Program. These programs provide a complete suite of insurance benefits for more than eight million Federal employees, retirees, and their families.

This appropriation funds the U.S. Office of Personnel Management (OPM) Office of Inspector General's (OIG) efforts to protect the integrity of OPM's programs and operations. The OPM OIG's audits, investigations, and administrative sanctions programs serve to prevent and detect fraud, waste, abuse, and mismanagement.

The OPM OIG's Office of Audits conducts audits of OPM programs and operations. The Office of Audits issued 21 audit reports in 2024, with questioned costs totaling over \$99 million and funds recovered during 2025 of over \$51 million.

The majority of the Office of Audits' work involves the Federal Employees Health Benefits Program (FEHBP), auditing the health insurance carriers that contract with OPM as well as the pharmacy benefit managers these carriers use to administer the pharmacy benefit. The OPM OIG also conducts information systems audits and cybersecurity assessments of OPM information systems as well as OPM contractor systems, such as those of FEHBP insurance carriers. The OPM OIG's continued oversight of these efforts is essential to the IT security posture of OPM, its systems, and the highly sensitive data contained in these systems.

In addition, the Office of Audits focuses on other key OPM benefits programs, including the Postal Services Health Benefits Program, the Federal Retirement Program, the Federal Employees Group Life Insurance Program, the Federal Employee Dental and Vision Insurance Program, the Federal Long Term Care Insurance Program, and the Federal Flexible Spending Accounts.

The Payment to the Civil Service Retirement and Disability Fund consists of an appropriation and a permanent indefinite authorization to pay the Government's share of retirement costs. The payment is made directly from the general fund of the U.S. Treasury into the Civil Service Retirement and Disability Fund and is in addition to appropriated funds that will be contributed from agency budgets.

Current Appropriation Payment of Government Share of Retirement Costs.—The Civil Service Retirement Amendments of 1969 provides for an annual appropriation to amortize, over a 30-year period, all increases in Civil Service Retirement System costs resulting from acts of the Congress granting new or liberalized benefits, extensions of coverage, or pay raises, exclusive of the effects of cost-of-living adjustments. The Office of Personnel Management notifies the Secretary of the Treasury each year of such sums as may be necessary to carry out these provisions.

Permanent Indefinite Authorization.—Transfers for interest on static unfunded liability and payment of military service annuities. The Civil Service Retirement Amendments of 1969 also provides permanent, indefinite authorization for the Secretary of the Treasury to transfer, on an annual basis, an amount equal to five percent interest on the Civil Service Retirement and Disability Fund's current statutory unfunded liability, calculated based on static economic assumptions, and annuity disbursements attributable to credit for military service.

Payments for Spouse Equity.—The permanent, indefinite authorization also includes a payment which provides for the Secretary of the Treasury to transfer an amount equal to the annuities granted to eligible former

spouses of annuitants who died between September 1978 and May 1985 who did not elect survivor coverage.

Financing.—The unfunded liability of new and increased annuity benefits becoming effective on or after October 20, 1969, and annuities under special Acts to be credited to the Civil Service Retirement and Disability Fund, may be paid out of the Civil Service Retirement and Disability Fund.

This account contains reserve resources required under the Office of Personnel Management's (OPM) contract with the administrator of the Flexible Benefits program. This account is funded by payments from Federal agencies based on the participation of their employees in the program and from net forfeitures, as authorized by the National Defense Authorization Act for Fiscal Year 2004 (P.L. 108-136). Account assets are available to indemnify the administrator when benefit payments exceed contributions, for program enhancements, and for OPM's administration of the program. The reserve account may also be used to mitigate Federal

agencies' contractual costs for the program when the account balance exceeds that deemed necessary to defray reasonable risk.

Budget Program.—Pursuant to 5 U.S.C. 1304(e)(1), OPM is authorized to use Revolving Funds without fiscal year limitations to conduct background investigations, training, and other personnel management services that OPM is authorized or required to perform on a reimbursable basis. Revolving Funds are intended to finance cyclical, business-like operations. The activity financed by a revolving fund collects receipts from Federal agencies and use those receipts to finance the fund's ongoing operations. Under this guidance, OPM operates several programs, which are funded by fees or reimbursement payments collected from other agencies and other payments. The following programs are authorized to use Revolving Funds: Suitability Executive Agent (SuitEA) - which leads OPM's execu-

tion, administration, and enforcement of suitability standards and investigations; Human Resources Solutions (HRS) - provides a suite of human capital services for the Federal Government, including talent acquisition, talent management, and product and data management, with USAJOBS serving as a cornerstone for Federal recruitment; and Human Resources Solutions Information Technology Program Management Office (HRSIT-PMO) - offers information technology services government wide in the Healthcare and Insurance, Retirement Services, Workforce Policy and Innovation, and Merit System Accountability and Compliance fields.

