# INTRODUCTION: WHITE HOUSE FOUNDERS MUSEUM

Hanging physically at the White House, our exhibit is a powerful tribute to the founding of the greatest nation in history. You'll encounter striking portraits of Declaration signers, revolutionary women, and defining moments that gave birth to the United States. Each painting features an immersive video experience—just scan the QR code on the biographical card to dive in. The videos in this exhibit are proudly presented by PragerU.

Now, YOU have the unique opportunity to host your own identical exhibit! The rest of this guide will help explain how to order, set up, and display the materials you'll need. To find out more information, visit [prageru.com/foundersmuseumkit](https://prageru.com/foundersmuseumkit) today.
