

Fostering the Future Together: A Global Coalition for Our Children

Fostering the Future Together is a historic global Coalition of First Spouses and equivalent leaders committed to helping children learn, grow, and thrive through the safe and innovative use of advanced technology—including artificial intelligence (AI).

Mission: To ensure that every child can flourish in the digital era.

Purpose: The purpose of Fostering the Future Together is:

- To prioritize the development and education of our children;
- To unify efforts encompassing children, technology, and education;
- To collaborate with the private sector and other partners to provide access to innovative technology, including AI; and
- To exchange ideas and solutions surrounding the advantages and risks of AI.

Coalition Member Commitments: Coalition Members make public commitments to work in their respective nations across one or more of these four key workstreams:

1. **AI in Education** to promote innovation and safe adoption of AI to improve educational outcomes and personalize learning;
2. **EdTech Tools** to engage private sector partners to implement innovative technologies that create learning and development opportunities for children;
3. **Safety and Protection Online** to protect the safety and privacy of children and youth in the digital age; and
4. **Digital Literacy and Skills** to equip educators, parents, and the next generation with skills to succeed in the digital workforce.

Members coordinate participation with the Office of First Lady Melania Trump and may utilize Fostering the Future Together branding in their official communications.

Global Coalition Summit & Next Steps

In March 2026, the Fostering the Future Together Global Coalition Summit convened First Spouses from 45 countries at the White House. This historic gathering brought together public- and private-sector leaders to share strategies, engage with innovative technologies, and forge partnerships that expand access to digital learning tools. The Coalition will continue to grow and deepen its impact through signature events, regional convenings, and strategic partnerships and programs that advance educational innovation and child protection online.