The Office of Personnel Management is streamlining its operations including products and services offered to Federal customers and financed via the Revolving Fund. During FY 2025, the Enterprise Human Resources Integration (EHRI) program and the HR LoB (HRLoB) program functions were absorbed within HRS. In addition, HRS has been tasked to lead the Federal HR 2.0 initiative, which includes implementing the key component - Core Human Capital Management. Federal HR 2.0 is OPM's enterprise transformation of government-wide human capital systems and services. It includes two integrated lines of business: (1) modernization of core HR systems and data infrastructure, including unified platforms for hiring, classification, performance, and workforce analytics; and (2) streamlining the delivery of services for agencies. HR 2.0 reduces duplication, increases consistency, strengthens accountability, and provides agencies with a modern, interoperable HR ecosystem supported by high-quality service delivery. FY 2027 accelerates both lines of business as OPM positions itself as the Federal Government's enterprise human capital authority.

Executive Orders issued during 2025 eliminated the Federal Executive Boards and closed the Federal Executive Institute. The Credit Monitoring and Identity Protection Services (CM&IPS) program will cease providing complimentary identity protection coverage on September 30, 2026 when its statutory mandate expires.

Operating Results.—In 2025, OPM's Revolving Fund businesses revenue total was \$500 million and the expenses total was \$496 million which produced a net gain on operations of \$4 million. The cumulative net position of the fund is \$254 million.

The OPM IG Act (the Act) (P.L. 113-80).—The Act extends permitted uses of the Revolving Fund to include financing the cost of audits, investigations, and oversight activities of OPM's Office of the Inspector General. The Act limits the amount of revolving fund resources available to the Office of the Inspector General each year to 0.33 percent of the total budgetary authority estimated for the fund in the year.

The Civil Service Retirement and Disability Fund (CSRDF) is the oldest and largest of the four trust funds administered by the Office of Personnel Management. The fund is financed and structured very differently from the other three trust funds. It is characterized by permanent indefinite budget authority. Budget authority is the authority to incur obligations and pay expenses which become available to an agency during any fiscal year. Once approved, permanent budget authority is permanently available for all future years. Indefinite budget authority is used when the precise amount of budget authority required cannot be forecast in advance and must be determined at some future point in time (e.g., when actual receipts and expenses become known).

The CSRDF finances two Federal civilian retirement systems: the Civil Service Retirement System (CSRS) established on May 22, 1920, and the Federal Employees Retirement System (FERS) established on June 6, 1986. The Retirement Fund is a single plan even though there are two different benefit tiers and funding methods. CSRS is largely a defined benefit plan, covering Federal employees hired prior to 1984. Some CSRS employees (CSRS-Offset) participate in the Social Security system. FERS is a three-tiered pension program that uses Social Security as a base, provides an additional basic benefit, and includes the Thrift Savings Plan (TSP). FERS covers employees hired after 1983 and formerly CSRS-covered employees who elected to join FERS.

The Budget proposes that the United States Patent and Trademark Office (PTO) continue to fund the full retirement benefits cost for PTO's employees covered under CSRS.

Financing.—CSRS has been financed under a statutory funding method passed by the Congress in 1969. This funding method is based on the static economic assumptions of no future inflation, no future General Schedule salary increases, and a 5.0 percent interest rate. Under CSRS, regular employees contribute 7.0 percent of pay. Law enforcement officers, firefighters,

CIVIL SERVICE RETIREMENT AND DISABILITY FUND—Continued

and congressional employees contribute an extra 0.5 percent of pay, and members of the Congress an extra 1.0 percent of pay. Non-United States Postal Service (USPS) agencies match the employee contributions. Also under the static funding method for CSRS, the Treasury pays interest on any static unfunded liabilities that are not being financed by USPS. The Treasury also makes payments to amortize, over a 30-year period, any increases in the static unfunded liability due to salary increases for non-USPS (non-Postal) employees that occurred during the year, and pays for the cost of any benefits attributable to military service for both Postal and non-Postal employees that were paid out during the year.

FERS is funded under a dynamic entry age normal funding method as prescribed in Chapter 84 of Title 5, United States Code. Employees and agencies together contribute the full amount of the dynamic normal cost rate. The normal cost rate is for the defined benefit plan only, and does not include the cost of Social Security or the TSP. FERS regular employees contribute a percentage of salary of 0.8 percent that, combined with the 6.2 percent tax rate under the Old-Age, Survivors and Disability Insurance portion of Social Security, is equal to the contribution rate for CSRS employees of 7.0 percent. Greater employee contribution rates apply for FERS-RAE and FERS-FRAE employees.

The dynamic normal cost rates for FERS are as follows: For regular FERS non-Postal employees (other than RAE and FRAE), the normal cost rate is 18.7 percent of pay (employee's share, 0.8 percent, and employer's share, 17.9 percent). Regular FERS Postal employees is 16.6 percent of pay (employee's share, 0.8 percent, and employer's share, 15.8 percent). For FERS RAE non-Postal employees, the normal cost rate is 19.0 percent of pay (employee's share, 3.1 percent, and employer's share, 15.9 percent). FERS RAE Postal employees is 16.9 percent of pay (employee's share, 3.1 percent, and employer's share, 13.8 percent). For FERS FRAE non-Postal employees, the normal cost rate is 19.3 percent of pay (employee's share, 4.4 percent, employer's share, 15.9 percent, and less excess of 1.0 percent to be credited to the assets of the CSRDF). FERS FRAE Postal employees is 17.2 percent of pay (employee's share, 4.4 percent, and employer's share, 12.8 percent). OPM does not anticipate changes to the dynamic normal cost rate in FY 2026. Under the Postal Accountability and Enhancement Act (P.L. 109435), USPS must make annual amortization payments beginning in 2017 to reduce any unfunded liability (UFL) for its obligations under CSRS. These payments, along with similar amortization payments for UFL in FERS are paid to CSRDF.

This fund finances payments to a private insurance company which administers the processing and paying of claims and expenses for the Federal Employees' Group Life Insurance Program.

The Administration proposes that the United States Patent and Trademark Office (PTO) will continue to fund the accruing costs associated with post-retirement life insurance benefits for PTO's employees.

Budget program.—The status of the Basic and optional life insurance program on September 30 is as follows:

	2025 actual	2026 est.	2027 est.
Life insurance in force (in billions of dollars):			
On active employees	1,021.6	1,031.8	1,042.1

This display combines the Employees Health Benefit (EHB) fund and the Retired Employees Health Benefits (REHB) fund. The EHB fund provides for the cost of health benefits for: 1) active employees; 2) employees who retired after June 1960, or their survivors; 3) annuitants transferred from the REHB fund as authorized by Public Law 93–246; and 4) tribal organizations. Starting in January 2025, the fund also provides for the cost of health benefits within the Postal Service Health Benefits Program (PSHBP), established by the Postal Service Reform Act of 2022 for employees and annuitants of the United States Postal Service.

The REHB fund, created by the Retired Federal Employees Health Benefits Act of 1960, provides for: 1) the cost of health benefits for retired employees and survivors who were enrolled in a Government-sponsored uniform health benefits plan; 2) the contribution to retired employees and survivors who retain or purchase private health insurance; and 3) expenses of OPM in administering the program.

Budget program.—The balance of the EHB fund is available for payments without fiscal year limitation. Numbers of participants at the end of each fiscal year are as follows:

	2025 actual	2026 est.	2027 est.
Active employees	2,261,000	2,261,000	2,261,000
USPS active employees (non-add)	423,000	423,000	423,000
Annuityants	1,909,000	1,909,000	1,909,000
Tribal Organizations	42,000	42,000	42,000
Total	4,212,000	4,212,000	4,212,000

In determining a biweekly subscription rate to cover program costs, one percent is added for administrative expenses and three percent is added for a contingency reserve held by OPM for each carrier. OPM is authorized to transfer unused administrative reserve funds to the contingency reserve. The REHB fund is available without fiscal year limitation. The amounts contributed by the Government are paid into the fund from annual appropriations. The number of participants at the end of each fiscal year are as follows:

	2025 actual	2026 est.	2027 est.
Uniform plan	8	7	6
Private plans	14	12	10
Total	22	19	16

Financing.—The funds are financed by: 1) withholdings from active employees and annuitants; 2) agency contributions for active employees; 3) Government contributions for annuitants appropriated to OPM; and 4) contributions made by the United States Postal Service in accordance with the provisions of Public Law 101–508.

Funds made available to carriers but not used to pay claims in the current period are carried forward as special reserves for use in subsequent periods. OPM maintains a contingency reserve, funded by employee and Govern-

ment contributions, which may be used to defray future cost increases or provide increased benefits. OPM makes payments to carriers from this reserve whenever carrier-held reserves fall below levels prescribed by OPM regulations or when carriers can demonstrate good cause such as unexpected claims experience or variations from expected community rates.

The Budget proposes that the United States Patent and Trademark Office continue to fund the accruing costs associated with post-retirement health benefits for its employees.
